MEMORANDUM

Office of the Provost and Vice-Principal (Academic)

To: Georgina Moore, Secretary of Senate

From: Susan P.C. Cole, Deputy Provost

Date: January 10, 2012

Subject: Schedule of Cyclical Program Reviews - QUQAPs

For the information of Senate, please find attached an updated Cyclical Program Review (CPR) schedule through to 2017-18. Under the new Quality Assurance processes, CPRs are based on an 8 year cycle and will focus on the quality of academic programs offered by the Academic Units. Other unique features include the option of graduate and undergraduate programs in an Academic Unit being reviewed concurrently, and the scheduling of CPRs to coincide with external accreditations if possible and desirable.

To help familiarize the Queen's Community with the new QUQAPs CPRs, a chart outlining the key differences between the CPRs *versus* the former Graduate OCGS Periodic Reviews and the former Undergraduate Internal Academic Reviews is provided below.

More information about the new Quality Assurance processes can be found on the Provost's website at: http://www.queensu.ca/provost/responsibilities/qualityassurance.html

Susan P.C. Cole, PhD, FRSC
Deputy Provost

Professor, Pathology & Molecular Medicine and
    Biomedical & Molecular Sciences
Bracken Chair in Genetics & Molecular Medicine
Canada Research Chair in Cancer Biology

Cyclical Program Reviews *versus* OCGS Periodic Reviews and Internal Academic Reviews	
Component	**Differences**
Cycle	8 years (formerly 7 years)
Review Team	Comprised of reviewers external to the University +1 additional reviewer that can be internal to the University but external to the Unit
Breadth	Opportunity to combine graduate program review with undergraduate programs offered in the same Academic Unit. Can also schedule Review in conjunction with external accreditation (as feasible and/or desired)
Program Structure and Requirements	Requirement to map learning outcomes and curriculum onto Degree Level Expectations (DLEs)
Program Content	Requires explanation on how Program educates students about Academic Integrity
Final Assessment Report	Provost's final report and recommendations submitted to the Program Head(s), the Senate, and the Quality Council
Implementation Plan	Distributed to Program Head(s), Senate and Quality Council for information; The Provost, in conjunction with the Vice-Provost and Dean of SGS, as applicable, and the Faculty Deans, will be responsible for monitoring the implementation of the recommendations.
