Dear Georgina,

As requested by Dr. Kim Woodhouse in her letter of March 11, 2009, the Senate Advisory Research Committee reviewed and approves the request to change the status of the Centre for Advanced Materials and Manufacturing (CAMM) from a provisional Centre to a research group.

As a result of the Centre reverting to group status, we have recommended that the word "Centre" be removed from the title. My office will contact you once we have been advised of the new name of this group.

Should you have any questions or concerns, please do not hesitate to contact me.

R. Kerry Rowe
Vice-Principal (Research)
