Dr. Victoria Friesen  
Department of Biology  
Queen's University  
Kingston, ON K7L 3N6

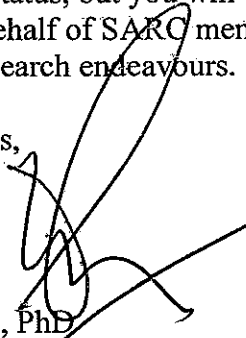

Dear Dr. Friesen:

**Re: Conservation Genetics Group – Closure**

Thank you for your e-mail to the Senate Advisory Research Committee (SARC) dated May 18, 2012, indicating that the Conservation Genetics Group has chosen to disband. The Secretariat will remove the group from its website.

My understanding is that the current activities of the group are not sufficient to merit continued formal group status, but you will continue to engage in both individual and collaborative projects. On behalf of SARC members, I would like to wish you and your colleagues success in your future research endeavours.

Sincerely yours,

Steven N. Liss, PhD  
Vice-Principal (Research) and  
Chair, Senate Advisory Research Committee

c. Ms. Georgina Moore, Secretary of the University, University Secretariat
