Dear members of the Queen's Community,

As a fellow alumnus, it is a pleasure to welcome you to Queen's Homecoming Weekend. We are thrilled to have alumni travelling back from as far away as New Zealand and Japan, and over 400 members of Queen's honoured Tricolour Guard celebrating a reunion of 50 years or more visiting campus.

I hope you will enjoy everything we have planned for you including faculty, school, and departmental open-houses where you’ll have an opportunity to hear about world-renowned research endeavours, and experience the many changes on campus thanks to the incredible support from alumni. A variety of scheduled Athletics events include the Gaels football team facing York at the revitalized Richardson Stadium. As one of the weekend highlights, I encourage you to join the Queen's Bands as they parade out to the Stadium and help cheer the team to victory!

Be sure to take time to meet and engage with current students, whether at student-hosted faculty society events, the Queen's Student Alumni Association Spirit Corner at Grant Hall, or the ReUnion Street Festival in the heart of campus on Saturday night. Read on in the following pages for full details of the exciting tricolour line-up ready to welcome you and re-charge your Queen's spirit.

I would be remiss if I didn’t also take this opportunity to stress how important it is that we all work together to ensure that Homecoming 2017 is a safe and respectful event. With that in mind, I want to thank everyone who has been involved in planning and executing this year’s celebration, including alumni, volunteers, faculty, students, and staff.

Whether this is your Reunion Zero with the class of 2017, your 5th as it is for my son Sam, one of the members of Arts'41, Sc'47, or Arts'47 (all in attendance!), or any year in-between — welcome home.

Sincerely,

Daniel R. Woolf, Artsci’80

WELCOME HOME!

On behalf of your Queen's University Alumni Association (QUAA), I am honoured to welcome all alumni and their guests who have arrived on campus to celebrate Homecoming 2017. Many of you have travelled a long distance to rekindle friendships, memories, and connections, and I hope that your weekend at Queen's, and in the City of Kingston, feels as much like coming home for you as it does for those of us who live here year round.

The renowned “Queen's Spirit” is on vibrant display this weekend as alumni connect with current students, reminisce with our Faculties, Schools, and past professors, engage in the Kingston community, and of course, connect with fellow alumni.

I am honoured to serve as the 55th volunteer President of the Alumni Association and look forward to connecting with you at many of the events planned this weekend. I will be on and around campus all weekend, including Grant Hall during the Meet & Greet as well the Reunion Planners reception, the football game and of course the Tricolour Guard Reception & Dinner and the ReUnion Street Festival. Please say hello.

An important aspect of Homecoming is celebrating the remarkable contributions that our Queen's alumni make year-round, all across the globe. Take the time this weekend to consider how your contributions, and those of your classmates, have impacted the life and health of this university and communities beyond Queen's – and how they will continue to do so in the future.

I encourage you to contact me if you’re interested in learning more about the Queen's University Alumni Association and its mission “to reach out and foster a lifelong association with Queen's, to engage our members in the life and work of the University, and to serve the alumni community in all its diversity.” There are many different ways that you can get involved – visit our website, follow us on social media or drop me a line by email. I would love to hear from you.

Cha Gheill!!

DEAR QUEEN’S ALUMNI,

On behalf of the Queen’s Student Alumni Association (QSAA), it is with great pleasure that I welcome you back home for Homecoming 2017!

My name is Max Garcia and I am going into my 5th Year of Cognitive Science inside of the School of Computing. I was born and raised in Monterrey, Mexico and I first learned about Queen’s through alumni who were teaching in my school. Today, I’m proud that I can call Queen’s my home away from home.

QSAA prepares students for their best chance for success as Queen’s alumni through professional development workshops and by promoting student-alumni interactions in our alumni speaker events. Thanks to a team of 35 dedicated student-volunteers, QSAA is able to deliver programming for all of Queen’s students regardless of academic background or year of study.

Homecoming is the perfect time to connect students to their future as alumni. It also gives alumni the opportunity to connect with students and to hear and learn about their university experience. The alumni network shows that a Gael’s Tricolour spirit does not fade away when one graduates from Queen’s. It’s a sentiment that stays with you anywhere that your life after Queen’s takes you.

I hope that this weekend you can find the time to chat with us students about your Queen’s experience. Inspire and motivate us by sharing your wisdom about the things you learned at Queen’s and after graduating.

Welcome home and enjoy the weekend!

Cha Gheill,

Max Garcia
QSAA President
Dear Queen’s alumni, family and friends,

As a proud Queen’s graduate myself, I am very pleased to welcome you back to Kingston for Homecoming 2017. I hope you take time this weekend to revisit the memories and landmarks that shaped your university years.

During your visit I invite you to take time to rediscover Kingston: our beautiful waterfront, museums, galleries, historic sites, and the exciting Kingston Penitentiary Tours.

Enjoy the weekend making new memories and remember it doesn’t need to be Homecoming weekend for you to come home to Kingston! Come back and visit us soon for one of our great festivals, such as the Limestone City Blues Fest, the Buskers Rendezvous, FebFest, Kingston WritersFest, the Sheep Dog Trials or Lumina Borealis.

Wishing you a memorable reunion weekend!

Sincerely,

Bryan Paterson
