Queen’s National Scholar Program (QNS)
The 2014-2015 QNS competition will function in much the same way as it did last year. For the first stage of the competition, the QNS Advisory Committee will be evaluating each EOI based on its alignment with the priorities of the Faculty and/or School from where the submission emanates, as well as its alignment with the University’s Academic Plan, Strategic Research Plan and Proposed Mandate Statement, which is appended to our Strategic Mandate Agreement. Please note that EOI’s in this round should align especially with the Proposed Mandate Statement. There is no limit on the number of EOI’s that the Dean of a Faculty or School may choose to endorse.

The following timeline has been established for the 2014-2015 academic year:

October 17, 2014       Completed Expressions of Interest due to the relevant Dean’s office
November 3, 2014     Recommendations due from the Deans to the Provost’s Office
December 2014         Advertisements posted
April 2, 2015             Completed full proposals due to the Provost’s Office

Additional information regarding the QNS program is available on the website of the Office of the Provost
