**MEETINGS**

7. **Attendance Required**
Every department in the Faculty shall be represented at all regular and special meetings. The Head of a department is responsible for ensuring that the department is represented. A small department may, if necessary, be represented by a member of another department by arrangement. The Chair and Secretary of the Faculty Board may not be regarded as representing the department(s) of which they are members.

8. **Quorum**
Thirty members shall constitute a quorum of the Faculty.

9. **Visitors**
Visitors may be invited to meetings of the Faculty Board at the discretion of the Chair.

10. **Items of Business**
A) Items for the agenda shall be requested by the Secretary and shall be submitted not less than ten days before the regular Faculty Board meeting.

B) Curriculum items involving substantial changes in, and introduction of or deletion of, a concentration or program shall be presented as motions by a representative of the department or departments concerned. Such motions shall be referred to the Curriculum Committee for examination. Should these proposals require a net increase, or result from a net decrease, in the teaching resources of the department, the Curriculum Committee shall consult the Committee of Departments before making a recommendation on the proposal to the Faculty Board which shall make the final decision.

C) Curriculum items not involving new concentrations or programs shall be directed to the Secretary of the Faculty Board who shall refer them to the Curriculum Committee.
The Curriculum Committee shall report to the Faculty Board the disposition of the proposals, within its terms of reference, in time for publication in the Calendar of the Faculty of Arts and Science.

11. **Order of Business**
   A) At each regular meeting, the business shall be presented in the following order:
      - Adoption of Agenda
      - Adoption of Minutes

      - New Motions
      - New Business
   
   B) At each special meeting, the business shall be confined to the agenda.

12. **Question Period**
   At each regular meeting, there shall be a question period which shall not exceed fifteen minutes. Questions shall be of such a character as to elicit information about the operations of the Faculty on matters of sufficient importance to claim the attention of the Faculty Board.

13. **Points of Order**
   A) The Chair may speak on points of order in preference to other members, and shall decide on all questions of order, subject to appeal to the Faculty on motions regularly seconded.

   B) When called upon to decide on a point of order or practice, the Chair shall, if requested by any member of the Faculty Board, state the rule applicable to the case; and where the rules governing the procedure of the Faculty do not cover the point of order or procedure raised, Bourinot's Rules of Order (in its most recent edition) shall be the authority and shall govern except as described in part C) of this article.

   C) The motion “I move the previous question” shall follow Robert's Rules of Order rather than Bourinot’s.

14. **Duration of Meetings**
   No meeting of the Faculty Board shall continue more than two hours unless two-thirds of the members present agree to continue with the business of the meeting.
15. **Mode of Address**
   Every member of the Faculty Board shall rise when addressing the Chair.

16. **Style of Address**
   In addressing or referring to members of the Faculty Board, members will use the following styles: the style of "Mister" shall be used for men, and the preferred style of "Ms" shall be used for women, unless otherwise indicated.

### MOTIONS

17. **Notice of Motion**
   A) With the exception provided for in (B), all motions shall be preceded by a notice of motion, which shall appear on the written agenda circulated by the Secretary. All notices of motion shall include the text of the motion.

   B) (i) Motions may be added to the agenda during a meeting provided that two-thirds of the members of Faculty Board present concur.

      (ii) For any motion added to the agenda to pass, it must be approved twice: at the meeting of Faculty Board at which it was moved, and at an additional meeting.

      (iii) If an additional meeting is required as a result of a vote under (ii), it will normally be held on the Friday following, unless two-thirds of the members of Faculty Board present agree to hold the second vote at a different time.

18. **Action on Motions**
   A) All motions of substance shall be in writing.

   B) No question or motion shall be debated or put unless it has been seconded.

   C) When the motion is seconded, it shall be stated by the Chair before debate.

   D) All motions of substance shall be referred to a committee for report, except that the rule of reference to a committee may be waived with the consent of two-thirds of the Faculty Board present. The Secretary shall keep a record of motions so referred, and be prepared to inform the Faculty Board about the state of such motions until they have been reported.

19. **Procedure**
   A) The Chair shall put all motions and amendments under discussion in reverse order to that in which they are moved.

   B) When a motion is under debate, no motion shall be received unless (I) to amend, (ii) to refer to committee or to waive the rules of reference, (iii) to put the question, (iv) to postpone, (v) to adjourn.
C) Ordinarily no member shall speak more than once to the same question (and then no longer than ten minutes unless permitted by the Faculty), except the mover who shall have the right of replying after all the members who choose to speak have spoken. Members may at any time, with the permission of the Chair, explain a material part of their remarks which may have been misunderstood.

D) No rule governing the procedure of the Faculty Board shall be suspended unless two-thirds of the members present shall consent thereto. Nor shall any rule be repealed or amended without notice of motion given during a previous meeting.

20. Record of Voting
When a vote or division is taken in the Faculty Board, any member may require that the numbers be recorded in the Minutes.

COMMITTEE OF THE WHOLE

21. Definition
The Faculty Board may at any time form itself into a committee of the whole body. A motion made in committee of the whole is not seconded, and the rule limiting the number of times a member may speak (see Art. 19 (c)) is withheld except that no member may speak more than once to any question until every other member choosing to speak shall have spoken.

22. Procedure
A committee of the whole is ordinarily appointed by a motion “that this Faculty reconstitute itself as a committee of the whole to consider a certain proposed resolution respecting [a specified subject]”. When the matters referred to a committee of the whole have been considered, the Faculty Board is re-established and receives a report from the Chair, who shall then accept a motion arising from this report.

AGENDA, MINUTES, REPORTS

23. Agenda
A) (i) The draft agenda for all meetings of Faculty Board shall be prepared by the Secretary in consultation with the Chair of Faculty Board and the Dean and Associate Deans of the Faculty.
(ii) The Secretary shall send a draft agenda to the Faculty Board listserv and post it on the Arts and Science website one week before the regular meeting of Faculty Board.
(iii) Attachments shall normally be posted on the Arts and Science webpage and the links shall be included in the listserv announcement specified in (ii).

B) Notice of regular meetings, together with a request for items for the agenda, shall be made available to the members of the Faculty Board at least one week before each meeting. Notice of special meetings, together with the agenda, shall be made available to the members of the Faculty Board at least two working days before the meeting.
C) (i) Members of Faculty Board may write to the Secretary of Faculty Board before noon on the Tuesday before a meeting of Faculty Board to propose additional items for the agenda, and any material to be included as an attachment to the agenda must be submitted by that time.
(ii) The Secretary shall inform Faculty Board of any item that was proposed for the agenda but not included.

D) The Secretary shall post the final agenda and all attachments on the Arts and Science website three working days before the regular meeting of Faculty Board, and shall also send the text of the final agenda, and the link to all attachments, to the Faculty Board listserv three working days before the meeting.

E) The first item of business of any meeting of Faculty Board shall be the consideration of the agenda as circulated. At the same time as the agenda is adopted, Faculty Board shall decide which, if any, part of the meeting shall be closed to persons who are not members, declaring at the same time why the meeting is to be closed. In addition, at other times a meeting may be closed by a simple majority vote as a result of a motion acceptable to the Chair.

24. Minutes
Together with the agenda and its attachments, the minutes should provide a person who was not at the meeting of Faculty Board with a full understanding of what business was transacted at the meeting.

A) In form, the minutes may be in one of two styles, “full” and “brief.” The minutes shall normally record substantive discussions in full style: the key lines of argument and all significant points that were presented should be recorded, and attributed to speakers by name. All questions raised in question period, and the answers provided, shall be recorded in full style. For more routine matters, the minutes may use a brief style, indicating the actions taken and not attributing particular points to individual speakers.

B) Any member of Faculty Board may request that a statement made in session be read into the minutes, and this shall be done unless the statement is ruled out of order by the Chair.

C) Any member of Faculty Board may request that “full” style be used for a particular agenda item, and this shall be done unless a motion for brief style minutes is approved by majority vote.

D) Minutes of any meeting shall be made available to all members of Faculty Board prior to the next meeting. Complete minutes and committee reports, after they have been formally received by Faculty Board, should be available to any member of the University on request to the Secretary of Faculty of Arts and Science, except for:
(i) notes of discussions which are excluded from the public record by procedural motion; and
(ii) confidential reports.
25. **Confidential Material**  
All personal reports on students and other confidential matters contained in minutes, reports, or agenda are to be clearly so marked, and are to be treated as confidential documents at all times.

26. **Reports**  
Copies of all reports shall accompany the agenda of the relevant meeting. Otherwise the report shall not be proceeded with, except with the consent of two-thirds of the members of the Faculty Board present.

### COMMITTEES

27. **Terms of Reference**  
A committee is bound by its terms of reference. If a committee finds it desirable to extend or reduce an enquiry beyond the terms of reference which it has been assigned, it shall obtain from the Faculty Board express authority to do so. A motion to concur in a recommendation for extension or reduction of a committee's terms of reference requires notice.

[Committee Representation outside the Faculty of Arts and Science:  
The Faculty of Arts and Science is represented on the Senate and on Standing Committees of the Senate, and on the Council of the School of Graduate Studies. A member of the Faculty of Arts and Science who is instructing in another Faculty is also a member of that Faculty Board.]

28. **Chairs of Standing Committees**  
Unless otherwise provided, the Dean shall appoint the Chair of each standing committee from the membership of the committee. The Chair shall serve for one year and shall be eligible for reappointment.

29. **Secretaries of Committees**  
Each committee, other than the Committee of Departments, shall select its Secretary from its own membership.

The Nominating Committee, however, may use its discretion in nominating for committees of the Faculty Board students registered in the Faculty of Arts and Science who have not been elected to DSCs. Any such student member of a Faculty committee who has not been elected to the Faculty Board by a DSC will not be deemed a
member of the Faculty Board. Non-academic staff members who serve on standing committees shall be chosen from those who are already members of the Faculty Board.

D) Once established, a Standing committee serves continuously. Except for the Committee of Departments, there will be progressive changes in membership.

E) Each Standing committee shall report to the Faculty Board at least once a year.

A) The Nominating Committee shall present nominations to all Standing Committees and elective offices within the jurisdiction of the Faculty Board and of teaching members of Faculty Board to the Senate. The report of the Committee nominating teaching members of Faculty Board to Senate shall be circulated with the agenda for the regular January meeting. The report presenting nominations to the various elective committees and offices of Faculty Board shall be circulated with the agenda for the regular March meeting. For all reports from the Nominating Committee containing nominations, the Chair shall call for further nominations from the floor and, when there are no more, shall declare nominations closed. If an election is necessary it shall be held immediately.

B) Student members of committees of Faculty Board shall be appointed by the Arts and Science Undergraduate Society. The list of student members shall be presented to Faculty Board by the Nominating Committee for information.

34. **Quorum**

One half of the elected membership constitutes a quorum during the academic year, and one half of the elected teaching membership constitutes a quorum outside the academic year.

**OTHER REGULATIONS**

35. **Introduction, Revision, and Amendment of By-Laws**

By-Laws may be introduced or revised on motion after due notice, and such motion shall be referred to the Standing Procedures Committee. All By-Laws shall be given two readings by the Faculty Board. All By-Laws shall be signed by the Chair and the Secretary of the Faculty Board.
36. **Distribution of Rules of Procedure**
The Secretary of the Faculty shall prepare copies of the *Rules of Procedure* in the latest revised form and shall distribute these to members of the Faculty Board as required from time to time. The Secretary shall ensure that all new members of the Faculty Board receive a copy of the *Rules of Procedure* in the latest revised form.

A By-Law shall take effect on its being approved by the Faculty Board.

The Panel will be supported by the Assistant to the Associate Dean (Studies) and a secretary appointed by the Faculty Office. Such persons will serve as advisors to the Panel and will have no voting rights.

The Role of the Chair

The Chair of the Panel will be a faculty member. In particular, the Chair shall
- convene hearings;
- preside over every hearing of the Panel;
- ensure consistency of decisions;
- ensure hearings are conducted fairly and with due process;
- not vote in a hearing, except in the case of a tie;
- write the Panel’s final decision for communication to the student; and
- convey any recommendations of the Panel to the Associate Dean (Studies).

B) Terms of Reference

Decisions about matters of academic integrity and misconduct in an academic setting are made by the Associate Dean (Studies), who has full knowledge of the circumstances, familiarity with the particular Faculty and/or university regulations, and experience in dealing with issues in the larger Faculty context. This process is in accordance with the Senate’s Policy on Student Appeals, Rights and Discipline, which recognizes that “decisions should generally be made by those who are most familiar with the context”.

The Academic Integrity and Conduct Panel (hereafter called the “Panel”) is established by the Faculty of Arts and Science and created by Faculty Board to

1.4. review, hear, and dispose of student appeals from decisions of the Associate Dean (Studies) in the following areas:
- findings of a departure from academic integrity,
- findings of misconduct in an academic setting,
1.5. direct, where appropriate, the Associate Dean (Studies) to initiate the process of recommending to Senate that a student be required to withdraw from the University for departures from academic integrity or misconduct in an academic setting;

1.6. make recommendations to the Associate Dean (Studies) regarding matters of policy arising from Panel discussions and hearings; and

1.7. serve as the final body of academic appeal in the Faculty of Arts and Science. (A further appeal may be made on matters of process to the University Student Appeals Board.)
BY-LAW NUMBER 3
DEPARTMENTAL ORGANIZATION

In order to secure effective cooperation in the work of departments, and in order to secure representative student membership on the Faculty Board, students are entitled to use the following procedures:

1. **Departmental Student Councils (DSCs)**
   A. **Departmental Student Councils** All students registered in each course within the Faculty of Arts and Science in each department, or in each section of a course when a course is sectioned, will be given the opportunity to elect, in a regular class session, one student as Class Representative. Students in courses numbered under 200 will be given the opportunity to hold their elections in the first five weeks of classes. Students in other courses will be given the opportunity to hold their elections within the first three weeks of classes. If no student is chosen, the DSC Chair will make alternative arrangements to obtain class representation. The Class Representatives in each department, the Faculty Board Representative and the DSC Chair will together constitute the Departmental Student Council (DSC) for that department.

   [NOTE: In a department where a student club exists, the DSC need not supersede the club; rather, the club may either be reconstituted to accommodate the electoral procedures that would entitle it to carry out the functions of the DSC, or continue as a club independent of the DSC in organization. It is recommended that the choice between a regular DSC and a reconstituted club be decided by the students in a vote by classes (as in 1.(A)) and totalled for the department.]

   i) Nominations for elections to a DSC Executive will be prepared, and elections conducted, by students in cooperation with the department. [NOTE: it would be valuable if 1st year elections were to be introduced and conducted by senior students, in cooperation with the department.]

   ii) Membership in a DSC is not limited to students registered in the Faculty of Arts and Science.

   iii) When the enrollment in an unsectioned course is larger than 100, that course may elect additional members to its DSC in the proportion of one Class Representative to each 100, or fraction of 100 students.

   iv) Functions of a DSC:
   a) to elect a DSC Executive;
   b) to elect students to serve on Departmental Committees and to serve on the Faculty Board.
   c) to conduct, with the cooperation of the department, written course evaluations in all on-campus courses offered within the Faculty.
B. **Departmental Student Council Executives (DSC Executives)**

Each DSC will elect a DSC Executive, the size of which will be appropriate to the size and work of the department.

i) A DSC will elect the Chair of its Executive and may elect other officers. [NOTE: some DSC's may wish to include all members of departmental committees and of committees of the Faculty Board in the DSC Executive; others may prefer to form a smaller Management Committee under its Chair. In either case, all elections are by the DSC; and the DSC Executive will not be entitled to appoint to any committee or duty a member not elected to that office by the DSC.]

ii) The Chair of the DSC Executive will normally be a member of the Faculty Board. [NOTE: Large DSC's may wish to elect an officer to manage the internal affairs of the DSC under the Chair's general direction.]

iii) A student may serve on the DSC Executive of only one department.

iv) It will be permissible for the Class Representatives of two or more related departments to form in cooperation with the departments concerned, a common DSC and to elect a common DSC Executive. In such cases, a Faculty Board member will be elected for each department.

2. **Student Participation in Departmental Committees**

When a DSC requests participation in the work of the department, the department will form one or more committees composed of staff and students, the students being elected by their DSC. Such a committee or committees shall consider and evaluate departmental matters of concern to students and staff and make recommendations to the department on such matters, which shall include problems of study and course offerings, methods and quality of instruction and of the academic evaluation of students, and physical facilities. A department may form separate undergraduate and graduate committees.

Where the procedures established by the Senate for appointment, promotion and tenure of academic staff require consultation with a representative group of students and staff, the method of obtaining the advice of students shall be decided jointly by the Department Head and the DSC Executive.

[NOTE: The intention is that if a department has only one student-staff committee (an Undergraduate Studies committee), it would be a standing committee. It is not intended to impose a complex committee structure upon departments which have already established, or wish to operate under a more flexible system. Where a department functions through a group of standing or special committees on which elected students serve, the functions of the Undergraduate Studies Committee could be distributed into the appropriate existing committees either in place of or in addition to an Undergraduate Studies Committee.]

3. **Student Participation on Faculty Board**

A) By Friday of the sixth week of the Winter term, each DSC will elect from among its members, to take office on September 1 following, one member to the Faculty Board, and relay to the Secretary the name of this member, together with such
information as is required by the Nominating Committee. If the DSC wishes to separate
the offices of the Chair and the Faculty Board Representative, it may elect the Chair for
the subsequent academic year at the same time.

[ NOTE: The intention is to provide selection according to areas of knowledge, rather
than according to the size of the departmental constituency.]

B) The President and Vice President of the Arts and Science Undergraduate
Society shall be members of the Faculty Board.

C) The following standing committees of the Faculty of Arts and Science
will have student members in the numbers noted:
Board of Studies - two, consisting of one member of the Arts and Science Undergraduate
Society Executive plus one appointed by the Arts and Science Undergraduate Society
Executive; the Curriculum Committee - six, plus one graduate student; Academic
Orientation Committee - one (who is elected for a two year term), plus the President of
the Arts and Science Undergraduate Society, and the Academic Coordinator of the Arts
and Science Undergraduate Society's Orientation Committee, and the Academic
Coordinator of the Concurrent Education Students Association’s Orientation Committee,
and the Academic Coordinator of the Computing Students Association’s Orientation
Committee, and the Academic Coordinator of the Physical and Health Education
Students Association’s Orientation Committee, ex officio; Nominating Committee -
four, plus the President and Vice President of the Arts and Science Undergraduate
Society, ex officio; Procedures Committee - three.

[NOTE: The Nominating Committee is required to nominate, for the Admissions,
Academic Orientation, and the Procedures Committee, one student from the Humanities,
one from the Social Sciences, and one from the Departments of Natural Sciences and
Mathematics; for the Curriculum and Nominating Committees, two students from the
Humanities, two from the Social Sciences, and two from the Departments of Natural
Sciences and Mathematics, and to the Curriculum Committee, in addition, one graduate
student.]

D) Student members of Faculty committees will be elected by the Faculty
Board from a slate prepared by the Nominating Committee, and will serve until replaced.

[NOTE: By convention of the Faculty of Arts and Science, the Nominating Committee
presents a slate including at least two names for each position, and additional
nominations may also be presented from the floor.]

E) For purposes of this by-law, the Concurrent Education Students
Association will be considered to be a DSC and will be entitled to appoint one person to
sit on the Faculty Board. Students, who are proposed by the Concurrent Education
Students Association for nomination to the standing committees of the Faculty, shall be
considered to represent the discipline division of their major area of study.
