Director of Walls to Bridges Canada &  
Professor, Wilfrid Laurier University

### THE WALLS TO BRIDGES EDUCATIONAL PROGRAM: BUILDING BRIDGES BEYOND PRISON WALLS

Walls to Bridges (W2B) is an innovative educational program that brings together incarcerated ("Inside") and non-incarcerated ("Outside") students to study post-secondary courses in jails and prisons across Canada.

In this presentation, Shoshana Pollack, co-founder of W2B Canada and National Director for 10 years will discuss the theoretical and practical underpinnings of the W2B program, drawing on her decade of teaching W2B classes at Grand Valley Institution for Women in Kitchener, Ontario and directing the national office. Dolleen Manning will also share her experiences teaching her W2B class "Indigenous and Contemporary Theories on the Rights of Nature" locally at Collins Bay Institution.
