Moodle

What is Moodle?
Moodle is an open-source, password-protected management system for teaching and learning.

Moodle can be used to supplement face-to-face instruction or to deliver complete courses on the Web. It provides a variety of tools for managing and delivering instruction, including communication with students (real time and asynchronous), assessment and grade management.

Login to Moodle
To log in to Moodle, launch your browser and go to moodle.queensu.ca
Locate the login link in the top right corner of the screen.
Log in using your Queen’s NetID and password.

Request a Course or Practice Space
On the Moodle homepage, locate the link to submit Course or Space Requests.
https://moodle.queensu.ca/blocks/faculty_requests/new_course.php

Attend a Moodle Workshop
Register online for a Moodle workshop.
