Academics
Adding courses on SOLUS

1. From under 'Academics' select the link that says 'Enroll'.

2. Select the term that you wish to add classes for then select 'Continue'.
3. Enter in the class number if you know it and click 'Enter' to automatically add a course to your shopping cart. Otherwise, click 'Search'.

4. Select the desired course subject and specify any other search criteria if necessary, then click 'Search'.
5. Click the section name to learn more about a class such as its description and prerequisites. When you are ready, click 'Select Class'.

6. (optional) If the class requires it, select a laboratory or tutorial section to accompany the lecture, then select 'Next' to continue.
7. Confirm the time of the class and review any other important class information, then click 'Next' to continue.

8. The class will then be added to your shopping cart ready for you to enroll. If you have a valid enrollment appointment, select 'Proceed to Step 2 of 3' to begin the enrollment process.
9. This screen confirms all the details of the course, when you are ready click 'Finish Enrolling' to secure your place in the course.

10. If there were no errors, the course will be added to your schedule.
