SOLUS

the new MyQueen'sU!

portal has recently undergone a re-design process to a robust source of news, events and information for the community. At first glance, the portal may look different but it remains the same. The portal is now a central access point for many applications, such as PeopleSoft, Banner, and PeopleSoft, which can now be found under the "My Applications" section on the main page.

MyQueen'sU builds on existing communications such as the Queen's News Centre and the Gazette, as well as the Queen's Gazette Today email, and will be your one-stop for all things Queen's. The portal will continue to evolve over the next few months. Your feedback is appreciated. Please email unicomm@queensu.ca with any comments.

It will take some time to explore MyQueen'sU and its many features and information.
