1. On the main page of SOLUS, click on the 'other academic...' dropdown box and select 'What If Report'. Click the go button.

2. Click 'Create New Report' or click one of your previously generated reports to view them.
3. If necessary, select different programs to compare how your current credits would fulfill various degree plans. You can also add courses from the course catalog to see how that reflects in the degree plans. When you are ready, click 'Submit Request' to generate your What If Report.
