Re: Proposal for provisional institute approval for a Canadian Institute for Military and Veteran Health Research (MVHR)

On the recommendation of Dr. Steven Liss, Vice-Principal (Research) and the Senate Advisory Research Committee members, I am pleased to provide "provisional approval" for the establishment of the Canadian Institute for Military and Veteran Health Research (MVHR). In accordance with the Senate Procedures Governing the Establishment, Reporting and Review of Research Centres, Institutes, and other entities at Queen's University policy, provisional approval is granted for a period of up to twenty-four months from the date of this letter.

Please complete and submit the necessary documentation for formal approval to Senate at least three months prior to the end of the provisional approval period.

The Canadian Institute for Military and Veteran Health Research, as described, promises to facilitate important research on a very timely subject and I wish you every success with this exciting research initiative.

Sincerely yours,

Robert A. Silverman
