- Student support
- What’s new?
Queen’s University Quality Assurance Processes (QUQAP)

Approved pending minor revisions

- Templates for cyclical review and establishment of new programs currently under development

- For new graduate programs and modifications to existing ones the process is streamlined

- Cyclical reviews allow for combining of undergraduate, graduate and external accreditation reviews as appropriate
Normal Approval Process for the Expedited Approval of a Major Modification to an Existing or New Collaborative Graduate Program

1. Preparation of pre-approval proposal form by Academic Unit(s)
2. Preliminary approval from Provost and GSEC of proposed changes/new collaborative program in principle
3. Development of modified Proposal Brief by Academic Unit(s)
4. Approval by appropriate Faculty Graduate Council(s)/Committee(s)
5. Approval by Graduate Studies Executive Council (GSEC)
6. Submission by GSEC to Senate
7. Approval by Senate Committee on Academic Development (SCAD)
8. Approval by Senate
School of Graduate Studies
