

Handout # 4 - 3MT Workshop Exercises

1. Why did I start this research? What Motivated me? (Write 2- 3 sentences)

2. Write 2-3 sentences for each question

2.a) What is the significance of my work to the discipline or research community?

2.b) Why might the world care?

2.b) What was surprising or unexpected about my research?

3. What do you want the audience to remember?

Write the theme or key “take home” message. You can use this as a reference point in relation to your talk – everything should relate to or support this message.

.../2

4. Draft a slide – how will your slide support your key message?
