ACADEMIC REGULATIONS

These regulations state the requirements to be met and the procedures to be followed for the awarding of degrees, diplomas, and certificates in the Faculty of Arts and Science. All requests for exceptions to the regulations should be made to the appropriate reviewing body (see Academic Petitions and Appeal Regulations). Enquiries concerning Faculty regulations should be made to the Faculty of Arts and Science Faculty Office.

Faculty Regulations are regularly reviewed and are subject to change at any time. This site (p. 1) indicates the academic regulations currently in effect.

In all regulations that refer to decisions made by the instructor, the instructor may choose to delegate responsibility for those decisions as appropriate.

1.3.2.1 – Submission of a Final Grade
If an investigation is initiated near the end of the class or otherwise cannot be resolved prior to the grade submission deadline, the instructor should assign a Grade Deferred (GD) to hold the final grade in abeyance until the investigation process has been concluded. Once the investigation is concluded, the instructor must submit a change of grade.

1.3.3 – Deciding the Finding or Dismissal
Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.3

1.3.4 – Deciding the Remedy or the Sanction

1.3.4.1 – Factors to Consider
Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.4.1

1.3.4.2 – Range of Remedies and Sanctions that may be Imposed by the Instructor
The remedy or sanction should reflect the extent and gravity of the departure from academic integrity and should be consistent with the remedies or sanctions imposed in similar previous cases in the Department/Faculty/School.

The instructor may impose one or more of a range of remedies or sanctions including:

- an oral or written warning that such infractions constitute unacceptable behaviour;
- a learning experience involving rewriting or revising the original work within a stipulated period of time;
- the submission of new or other work within a stipulated period of time;
- the deduction of partial or total loss of marks for the work or exam;
- a deduction of a percentage of the final grade in the course; or
- a failing grade (down to a grade of zero) in the course.

If the penalty amounts to a failure in the class, the student may not drop the class, regardless of the drop deadlines.

If the instructor believes that the finding warrants a sanction more serious than an instructor may impose, the instructor will refer the case to the Associate Dean (Academic) (see Academic Regulation 1.3.4.4).

1.3.4.3 – Categorizing the Departure
Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.4.3

1.3.4.3.1 – Level I Departures
Level I departures will not be kept in a student's main file, but in a separate special file that will only be accessed if there is a future finding. Level I materials are destroyed as of the date of the student's graduation.

Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.4.3.1 Level 1 Considerations.

1.3.4.3.2 – Level II Departures
Level II departures will be kept in the student's main file in the Faculty Office. This file is kept confidential and is used for academic advising purposes. It will also be consulted where a finding has been copied to the Office of the Associate Dean (Academic). Such information may only be released as permitted or required by University procedures or regulations, or with the student's consent. These records are destroyed 10 years after the student’s graduation.

Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.4.3.2 Level II Considerations.

1.3.4.4 – Referral of the Case to the Associate Dean (Academic)
Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.4.4

The steps undertaken pertaining to a sanction referral by the Associate Dean (Academic) will follow the same procedures as those for an instructor outlined in section 1.3.2 (regarding meeting) and 1.3.4 (regarding deciding the sanction) and 1.3.5 (regarding informing the student of the decision).

1.3.4.4.1 – Range of Remedies and Sanctions that may be Imposed by the Associate Dean (Academic)
Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.4.4.1

Appeals of the decisions of the Associate Dean (Academic) may be made to the Faculty of Arts and Science Academic Regulations 2
Integrity and Conduct Panel as outlined in Academic Petitions and Appeals Section 2.

1.3.5 – Informing the Student
Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.5

1.3.6 – Procedures with Respect to Exchange, Letter of Permission and Collaborative Students
Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 3.6

1.4 – Appeals
Information on the process of appealing an instructor’s decision to the Associate Dean (Academic) is outlined in Academic Petitions and Appeals Section 2.

1.5 – Investigation of Suspected Departures from Academic Integrity by the Associate Dean (Academic)
Where possible departures from academic integrity are identified that involve more than one course, multiple related instances, or the possibility of forgery or falsification, the Associate Dean (Academic) may initiate an investigation. In addition, an instructor may request (in writing) that the Associate Dean (Academic) conduct an investigation on their behalf when such serious departures are suspected. The Associate Dean (Academic) may also undertake an investigation of a departure from academic integrity in academic matters unrelated to performance in a course.

The steps undertaken pertaining to investigation, finding, and sanctioning by the Associate Dean (Academic) will follow the same procedures as those for an instructor outlined in section 1.3.

Appeals of the decisions of the Associate Dean (Academic) may be made to the Faculty of Arts and Science Academic Integrity and Conduct Panel as outlined in Academic Petitions and Appeals Section 2.

1.6 - Graduation during Investigation, Appeal or Withdrawal Period
Refer to Queen's University Academic Integrity Procedures (https://www.queensu.ca/secretariat/policies/senate/academic-integrity-procedures-requirements-faculties-schools/) section 1.9

Academic Regulation 2: Enrolment and Registration Priorities

2.1 – Career
All students admitted to the Faculty of Arts and Science will be registered in either an Undergraduate or Undergraduate Online Career. The Undergraduate Online Career is primarily intended for those students who are taking courses only online. The Undergraduate Career is primarily intended for those students studying on campus.

All courses in Arts and Science shall be offered through one of the Undergraduate or Undergraduate Online Careers. Students in an Undergraduate Online Career may only enrol in online courses, and may be given priority access to these courses. Students in an Undergraduate Career may enrol in courses offered through either Career.

Students may transfer from the Undergraduate Online Career to the Undergraduate Career as determined in Admission Regulation 5.4. (https://queensu-ca-public.courseleaf.com/arts-science/admission-regulations/) At a minimum, a student must have completed 24.0 units and have a minimum cumulative GPA of 1.60 to transfer to on-campus studies.

2.2 – Students at Level 1 (Fewer than 24.0 Units Completed)

2.2.1 – Programs and Plans for Level 1 Students
Most students entering Level 1 of study will be registered in a degree program, but not a specific Plan.

Those students entering the Faculty of Arts and Science in one of the following three specialized degree programs

1. Bachelor of Fine Art (Honours);
2. Bachelor of Music; or
3. Bachelor of Science (Honours), Specialization in Kinesiology will be registered in the appropriate Plan upon admission.

Upon entering Level 1, students may select from any of the courses available to first-year students that are offered in the Faculty of Arts and Science subject to the following limitations:

1. Those courses in which, in order to enrol, students must demonstrate a suitable level of competency through a placement test, audition or interview with the department or the course instructor.
2. Those courses in which, in order to enrol, students must have completed the necessary secondary school (or equivalent) prerequisite requirements.
3. Those courses reserved for students registered in one of the four specialized degree programs noted above.
4. High-demand Arts courses, in which enrolment priority will be given to those admitted as Arts students; similarly, high-demand Science courses, in which enrolment priority will be given to those admitted as Science students. Such courses will normally be announced in early June of each year.

Note: During the open enrolment period, most enrolment limitations of this nature are removed and any available spots in high-demand courses become available to all Arts and Science students, provided that any other existing prerequisite requirements are satisfied.

5. Online courses, in which enrolment priority will be given to those students admitted to the Undergraduate Online Career and to upper-year on-campus students to provide them with flexibility and choice. It is recommended that first-year on-campus students take part in the classroom experience to help with the transition from high school, rather than enrolling in online courses.

2.3 – Students Entering Level 2 (24.0 to Fewer than 48.0 Units Completed)

2.3.1 – Application for Programs and Plans
All students, other than those in the three specialized Degree Programs noted in Academic Regulation 2.1.1, who anticipate entering Level 2 following the completion of Winter Term, must apply for access to a specific program and Plan(s). The Program/Plan selection period will normally take place during two weeks in May of each year, following release of the Winter Term final grades.

2.3.2 – Academic Thresholds for Priority and Eligibility of Applicants
In consultation with the Faculty of Arts and Science, departments administering a given Plan are responsible for developing specific academic thresholds for priority and eligibility of students for acceptance in the Plan in question. These thresholds will be formulated taking into account both academic requirements and the number of spaces available in that Plan. The thresholds may vary from year to year based on the predicted size and strength of the applicant pool. The threshold criteria will consist of a minimum cumulative grade point average (GPA) and/or a minimum grade in a single course. These criteria will normally be published on the Faculty of Arts and Science website by March of each academic year. Two thresholds will be determined for each Plan:

1. **Automatic Acceptance Threshold**
   Students whose academic achievements in first year meet or exceed this threshold are considered to be academically qualified for the Plan, and will normally be automatically eligible for acceptance in the Plan.

2. **Pending List Threshold**
   Students whose academic achievements in first year meet or exceed the pending list threshold, but fall below the automatic acceptance threshold, are considered to be academically qualified for the Plan. The students’ level of performance is such, however, that in limited-enrolment Plans, or those Plans in which complex academic evaluations take place (usually those Plans administered in partnership with one or more departments), these students will be placed on a pending list until such a time as their academic credentials can be reviewed in detail by the Department administering the Plan.

Students whose academic achievements in first year fall below the pending list threshold are not considered to be academically qualified for the Plan, and will be denied acceptance.

During the Program/Plan selection period, students must choose one Plan for which they meet the automatic acceptance threshold criteria. They shall then be registered in that Plan. In addition, students may select up to one Plan for which they are eligible to be placed on the pending list but are not eligible for automatic acceptance. Following the selection period, departments will review the students on the pending list for each Plan under their administration. Any remaining spaces in that Plan shall be made available to students on the pending list in rank order of academic qualification. The Plans of students who are accepted from the pending list shall be changed from the Plan in which they were originally accepted to the new Plan.

Those students who wish to pursue a Major-Minor Plan combination shall first select a Major Plan for which they are eligible for automatic acceptance or placement on a pending list and then select a Minor Plan in a similar fashion. Each time a student is accepted into a new Plan, either by his/ her own selection or by acceptance by a Department from a pending list, the Plan change will be recorded on the student record and displayed on the official transcript.

2.3.3 – Enrolment Priorities in Plans
While the departments and Faculty of Arts and Science will make every effort to ensure that the automatic acceptance threshold in any Plan is such that the Plan will not be oversubscribed, should it become apparent during the selection period that a particular Plan has become over-enrolled, the Faculty of Arts and Science reserves the right to move those students ranked lowest academically from automatic acceptance to the pending list for that Plan and require said students to choose another Plan for which they meet the automatic acceptance threshold.
2.3.4 – Late Requests for Plans
Students who fail to participate in the Program/Plan selection period or who are admitted after the Program/Plan selection period has finished must make direct application to the department offering their Plan of choice. They will be considered subject to academic criteria and space availability.

2.4 – Students Continuing in Level 2 or Above
Once registered in a program and Plan(s), students may not be removed from that program and Plan(s) unless they successfully request transfer to another program and Plan(s).

Students should note, however, that departments administering a Plan may impose minimum prerequisites to determine academic eligibility for access to some or all of the upper-level courses (those numbered 200 and above, and see Academic Regulation 2.5 below). These prerequisites, however, will be determined such that a student deemed initially acceptable to the Plan, and operating at a similar level of ongoing academic performance, will not be restricted from continuing. Students who fail to meet these prerequisites will effectively be barred from continuing in the program and Plan(s) in which they are enrolled. Such students should seek academic advice from the Department(s) concerned and/or the Office of the Associate Dean (Academic).

2.5 – Change of Programs and Plans
Students wishing to transfer to the Bachelor of Fine Art (Honours) or the Bachelor of Music program must apply through the Faculty Office, Student Services (see Admission Regulation 12.5.1 (https://queensu-ca-public.courseleaf.com/arts-science/admission-regulations/)). For all other programs and Plans, upper-year students may request a Plan change during the Program/Plan selection period by applying through the Faculty of Arts and Science website. Departments may set, and publish on their websites, minimum criteria for accepting transfer students at various levels of that Plan. Acceptance into a new Plan will be contingent on there being space within that Plan.

After that time period, late change of Plan requests may be submitted through the Arts and Science website until the start of the class selection period. Late acceptance into a new Plan will be contingent on there being space within that Plan.

2.6 – Access to Classes
2.6.1 – Eligibility to Enrol in Classes
Students, other than those in Level 1, must be enrolled in an approved Plan to gain access to classes and become registered.

Eligibility for registration in all classes rests on course prerequisites, corequisites and exclusions as stated in the Calendar. In special circumstances, departments may waive these requirements. A maximum of 15.0 units in each of the Fall and Winter Terms may be requested during the class selection period.

2.6.2 – Priority to Enrol in Classes
Priority for requested classes is determined by individual departments based on the following three criteria. Exchange students who satisfy the criteria listed below will be granted entry on the same basis as other students. At the discretion of the Department, exchange students may be admitted to classes even if they do not meet these criteria.

2.6.2.1 – Academic Criteria
During the summer class selection period departments may choose to restrict access to certain classes to ensure that priority is given to students in the appropriate Plan. Student access to classes is subject to the following priorities listed in descending order. Priority will be given to students for whom the class is:

1. Core in their Plan;
2. An option in their Plan;
3. Part of their recognized concurrent-education teaching subject;
4. An elective, or an option in the Plan beyond the normal load.

Within each category, priority will be given to students who have the specified prerequisites and:

1. Are furthest along in their Plan;
2. Are not repeating the course.

2.6.2.2 – Number of Spaces Available
The University reserves the right to limit enrolment in any class that becomes oversubscribed.

2.6.2.3 – Student Participation in the Official Registration Process
Students requesting classes after the summer class selection period, including those admitted too late to participate in the class selection period, will be considered subject to space availability.

2.7 – Enrolment in Graduate Courses
Arts and Science students may be permitted to take courses offered through the School of Graduate Studies for credit toward their undergraduate degree program under the following conditions:

1. Enrolment requires the approval of the instructor, the Chair of Undergraduate Studies in their Department of concentration and the School of Graduate Studies;
2. Permission to enrol is only available to level 4 students (84.0 or more units completed) whom the Department
deems to be outstanding (generally taken to mean a cumulative GPA of at least 3.50); and

3. Except in the case of approved combined Bachelor’s and Master’s programs, the same course(s) may not count for credit in both a graduate and undergraduate degree program in which the student is registered or subsequently registers.

Academic Regulation 3: Number of Units in a Term and Academic Year

3.1 – External Agencies

The primary purpose of this regulation is to define the number of units a student may register in during any term. For this purpose, students are designated as having either Full-Time or Part-Time Registration Status in the Faculty. Full-time or part-time registration status defines a student’s maximum allowed course load and is based solely on academic criteria. Students should note that many external bodies (e.g., OSAP, Revenue Canada, scholarship agencies, or other academic institutions) may have different definitions of full-time or part-time course load for the purposes of grant funding, scholarship eligibility or taxation status. If in doubt of your course load status in regards to such agencies, please contact the Office of the University Registrar, or the external agency directly, as appropriate, for advice.

3.2 – Full-Time Registration Status

3.2.1 – Normal Course Loads for Full-Time Students

Full-time students in most Arts and Science programs normally take a total of 15.0 units in each of the Fall and Winter Terms for a total of 30.0 units over the Fall-Winter period (1 September to 30 April). The normal load for students in the B.Mus., B.A.(Hons.)/B.Ed. and B.Sc.(Hons.)/B.Ed. programs is greater than 30.0 units. Full-time students may choose, at any time, to register in fewer classes, or to drop classes (before the published deadlines), such that they fall below this course load and retain their right to full-time registration status in a future term. However, students must be registered in at least 18.0 units in the Fall-Winter period, with at least 9.0 units in each of the Fall and Winter Terms, in order to be considered to be in a full-time course load.

3.2.2 – Maximum Course Loads for Full-Time Students

In any Fall-Winter period, full-time students may be registered in no more than 36.0 units, and no more than 18.0 units in either of the Fall or Winter Terms, including any courses being taken elsewhere on a Letter of Permission. More than 30.0 units should not be sought for the purpose of making up a deficiency due to past failure, or if the student’s cumulative GPA is less than 1.90. First-year students in most disciplines are not encouraged to attempt more than 30.0 units. A maximum of 30.0 units may be requested during the class selection period. A student must obtain written permission from the Office of the Associate Dean (Academic) in order to take more than 36.0 units in the Fall-Winter period (or more than 18.0 units in any one term), including any courses being taken elsewhere on a Letter of Permission. Students who wish to appeal a negative decision to take more than 36.0 units (or 18.0 units in any one term), must appeal to the Board of Studies in writing (see Appeal of Academic Decisions, Section 3).

3.2.3 – Maximum Course Loads for Internship Students

Students who are participating in the Queen’s University Internship Program (QUIP) are automatically enrolled in an internship course for each term of the internship. In addition to the INTN course, these students may also enrol in one 3.0- or 6.0-unit course only during each internship term, including but not limited to an independent study course.

3.3 – Part-Time Registration Status

3.3.1 – Maximum Course Load for Part-Time Students

Part-time students in any Arts and Science program may take up to a total of 9.0 units per term.

3.3.2 – Transfer to Full-Time Registration Status

Part-time students on a degree program are eligible to register in a full-time course load in accordance with Academic Regulation 3.2 if they have:

1. completed a minimum of 24.0 Queen’s units, excluding repeated courses, and courses for which credit or aegrotat standing were assigned, from the time at which they were admitted part-time to a degree program or were placed on part-time status; and
2. achieved a minimum cumulative GPA of 1.90;
   or
3. completed a minimum of 18.0 Queen’s units, excluding repeated courses, and courses for which credit or aegrotat standing were assigned, from the time at which they were admitted part-time to a degree program or were placed on part-time status; and
4. achieved a minimum cumulative GPA of 2.90.

3.3.3 – Maximum Course Load for Non-Degree Interest Students without Documentation

Students admitted to the Undergraduate Online Career, Non-Degree Interest category without documentation, may initially only enrol in one course at a time to a maximum of 6.0 units. In order to be able to enrol in further courses, such students must meet the criteria specified in Admission Regulation 11. This regulation may not be appealed.
3.4 – Courses Spanning More Than One Term
Note that for the purposes of determining a student's course load, the total unit weighting of courses that span more than one term shall be divided equally between the two terms in which that course is operated (see Academic Regulation 4).

3.5 – Summer Term
Students normally take no more than two courses (regardless of unit value) at any time during the Summer Term, including any courses being taken elsewhere on a Letter of Permission. This is considered equivalent to a normal course load for a full-time student. Students on probation, with previous failures or with outstanding work from a previous term should not exceed this course load. Students in good standing who take more than two courses should closely monitor their ability to keep up with assigned readings, complete assignments on time and achieve a satisfactory academic standing in all work in each course. Students should be aware of the established deadlines for dropping courses without academic penalty and are expected to drop courses, if necessary, before these deadlines. Taking on more than two courses at any time during the Summer Term does not constitute sufficient grounds for an academic appeal to drop courses after the deadline.

3.6 – Registration in courses Offered by the Faculty of Engineering and Applied Science
The number of Engineering and Applied Science courses that may be taken by Arts and Science students is limited, and may not exceed the number of Arts and Science courses taken in a given term.

Arts and Science students may, with permission of the instructor and the Associate Deans of both Engineering and Applied Science and Arts and Science, register for a maximum of two such courses in an academic term.

Students should note that, in accordance with the Academic Programs (https://queensu-ca-public.courseleaf.com/arts-science/academic-programs/) section of this Calendar, the unit weighting of such courses may not be deemed equivalent in the two Faculties.

3.7 – Registration in courses Offered by other Faculties and Schools
With the exception of students who have transferred from another Faculty or School into the Faculty of Arts and Science, and with the exception of the Plans listed in Academic Programs (https://queensu-ca-public.courseleaf.com/arts-science/academic-programs/) Regulation 7, a maximum of 6.0 units from courses offered by other Faculties and Schools may be counted towards the Program and/or Plan requirements of any degree or certificate in the Faculty of Arts and Science.

Some Plans allow more than 6.0 units from courses offered by other Faculties and Schools to count toward the Plan requirements. In these cases, the non-Arts and Science courses must be limited to those specified by the Plan (see Academic Programs (https://queensu-ca-public.courseleaf.com/arts-science/academic-programs/) Regulation 7).

Academic Regulation 4: Courses Spanning More Than One Term
4.1 – Nomenclature
Courses that span more than one term (multi-term courses) shall be divided into separate classes for each term in which they are offered. The class offered in the first term shall be denoted with the suffix “A” and the class offered in the second term shall be denoted with the suffix “B”.

4.2 – Prerequisites and Registration
4.2.1 – Prerequisites
The prerequisite, if any, for the first half of the course shall be that indicated in the Courses of Instruction section of this Calendar. When students enrol in the first half of the course using the online student centre (SOLUS), they will be automatically enrolled in the second half of the course. Note that some such courses may be offered in more than one lecture, tutorial and/or laboratory section. Students will be enrolled in the same section of each component of the course in both terms.

4.2.2 – Registration
Students must be enrolled in both halves of the course to be deemed to have registered in the course. Students who have failed to register in both halves of the course shall, following the deadline to add classes, have the section in which they have registered removed from their academic record by the Office of the University Registrar and shall be required to appeal to the Associate Dean (Academic) for late registration (see Appeal of Academic Decisions (https://queensu-ca-public.courseleaf.com/arts-science/appeal-regulations/), Section 3).
4.3 – Dropping Multi-Term Courses

Students who wish to drop a multi-term course must drop the classes denoted with both the A and the B suffix on or before the Faculty's published Fall Term Academic Dates (https://queensu-ca-public.courseleaf.com/arts-science/academic-calendar/) for dropping a course without academic penalty; otherwise a grade of NG (not graded) shall be assigned to the A suffix. If a student wishes to drop a multi-term course after the deadline to drop Fall Term classes without academic penalty, only the B suffix shall be expunged from the transcript. Students wishing to drop a multi-term course after the deadline to drop Winter Term classes without academic penalty, only the B suffix shall be expunged from the transcript. If the appeal is granted, a DR designation shall be placed on the transcript for the B suffix, and an NG designation shall remain on the A suffix. If the appeal is denied, the final grade earned shall remain on the transcript. A student may not appeal to remove a DR grade from the transcript. The chart below shows the impact of dropping multi-term courses on the academic transcript.

4.4 – Credit and Grading

The first half of a multi-term course shall earn 0.0 units and may not be used to meet the degree requirements of any program or Plan, or any prerequisite, corequisite or exclusion requirement. The earned units for the multi-term course shall be placed on the second half of the course. Upon successful completion of a multi-term course, the first half of the course shall be assigned a grade of NG (Not Graded) (see Academic Regulation 10). The final grade for the course, including any incomplete (IN) or grade deferred (GD) status shall be assigned to the second half of the course. Note that for the purposes of determining the student's academic load, half of the units assigned to the full-year course will be applied toward the academic progress units for each term in which the course is offered (see Academic Regulation 3).

Students who drop a multi-term course, even after successfully completing the first half of the course, must enrol in and complete both halves of the course in a subsequent academic period in order to earn credit for the course.

4.5 – Appeals

No part of Academic Regulation 4 may be appealed.

Academic Regulation 5: Auditors

5.1 – Audit Policies

Students may not audit language acquisition classes, online classes, nor any class that is predominantly performance-based. Students must have the consent of the instructor(s) and Departmental Chair of Undergraduate Studies to audit other on-campus classes. In giving consent to audit a class, the instructor will discuss with the auditor to determine the extent of the auditor’s participation in classes, field trips, laboratories, etc. Auditors are not entitled to submit assignments or write examinations. Students are not required to apply for admission, but they must register formally as auditors through the Faculty Office. A fee will apply.

5.2 – Appeals

No part of Academic Regulation 5 may be appealed.
Academic Regulation 6: Attendance, Course Work and Conduct

6.1 – Participation and Conduct in Classes
Students must be enrolled in a class to be eligible to attend or otherwise participate in lectures, laboratories, tutorials, online discussions, tests, and examinations associated with the class. Students are expected to be, and at the discretion of the instructor, may be required to be present at all lectures, laboratories, tutorials, online discussions, tests, and examinations in their classes and to submit essays, exercises, reports, and laboratory work at the prescribed times. Student conduct in lectures, laboratories, tutorials, online discussions, tests and examinations must conform to the Code of Conduct. Students whose conduct does not conform to the Code of Conduct may result in an investigation and subsequent sanction (see https://www.queensu.ca/studentconductoffice/ for information).

6.2 – Submission of Course Work
For purposes of evaluation, assignments and other course work must be submitted in a readable format. Many instructors will require that work be submitted electronically, and will state this at the outset of the class.

6.3 – Absence and Missed Course Work
Students who experience extenuating circumstances that cause them to miss lectures, laboratory work, assignments, tests or examinations, should submit a request for academic consideration. Once the request has been made and as soon as they are able, students must contact their instructor(s) to make alternative arrangements for extensions or other consideration. A Verification of Illness form or other supporting documentation may be required, depending on the duration of the extenuating circumstances.

If there is a significant effect on attendance or academic performance such that the student may wish to request an incomplete grade, Aegrotat or Credit Standing, the student is responsible for obtaining appropriate documentation at the time of treatment. See Academic Regulation 10 for further information about Aegrotat and Credit Standing. Information about appeals to the Associate Deans (Academic) for Aegrotat or Credit Standing can be found in Appeal of Academic Decisions, Section 3.

Academic Regulation 7: Assessment of Performance

7.1 – Determination of the Final Grade for a Course
The choice of the elements to be used in determining the final grade for a course and the weighting of these elements are decided by the Department. The following elements may be used: the work of the term, including, where appropriate, essays and exercises, class tests, reports, seminar and online participation and laboratory work; a final examination.

7.2 – Scheduling of Class Elements

7.2.1 – Provision of a Class Syllabus
Before the end of the second week of the term in which a class starts, instructors must provide students with a class syllabus to include an outline of the basic features of the class. At a minimum, the class syllabus should include the intended student learning outcomes, a standardized definition of academic integrity and a clear statement of the basis on which final marks are assigned. Instructors should specify the term work expected and weight, if any, that it will contribute to the final mark. Any essential element(s) of the class that must be passed in order to pass the class must be included in the class syllabus. Essential elements might include laboratories, sight-singing tests or a final proctored examination.

Once distributed to students, the syllabus statement regarding the types and timing of the class elements that will contribute to the final grade may not be adjusted if the changes will disadvantage any student in the class.

7.2.2 – Testing During Class Periods
Subject to Academic Regulation 7.2.3, tests in regular class periods may be held by instructors at any time. An instructor may not schedule a test or examination outside of the scheduled class time if doing so creates a conflict with a student’s other officially scheduled class time.

7.2.3 – Restrictions on Assessment
All course assessments are prohibited during the study period designated by Senate prior to the examination period.

7.2.3.1 – De Facto Examinations
De facto examinations are examinations that are strictly prohibited in the last 2 class weeks of 12 week terms (and the last week of 6-week terms) and in the study period designated by Senate prior to the examination period.

An assessment is a de facto exam if it:

1. is an assessment where the focus is on the demonstration of course knowledge and skills through time-limited response
to set questions. Essays, seminars, posters, group activities, or culminating projects are not de facto exams. and,

2. counts for more than 10 per cent of the final mark in a 6.0-unit class or 20 per cent of the final mark in a 3.0-unit class.

7.2.4 – Exceptions to the Restrictions on Assessment
Requests for exceptions must be made annually and must be approved by the Associate Dean (Academic).

7.3 – Submission of Mid-Year Grades
At the end of the Fall Term, instructors of multi-term classes numbered P01 to 199 (with the exception of online classes) will submit mid-year grades. These grades are made available to students in January as an indication of their progress. Mid-year grades do not appear on official transcripts.

7.4 – Supplemental Course Work
After completion of the elements of the class that contribute to the determination of a student's final grade in the class, as outlined in the class syllabus, a student may not submit additional work intended to raise the student's final grade.

Academic Regulation 8: Final and Mid-Year Examinations

8.1 – Supplemental Examinations
There are no supplemental examinations or re-writes in courses offered in the Faculty of Arts and Science. A student who has made a valid attempt at writing a final examination cannot rewrite the examination at a later time (see Academic Regulation 8.4.3).

8.2 – Scheduling of Final and Mid-Year Examinations

8.2.1 – Timing of Final and Mid-Year Examinations
The final or mid-year examination in any class offered in any Term or Session (including on-campus and online classes) must be written at the end of the appropriate Term or Session at the time scheduled by the Examinations Office. The final examination schedule may not be changed once the schedule is posted.

Final examinations may not last longer than 3 hours, except in the case of exchange students (see Academic Regulation 8.5) or students who require accommodation requested through Queen's Student Accessibility Services.

8.2.2 – Scheduling Conflicts
A student discovering a conflict (two examinations at the same hour, three consecutive examinations in a 24-hour period or an examination at the same hour as a religious observance) should report the conflict to the University Examinations Office, as soon as possible.

8.3 – Location of Final and Mid-Year Examinations
The final examination in any on-campus class offered in any Term or Session must be written on the campus on which the class was taken.

8.3.1 – Students Living in the Kingston Area During the Academic Term
Students living in the Kingston area during the academic term who are enrolled in either Queen's on-campus or online classes, or both, are expected to write their mid-year and final examinations on the Kingston campus.

8.3.2 – Students Living outside the Kingston Area During the Academic Term
Students living outside the Kingston area who are enrolled in Queen's online classes will write their mid-year and final examinations either:

1. In-person at an approved off-campus examination centre; or
2. Online using an approved online proctoring service.

8.3.3 – Students at Bader College
Students attending Bader College who are also enrolled in a Queen's online class will write their mid-year and final examinations at Bader College.

8.3.4 – Examination Centres for Online Classes
For students living outside the Kingston area, a list of established examination centres for online classes is available from Arts and Science Online. If there is not an established centre within 100 kilometres of a student's residence, one will be established at no charge.

Students requesting a change to the examination centre location after the deadline to make these changes must contact Arts and Science Online. If a change is approved, an administrative charge will be assessed.

8.4 – Extenuating Circumstances affecting Final and Mid-Year Examinations
Students who are unable to write an examination at the scheduled time due to extenuating circumstances, beyond their control (such as serious illness, death in the family), should either make arrangements with the instructor to write a deferred examination, consider a request for an incomplete grade, or discuss other options for the course (see Academic Regulation 6.3). Note that personal plans do not qualify as extenuating circumstances under this Regulation.

Students who are unable to write an examination in an online class at the scheduled time due to extenuating circumstances, beyond their control, must also notify Arts and Science Online. Students who are granted permission by their
instructor(s) to defer the examination(s) in their online classes to a subsequent term will be subject to a non-refundable administrative fee to reschedule each examination, including additional charges as may be incurred by the University to set up the deferred examination.

Normally students are not permitted to write an examination at a time earlier than the scheduled time.

8.4.1 – Extenuating Circumstances Warranting an Early Examination
Students seeking permission to write an examination at an earlier time than the scheduled time due to very exceptional circumstances, beyond their control, must make a written request to the Office of the Associate Dean (Academic).

8.4.2 – Extenuating Circumstances Occurring Immediately Prior to an Examination
Students who experience sudden illness or other extenuating circumstances, beyond their control, immediately prior to a scheduled examination, should not write the examination. Instead, students in such circumstances should submit a request for academic consideration prior to the examination start time. Once the request has been made and as soon as they are able, students must contact their instructor(s) to make arrangements to write a deferred examination. Students should remain available to write the deferred examination at the examination venue on short notice.

8.4.3 – Extenuating Circumstances Occurring During an Examination
Students who experience sudden serious illness during the course of writing a scheduled examination that prevents them from completing the examination, must notify an Examination Proctor prior to leaving the examination hall, or prior to exiting the examination session of an online proctored examination. The Faculty Office will liaise with the instructor of the course to determine if the examination attempt is considered valid. If students leave the examination hall or exit an online examination session without notifying an Examination Proctor, the examination attempt will be considered valid and no retroactive consideration will be possible.

If, after consultation with the instructor, the examination attempt is not considered to be valid, permission for the student to re-write the final examination may be granted for documented cases at the discretion of the instructor(s) and the Associate Dean (Academic). Alternatively, other options for the student to complete the course may be provided.

8.4.4 – Extenuating Circumstances Warranting an Examination Location Change
Students living in the Kingston area during the academic term who are unable to write an examination on the main campus due to extenuating circumstances, beyond their control, may, as soon as the need is apparent, make a written request to the Office of the Associate Dean (Academic) for permission to write the examination at an approved off-campus examination centre. The request must include the reason as well as documentation confirming the student’s circumstances. If permission is granted, an administrative charge will be assessed.

8.5 – Additional Examination Time for Official Exchange Students
Students studying at Queen’s on an official exchange and whose first language is not English may apply to the University Examinations Office for additional time of 0.5 hour to write each final examination. They may also bring one language translation dictionary to the examination.

8.6 – Access to Final Examination Question Papers
8.6.1 – Publication of Previous Years’ Examination Question Papers
For reference purposes, final examination question papers will normally be made available by the end of September (for the previous academic year) to students through their publication in the Exambank, which is available online. Exemptions from the policy for particular examination question papers may be granted by the Associate Dean (Academic) only in exceptional circumstances and only on an annual basis, on the written request of the instructor, and with the signed approval of the Head of Department.

8.6.2 – Release of Examination Question Papers as per Exchange Agreements
Exchange agreements may require instructors to release copies of final examinations, including those exempted from the policy in Academic Regulation 8.6.1 above, to exchange students for review by the home university.

9.1 – Admission to and Dismissal from the Examination Hall
Students are required to bring their Queen’s Photo ID to the examination and to display it at the top corner of the examination table. Any candidate arriving at an examination hall after the beginning of the examination will receive only the remaining time in which to write the examination. The late candidate’s paper will be marked only at the discretion of the Faculty. No candidate will be allowed to leave the examination hall within 30 minutes of the distribution of examination papers.
9.2 – Restrictions on Articles Taken Into the Examination Hall

No articles such as textbooks, notes, books of tables, data sheets, graphs, paper, written material, calculators, etc., may be taken into the examination hall unless authorized by the instructor in writing at least 3 days before the examination. Calculators acceptable for use during quizzes, tests and examinations are intended to support the basic calculating functions required by most Arts and Science courses. For this purpose, the use of the Casio 991 series calculator is permitted and is the only approved calculator for Arts and Science students.

Students should bring only essential items to the examination. Food, drinks (except bottled water in a transparent bottle), backpacks, computers and purses are not permitted in the examination hall. Any use of communication devices (including but not limited to cell phones, smart phones, smart watches, media players, earphones, headsets) and electronic devices with memory capabilities or web-access is prohibited during an examination. All electronic devices must be turned off and placed under the student’s seat. The University assumes no responsibility for personal property lost in or near any examination hall.

9.3 – Examination Regulations

A student is responsible for adhering to all Examination Regulations as published by the Office of the University Registrar and/or the Senate. All examination hall irregularities will be reported in writing by the Chief Proctor to the instructor of the course and to the Associate Dean (Academic). Normally, such irregularities will be dealt with under the regulations pertaining to departures from academic integrity (see Academic Regulation 1).

Academic Regulation 10: System of Grading and Transcript Notations

10.1 – Evaluative Grades

Normally, students receive letter grades for performance in courses offered by the Faculty of Arts and Science. The evaluative grades for all courses offered by the Faculty of Arts and Science are:

### 10.2 – Pass/Fail Grades

A grade of Pass (P) may be assigned when a student meets or exceeds the minimum standards in a course that has been designated for pass/fail grading either by an academic unit in the Faculty of Arts and Science, or by the student as a Personal Interest Credit. A grade of Fail (F) will be given if the student does not meet the minimum standards in a course that has been designated for pass/fail grading. A course that has been assigned a grade of Pass will not be included in the student's GPA but may be counted for credit towards a degree program. A grade of F in a course that has been designated for pass/fail grading will be included (with the corresponding grade point of 0.0) in any GPA calculation. Other non-evaluative grades (IN, GD, AG) may be entered in accordance with the academic regulations.

### 10.2.1 – Pass/Fail Grades in Courses Designated by Academic Units in the Faculty

While most courses in the Faculty will be graded using the letter-based grading system, some courses, particularly those of a technical or applied nature offered as part of a professional degree program or Plan, may be appropriately designated for pass/fail grading. An academic unit that wishes to designate a course for pass/fail grading must obtain approval for such a designation through the curriculum review process as outlined in the By-Laws of the Faculty Board, and all such designations are subject to the final approval of Faculty Board. Any course designated for pass/fail grading must clearly indicate this grading method in the course syllabus. All students enrolled in a course
designated for pass/fail grading in this manner will be graded as such; letter grades will not be available.

10.2.2 – Pass/Fail Grades in Courses Designated by the Student (Personal Interest Credit)
A student may choose to designate a degree-credit course offered by the Faculty of Arts and Science for pass/fail grading that would normally have letter grading. The intention of such a designation is to encourage a student to explore subject matter in a field outside the program of study, to promote interdisciplinarity, and to minimize the risk to the student’s cumulative GPA.

A student may designate a course offered by the Faculty of Arts and Science in which they have enrolled for pass/fail grading by submitting the appropriate application form to the Office of the Associate Dean (Academic) before the deadline to drop the course without academic penalty in each term.

The following restrictions will apply to the designation of any pass/fail grading by the student:

1. The student must be registered in a degree program in the Faculty of Arts and Science;
2. The student must have passed a minimum of 24.0 units taken in the Faculty of Arts and Science at Queen’s before a pass/fail course can be designated;
3. The student may designate a maximum of 6.0 units for pass/fail grading throughout their Undergraduate and/or Undergraduate Online Careers (excluding any courses designated pass/fail by an academic unit, see Academic Regulation 10.2.1);
4. The student may designate a maximum of one course per term for pass/fail grading;
5. Once a course has been designated for pass/fail grading, the student may change this designation only up to the deadline to drop the course without academic penalty in each term. In the case of multi-term courses, the student may change the designation up to the deadline for the B half of the course. After this deadline, the student may not change this designation for any reason, regardless of academic performance;
6. The student may not designate a course for pass/fail grading if there is a finding of a departure from academic integrity in the course;
7. Only courses that are taken to fulfill the elective or total unit requirement of a degree program may be designated for pass/fail grading; no courses that may count as core, option or supporting courses to fulfill the requirements of any Plan in which the student is registered at the time of the pass/fail designation may be designated for pass/fail grading. If a student successfully completes a course designated for pass/fail grading and wishes to apply it toward the core or supporting course requirements of a Plan in which they subsequently register, they must obtain the agreement of the Department to substitute another appropriate course in its place. If a course designated for pass/fail grading is to be used to fill the option course requirements of a Plan in which the student subsequently registers, the student must choose a different option course; and
8. Courses offered by other Faculties and Schools may not be designated for pass/fail grading.

No variation from the required course components and grading scheme as published in the course syllabus will be made for a student who designates a course for pass/fail grading. If the instructor assigns a grade of D- or greater as determined by the grading scheme, the student will be deemed to have met the minimum standard in the course and will be given a grade of P.

10.2.3 – Appeals
Academic Regulation 10.2.2 may not be appealed.

10.3 – Non-Evaluative Grades

10.3.1 – Aegrotat Standing
Aegrotat standing is reserved for a course in which a student, who because of illness or other extenuating circumstances beyond their control, is unable to complete all the work of the class (see Academic Regulation 6). At least 60 per cent of the work in the class (assignments, midterms, laboratories, final examination, as specified in the class syllabus) must be completed. Aegrotat grades will be included in the student’s grade point average (GPA), can be used as credit earned towards a degree program, and can be used to qualify for entry to a degree Plan.

A student seeking aegrotat standing in a class must submit a petition to the Office of the Associate Dean (Academic) (see Academic Petitions and Appeals, Section 3).

As part of the petition decision process, the instructor must assert that the student has met all of the course learning outcomes. If this request is granted, the instructor will be asked to provide an estimated final grade. This estimated grade will appear on the student’s transcript together with a note reading “Aegrotat Estimated Grade.”

A student may be granted aegrotat or credit standing for a maximum of 36.0 units over the course of an entire degree program.

10.3.2 – Credit Standing (CR)
Credit standing is reserved for a course in which a student who has completed all of the work of the class, including
the final examination, and achieved a passing grade in the class, but due to illness or other extenuating circumstances beyond their control, earned a substantially lower grade than might have been expected. Normally CR standing is only awarded for a grade of C or lower (see Academic Regulation 6). A course with credit standing will not be included in the student's GPA but can be used as credit earned towards a degree program.

Students who wish to use a course in which they have credit standing as a prerequisite for registering in a further class may need to seek permission from the Department to enroll if the prerequisite requirement includes a minimum grade. The Department has the authority to waive this prerequisite at their discretion. Use of a course with credit standing for admission to a Plan shall be at the discretion of the Department.

A student seeking credit standing in a course must submit a petition to the Office of the Associate Dean (Academic) (see Appeal of Academic Decisions, Section 3). If the request is granted, the designation CR will appear on the student's transcript in place of a grade, and the instructor will be notified of this change in grade.

A student may be granted aegrotat or credit standing for a maximum of 36.0 units over the course of an entire degree program.

10.3.3 – Grade Deferred (GD)
Grade deferred standing (GD) is a temporary designation reserved for circumstances in which

1. a student has submitted all the work in a course, but the final grade is not available (e.g., late assignments not yet marked); or
2. a suspected departure from academic integrity is under investigation or under appeal and a final grade for the course cannot yet be determined.

The instructor shall indicate to the Associate Dean (Academic) the special circumstances under which the GD is being assigned, and in the case of (1) above, shall provide a timeline for submission of the final grade.

A grade of GD will not be included in the determination of a student's GPA, and any course with a GD designation may not be counted for credit towards a degree program.

Note: GD differs from the notation IN, which indicates that a student has not submitted all the work assigned and the instructor has agreed to accept the outstanding work.

10.3.4 – Incomplete (IN)
Incomplete standing (IN) is a temporary designation reserved for a course in which a student who, because of extenuating circumstances beyond their control, has not completed all term work for a course or requests permission to defer the writing of a final examination. The student must have participated actively in the class and only one or two elements of the course work have not been completed. Students with extenuating circumstances who have been unable to complete the majority of the work in a class should consider a petition to drop a class after the deadline rather than requesting an incomplete grade in the class.

A student seeking incomplete standing must arrange with the instructor to complete a "Permission for an Incomplete Grade or Deferred Examination" form. The deadline for the work to be completed should be reached by mutual agreement between the instructor and student. Incomplete work can be submitted no later than the end of the subsequent term.

A grade of IN will not be included in the determination of a student’s GPA, and any course with an IN designation may not be counted for credit towards a degree program. If the outstanding work is not submitted by the end of the subsequent term, the IN grade will lapse to an F (Failure) and will be included in the student’s GPA.

In cases where a student will pass the course even if the outstanding work is not completed or the exam is not written, the current earned letter grade may be assigned instead of IN. The current letter grade will be included in the student’s GPA and may be counted for credit towards a degree program. If the outstanding work is not submitted by the end of the subsequent term, the original letter grade will stand.

Any extensions beyond the end of the subsequent term must be based on further extenuating circumstances and will require a petition to the Office of the Associate Dean (Academic) with support from the instructor (see Academic Petitions and Appeals Regulation 3.3.1.5).

10.3.5 – Transfer Credit (TR)
A transfer credit (TR) is a designation reserved for a course in which a student undertakes study at another accredited post-secondary institution (see Academic Regulation 14). A transcript note will accompany this entry, indicating the university or other academic institution from which the credit was earned, and the degree program to which the transferred course is being credited. For purposes of internal evaluation of course prerequisites and admission to second year only, the TR designation shall be deemed equivalent to a grade of C. In the case of transfer credit for International Baccalaureate (IB), Advanced Placement (AP), CEGEP, or A-Level (GCE) courses, grades of A or B may also be deemed equivalent depending on student performance. Under no circumstances shall the grade provided by another post-secondary institution be placed on the Queen's transcript.
Students who wish to use a course in which they have a TR designation as a prerequisite for registering in a further class may need to seek permission from the Department to enroll if the prerequisite requirement includes a grade higher than C. The Department has the authority to waive this prerequisite at their discretion. Transfer credit designations will not be included in the student's GPA but may be counted for credit towards a degree program.

10.3.6 – Audit (AU)
The audit (AU) is a designation reserved for courses in which a student officially attends a class as a registered auditor but in which the student does not undertake any work to be marked by the instructor.

Audit designations will not be included in the student's GPA and may not be counted for credit towards a degree program (see Academic Regulation 5).

10.3.7 – Dropped (DR)
Late Drop (DR) is a designation used to indicate that a course has been dropped after the deadline as indicated by the Faculty's Sessional Dates.

Any course dropped by a student before the date specified in the Faculty's Sessional Dates for dropping a course without academic penalty shall be expunged from the transcript. Students wishing to drop a course after the published date must submit a petition to the Associate Dean (Academic). If the petition is successful, a grade of DR will be placed on the transcript. A student may not appeal to remove a DR grade from the transcript.

Dropped designations will not be included in the student's GPA and will not count for credit towards a degree program.

See also Academic Regulation 4 for details on transcript designations when dropping multi-term courses.

10.3.8 – Not Graded (NG)
Not Graded (NG) is a designation that indicates the completion of the first half of a multi-term course. A student will receive an NG designation at the end of the first term in which the class was in progress. At the end of the second term in which the course is offered a letter grade or other appropriate designation shall be entered.

Not graded designations will not be included in the student's GPA and will not be counted for credit towards a degree program. No course with an NG designation may subsequently be counted as partial or full credit towards completion of another course at Queen's University, or as transfer credit.

10.4 – Courses in Progress (no designation)
Transcripts shall note all courses in progress during the academic term in which they are offered. Such courses in progress shall have no designations attached to them.

10.5 – Grade Point Average (GPA)

10.5.1 – Letter Grade/Grade Point Table
All letter grades shall have grade points associated with them, according to the following table:

<table>
<thead>
<tr>
<th>Letter Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A+</td>
<td>4.3</td>

The grade point average (GPA) shall be calculated by multiplying the grade points earned in a course by the unit value of that course, then dividing by the total number of units attempted during the period of time over which the GPA is being determined. Grade point averages may be determined over three periods for evaluative purposes:

10.5.2 – Cumulative GPA
The cumulative GPA shall be determined using all courses attempted and for which grade points are assigned over the course of a student's Career (Undergraduate or Undergraduate Online, see Academic Regulation 2.1). Thus, students who change Career will have two cumulative GPAs on their academic record. The cumulative GPA used for all assessment purposes shall be the one associated with the student's current Career of registration.

In the case of students who transfer into the Faculty of Arts and Science from another Faculty or School at Queen's, Dual Degree students (including those in Concurrent Education programs) and Second Degree students, all courses attempted while registered in an Undergraduate Career in other Faculties/Schools and/or taken towards other degree programs shall continue to be included in the Undergraduate Career cumulative GPA used for evaluative purposes in the Faculty of Arts and Science. Unless otherwise
indicated in the academic regulations, when reference is made to a GPA, a cumulative GPA is indicated.

10.5.3 – Plan GPA
The Plan GPA shall be determined using all core, option and supporting courses completed to fulfill the Plan requirements for the degree and for which grade points are assigned, regardless of the Career under which the courses are taken.

10.5.4 – Term GPA
The term GPA shall be determined using all courses attempted and for which grade points are assigned during a particular academic term.

10.5.5 – Academic Year GPA
The academic year GPA shall be determined using all courses attempted and for which grade points are assigned during a particular academic year starting on 1 September and ending on the subsequent 31 August.

10.5.6 – Retaking Courses
If an exact course is repeated, the highest mark achieved shall be used in the determination of the GPA. To determine which grade takes precedence when one of the course attempts results in a TR, the TR shall be considered equivalent to a grade of C. If a TR takes precedence it will not be used in the GPA calculation.

A course may normally be retaken for a total of three completed attempts.

10.5.7 – Students who began a course of study before 1 May 2011
Numeric (percentage) grades have been assigned to classes that were offered up to and including the Winter Term of 2011. These numeric grades will continue to appear on the transcript for students who began a course of study before 1 May 2011. However, cumulative percentage averages will not be used for any academic purpose from May 2011 onwards. GPA values will instead be calculated based on the grade points assigned to these numeric grades. For conversion purposes, numeric grades shall be associated with grade points according to the following table:

<table>

10.6 – Change of Grade
The deadline for submission of a change of final grade by an instructor can be no later than the end of the term following that in which the class was offered. If the change of grade is not submitted within that timeline, the existing grade in the course shall stand. Any extensions beyond the end of the subsequent term must be based on extenuating circumstances and will require an appeal from the student to the Associate Dean (Academic) with support from the instructor (see Appeal of Academic Decisions (https://queensu.ca/public.courseleaf.com/arts-science/appeal-regulations/), Section 3).

Academic Regulation 11: Review of Graded Work in a Course
Students have the right to review all graded work in a course, including the final examination.

Information about petitions and appeals of instructors’ decisions on grading can be found in Academic Petitions and Appeals, Section 3.

Academic Regulation 12: Dean’s Honour Lists
12.1 – Dean’s Honour List
Students in a degree program who have obtained an academic year GPA of at least 3.50 at the end of the Summer Term, and who have not otherwise been placed on the Dean’s Honour List with Distinction, will be placed on the Dean’s Honour List.

To be eligible for the Dean's Honour List, students must also meet the following criteria:

1. They must be registered in a degree program in Arts and Science.
2. They must have completed a minimum of 18.0 Queen's units in the relevant Fall-Winter-Summer academic year, excluding courses with the non-evaluative grades AU, CR, DR, NG and P. Only courses that contribute towards the Arts and Science degree program will be included in the academic year GPA.
3. There may be no failures and no repeated course enrolments in the relevant Fall-Winter-Summer academic year.
4. There may be no outstanding IN or GD grades. All final grades and changes of grade must be submitted by 31 August, the final date for determination of an academic year GPA. This honour will be noted on the student’s transcript.

12.2 – Dean’s Honour List with Distinction
For the purposes of determining eligibility for the Dean's Honour List with Distinction, student academic performance will be compared to that of their peers within the following program groups:

2. Science: all students registered in the B.Sc., B.Sc.(Honours), B.Cmp. and B.Cmp.(Honours) degree programs.

Those students who have achieved an academic year GPA in the top 3 per cent of all students within their program group are eligible for consideration for the Dean's Honour List with Distinction. They must also meet those eligibility criteria as outlined for the Dean's Honour List in Academic Regulation 12.1.
This honour will be noted on the student’s transcript.

12.3 – Students on International Exchange Programs
Those students who have participated in an approved exchange program at an international partner university, and who have consequently attempted fewer than 18.0 units at Queen's University during the relevant Fall-Winter-Summer academic year, may be considered for placement on the Dean's Honour List, but will not be eligible for the Dean's Honour List with Distinction.

To be eligible for consideration, the student must:

1. Have participated in an approved international exchange program;
2. Have completed a minimum of 15.0 units, and fewer than 18.0 units, at Queen's University in the relevant Fall-Winter-Summer academic year (those students having completed 18.0 or more units at Queen's will be automatically considered for the Dean's Honour List under Regulation 12.1 above). Only courses that contribute towards the Arts and Science degree program will be included in the academic year GPA;
3. Have achieved a minimum GPA of 3.50 on these units;
4. Have no failures and no repeated course registrations in the relevant Fall-Winter-Summer academic year; and
5. Have no outstanding IN or GD grades. All final grades and changes of grade must be submitted by 31 August, the final date for determination of an academic year GPA. The student must provide a transcript from the host university. For the student to be placed on the Dean's Honour List, the transcript from the host university must show:

1. That the student was continuously registered in a full academic load;
2. That the student achieved an academic standing consistent with a Queen’s GPA of 3.50; and
3. That there were no failed courses, repeated courses, or outstanding grades during the relevant term(s) the student spent at the host university.

The Queen's transcript must further show that all courses attempted at the host university were subsequently transferred for credit towards a degree program at Queen's University.
This honour will be noted on the student’s transcript.

12.4 – Decisions on Dean's Honour Lists
Because decisions related to this regulation are solely dependent on particular levels of academic performance, no part of Academic Regulation 12 may be appealed.

Academic Regulation 13: Academic Standing

13.1 – Assessment
Academic standing is assessed once a year at the end of the Winter Term. All students registered in a degree or certificate program who have attempted a minimum of 18.0 units since the time of admission to the Faculty of Arts and Science, shall be assessed. Assessment of academic standing is based solely on the cumulative GPA in the career in which the student is registered at the time of assessment.

All students who are assessed will be assigned one of the following academic standings, unless they have not attempted a minimum of 18.0 units since the time of their previous assessment, in which case they may be assigned a temporary standing.

13.2 – In Good Academic Standing
Students are described as being in good academic standing unless otherwise notified. Normally this means a cumulative GPA of at least 1.60.
13.3 – Academic Probation

13.3.1 – Criteria for Placement on Academic Probation

A student shall be placed on academic probation if they:

1. have a cumulative GPA of less than 1.60 at the time of assessment; or
2. return to studies after having previously been required to withdraw, even if that requirement to withdraw was waived on appeal; or
3. are admitted to the Faculty of Arts and Science on full-time or part-time registration status on probation (see Admission Regulation 11).

The academic standing “Placed on Academic Probation” shall be placed on the student's transcript.

13.3.2 – Academic Restrictions Resulting from Placement on Academic Probation

Students placed on academic probation are not permitted to register for classes offered at Bader College (formerly the BISC). Students may be considered for admission to Bader College after they are released from academic probation.

Students placed on academic probation will not be allowed to transfer units from another post-secondary institution for courses taken while on probation (see Academic Regulation 14.3).

Concurrent Education students who are placed on academic probation in the Faculty of Arts and Science will not be permitted to register in education classes until they are released from academic probation.

13.3.3 – Release from Academic Probation

Any student who is placed on academic probation, and who achieves a cumulative GPA greater than or equal to 1.60 at the time of their next academic standing assessment, shall be released from academic probation.

13.3.4 – Appeal of Decisions on Academic Probation

Because decisions related to this regulation are solely dependent on particular levels of academic performance, no part of Academic Regulation 13.3 may be appealed.

13.4 – Requirement to Withdraw for One Year (RTW1)

13.4.1 – Criteria for RTW1

A student shall be Required to Withdraw for One Year if they:

1. have a cumulative GPA of less than 0.70 at the time of assessment; or
2. are on academic probation at the time of assessment and have a cumulative GPA of less than 1.60.

The academic standing “Required to Withdraw for One Year” shall be placed on the student's transcript.

Students who are on academic probation and have a cumulative GPA of less than 1.60, and who have not attempted 18.0 units since the time of their previous assessment, will not be Required to Withdraw for One Year, but instead will be allowed to continue their studies on probation, until they have attempted at least 18.0 units since being placed on probation.

The academic standing “Continuing on Probation” shall be placed on the student's transcript.

13.4.2 – Academic Restrictions Resulting from RTW1

Students who have been required to withdraw for one year will not be permitted to register in the Faculty of Arts and Science, or enrol in any Queen's courses, for twelve months. After a twelve-month period has passed students may register by contacting the Faculty of Arts and Science and submitting a Return to Studies Form.

Students who are required to withdraw for one year will not be allowed to transfer units from another post-secondary institution for classes taken while required to withdraw (see Academic Regulation 14.3).

13.4.3 – Appeal of Decisions on RTW1

Information about an appeal to waive the requirement to withdraw for one year can be found in Appeal of Academic Decisions (https://queensu-ca-public.courseleaf.com/arts-science/appeal-regulations/), Section 3.

In exceptional circumstances, academic probation may be imposed by the Associate Dean (Academic) as an alternative to requiring a student to withdraw. The special conditions that the student must meet in such instances will be determined by the Associate Dean (Academic) on an individual basis.

If a student wishes to appeal the decision of the Associate Dean (Academic) the student must do so in writing to the Board of Studies (see Appeal of Academic Decisions (https://queensu-ca-public.courseleaf.com/arts-science/appeal-regulations/), Section 3).

13.5 – Requirement to Withdraw for a Minimum of Three Years (RTW3)

13.5.1 – Criteria for RTW3

A student shall be Required to Withdraw for a Minimum of Three Years if they:

1. have a cumulative GPA of less than 0.70 at the time of assessment; or
2. are on academic probation at the time of assessment and have a cumulative GPA of less than 1.60.

The academic standing “Required to Withdraw for Three Years” shall be placed on the student’s transcript.
withdraw for one year, even if that previous requirement to withdraw was waived on appeal; or

2. are on academic probation at the time of assessment, have a cumulative GPA of less than 1.60 and have previously been required to withdraw, even if that previous requirement to withdraw was waived on appeal. Note that any student who has been required to withdraw and returns to studies is automatically placed on academic probation under Academic Regulation 13.3. Therefore, any student previously required to withdraw must achieve a cumulative GPA of greater than 1.60 at their next academic assessment upon their return to studies, or they will be required to withdraw for a minimum of three years.

The academic standing “Required to Withdraw for a Minimum of Three Years” shall be placed on the student’s transcript.

Students who are on academic probation, have a cumulative GPA of less than 1.60 and have previously been required to withdraw, and who have not attempted 18.0 units since the time of their previous assessment, will not be Required to Withdraw for a Minimum of Three Years, but instead will be allowed to continue their studies on probation, until they have attempted at least 18.0 units since being required to withdraw.

The academic standing “Continuing on Probation” shall be placed on the student’s transcript.

13.5.2 – Academic Restrictions Resulting from RTW3

Students who have been required to withdraw for a minimum of three years will not be permitted to register in the Faculty of Arts and Science, or enrol in any Queen’s courses, for a minimum of thirty-six months. After the minimum withdrawal period of three years has passed, students who wish to return to Queen’s must appeal to the Office of the Associate Dean (Academic) to be able to return to their studies after the minimum withdrawal period has lapsed (see Appeal of Academic Decisions, (https://queensu-ca-public.courseleaf.com/arts-science/appeal-regulations/), Section 3). All students who return to studies in the Faculty of Arts and Science after a period of absence of three years or more are subject to the degree program requirements in effect at the time of their return.

Students who are required to withdraw for a minimum of three years will not be allowed to transfer units from another post-secondary institution for classes taken while required to withdraw.

13.5.3 – Appeal of Decisions on RTW3

Information about an appeal to waive the requirement to withdraw for three years can be found in Appeal of Academic Decisions (https://queensu-ca-public.courseleaf.com/arts-science/appeal-regulations/), Section 3.

If a student is within 12.0 units of completing a degree, that student’s case will be reviewed by the Associate Dean (Academic), who may impose a lesser penalty. In exceptional circumstances, academic probation may be imposed by the Associate Dean (Academic) as an alternative to requiring a student to withdraw. The special conditions which the student must meet in such instances will be determined by the Associate Dean (Academic) on an individual basis.

If a student wishes to appeal the decision of the Associate Dean (Academic) the student must do so in writing to the Board of Studies (see Appeal of Academic Decisions (https://queensu-ca-public.courseleaf.com/arts-science/appeal-regulations/), Section 3).

13.6 – Other Requirements to Withdraw

The Associate Dean (Academic) may, at any time, either during the term or after the close of the term, determine that a student whose attendance, work, or progress is deemed unsatisfactory, be required to withdraw from the Faculty of Arts and Science.

The Associate Dean (Academic) will notify the student in writing of the potential requirement to withdraw, the reasons for the decision, and advise the student of the opportunity to respond to the potential requirement to withdraw. The student must also be advised of the right to have representation for any response made to the potential requirement to withdraw. (On matters of procedure and representation, the University Dispute Resolution Advisors are available for consultation and assistance.)

Normally the Associate Dean (Academic) will convene a meeting with the student (and his or her representative) and, where appropriate, instructors (and their representatives) and witnesses, to thoroughly review the case for the potential requirement to withdraw. This investigation may involve written submissions and/or oral evidence presented by witnesses concerning the grounds for the potential requirement to withdraw. The student must be notified, in writing, when the meeting on the case will be convened, invited to appear at the meeting, and be advised of the right to have representation at the meeting. At least 7 calendar days prior to the meeting, the student has a right to know what, if any, material from the student’s file will be considered.

After considering the available evidence, the Associate Dean (Academic) must inform the student in writing of the decision to require the student to withdraw from the Faculty. The student must also be informed in writing of the opportunity to appeal the decision to the Board of Studies.
13.7 – Honours Warning

13.7.1 – Criteria for Honours Warning
A student shall be given an honours warning if they have a cumulative GPA of greater than or equal to 1.60 but less than 1.90 at the time of assessment and are otherwise in good academic standing.

The academic standing of honours warning will not be placed on the student's transcript. Instead, the student will be informed in writing that while they are currently in good academic standing, their GPA is such that they would be ineligible to receive an Honours degree.

13.7.2 – Appeal of Decisions on Honours Warning
A student may not appeal an honours warning standing because it is the direct result of a particular level of academic performance. The honours warning standing, as such, does not remove them from good academic standing.

13.8 – Not Permitted to Proceed to an Honours Degree

13.8.1 – Criteria for Not Being Permitted to Proceed to an Honours Degree
A student will not be permitted to proceed to an Honours degree if they have attempted 132.0 or more units at the time of assessment and have a cumulative GPA of less than 1.90.

13.8.2 – Academic Restrictions Resulting from Not Permitted to Proceed to an Honours Degree
A student who is not permitted to proceed to an Honours degree will be moved into a General degree plan with no further restrictions. The student may request departmental permission for an Honours degree plan via the plan change process, provided they meet departmental criteria for the plan.

13.8.3 – Appeal of Decisions Related to Not Permitted to Proceed to an Honours Degree Standing
A student may not appeal a “Not Permitted to Proceed to an Honours Degree” standing because it is the direct result of a particular level of academic performance.

Academic Regulation 14: Credit for Courses Taken Elsewhere

14.1 – Letters of Permission
Subject to the requirements of Academic Regulations 3.2.2 and 16, a student on a degree program in the Faculty of Arts and Science may be permitted to take undergraduate classes elsewhere for credit toward a degree offered by the Faculty of Arts and Science. The student must obtain a Letter of Permission prior to enrolling in classes at another post-secondary institution. There is a non-refundable application fee for a Letter of Permission.

The Letter of Permission is issued for a specified post-secondary institution and for a specified term. The student must begin the class(es) in the term specified in the Letter of Permission. Failure to do so will require the student to apply for either a new or a retroactive Letter of Permission in order to transfer the credit(s) toward the Queen's degree.

To obtain a Letter of Permission, a student must be in good academic standing (see Academic Regulation 13), have a minimum cumulative GPA of 1.60, have completed a minimum of 6.0 units on a degree program in the Faculty of Arts and Science and must not have more than 3.0 units of incomplete grades in a previous term (grade of IN). A student who is completing the final course(s) of an honours degree must have a minimum Plan GPA and a minimum cumulative GPA of 1.90.

14.2 – Conditional Letters of Permission: Level 1 Students
A student who has completed fewer than 24.0 units may apply for a conditional Letter of Permission if their cumulative GPA on any courses taken (including mid-year grades on multi-term courses) is at least 1.60. The conditional Letter of Permission will be valid if the student completes a minimum of 6.0 units with a minimum cumulative GPA of 1.60; otherwise the conditional Letter of Permission will be considered null and void, and the student will not be permitted to transfer any units taken at another post-secondary institution.

14.3 – Students Required to Withdraw or on Probation
Courses taken at other post-secondary institutions by Arts and Science students while on academic probation or under a requirement to withdraw will not be transferred to Queen’s (see Academic Regulations 15 and 13).

14.4 – Level 3 and 4 Students
Normally the last two years of an Honours degree are taken in the Faculty of Arts and Science at Queen’s.

• A student in Level 3 or 4 may request a Letter of Permission to transfer up to 6.0 units from another post-secondary institution during the academic year and up to 18.0 units during the summer term.
• A student in Level 3 or 4 who wishes to transfer more than 6.0 units from another post-secondary institution during the academic year must submit a petition for permission...
to the Associate Dean (Academic). See Academic Petitions and Appeals Regulation 3.3.1.7

14.5 – Registration Status
A student who has obtained a Letter of Permission should register at the host institution as a visiting student rather than as a student on a degree program. Registering at the host institution on a degree program will jeopardize the student's admission status at Queen's, and the student will be required to apply to Undergraduate Admission for readmission to Queen's (see Academic Regulation 15). A Letter of Permission issued to a student who subsequently transfers to another post-secondary institution will be considered null and void.

14.6 – Obtaining Transfer Credit
To transfer credit to Queen's for a class taken elsewhere, a passing final grade equivalent to at least C at Queen's (minimum grade of 63 on percentage-based scale) must be obtained, unless otherwise stated on the Letter of Permission. The transfer credit, not the grade achieved, will be transferred to the student's record at Queen's (see Academic Regulation 10). Transfer credits for courses taken at another post-secondary institution will not be added to the student's record at Queen's unless the student is in good academic standing. It is the responsibility of the student to submit an original transcript in a sealed envelope directly from the host institution to the Faculty of Arts and Science Office. The original transcript will be maintained on file in the Office of the University Registrar.

14.7 – Procedures to Graduate
A student who is granted a Letter of Permission to complete the final course(s) of his or her degree program at another post-secondary institution during the Fall-Winter academic year, and who intends to graduate in the Spring convocation, must submit an official transcript in a sealed envelope to the Faculty of Arts and Science Office by the second week of May. Meeting this deadline will ensure that the student's name appears in the convocation program and that the student's diploma is printed for the day of the ceremony.

A student who is granted a Letter of Permission to complete the final course(s) of his or her degree program at another post-secondary institution during the Summer Term, and who intends to graduate in the Fall convocation, must submit an official transcript to the Faculty of Arts and Science Office by the first week of October. Meeting this deadline will ensure that student's name appears in the convocation program and that the student's diploma is printed for the day of the ceremony.

14.8 – Departures from Academic Integrity in Courses Taken Elsewhere
If notification is received by the Faculty of Arts and Science of a finding of a departure from academic integrity in a course taken by an Arts and Science student while studying at another post-secondary institution on a Letter of Permission, the finding will be kept in a special file in the Office of the Associate Dean (Academic) that will only be accessed if there is a subsequent finding.

Academic Regulation 15: Voluntary Withdrawal and Return to Studies
15.1 – Voluntary Withdrawal
Students may withdraw voluntarily, without academic penalty, prior to deadlines published in this Calendar (see Academic Dates (https://queensu-ca-public.courseleaf.com/arts-science/appeal-regulations/)). It is recommended that students consult with an academic advisor in the Faculty of Arts and Science Office before withdrawing. Students must drop all their classes and return their student cards to the Faculty of Arts and Science in order to withdraw from Queen's.

15.2 – Return to Studies
15.2.1 – Exchanges and Letters of Permission
Students who were away during the preceding Fall or Winter Term on an exchange or on a letter of permission (see Academic Regulation 14) may resume their registration without any further special action.

15.2.2 – Students Required to Withdraw or on Probation
Students who were required to withdraw for one year or who were placed on academic probation may attend another post-secondary institution while away from the University. However, they will not be permitted at any time to transfer credits for courses taken elsewhere while required to withdraw or while on academic probation (see Academic Regulations 13 and 14). These students must complete and return the appropriate section of the Return to Studies form to the Faculty of Arts and Science Office in order to register in classes.

Students who were required to withdraw for a minimum of three years must further appeal to the Associate Dean (Academic) (see Academic Regulation 13) in order to register in classes once at least three years have elapsed.

15.2.3 – Students in Good Academic Standing
15.2.3.1 – Not Attending another Institution
Those students who have registered in the Faculty of Arts and Science, who have attempted at least one course and are in good academic standing, who did not attend any other
post-secondary institution while away from the University, and who wish to return, must complete and return the appropriate section of the Return to Studies form to the Office of the Associate Dean (Academic) in order to register in classes. This should be done as early as possible and no later than 1 April of the year in which they wish to return in order to have access to the summer period for enrolling in Fall and Winter classes.

15.2.3.2 – Attending another Institution without Leave
Those students in good academic standing who, without a letter of permission:

1. were registered in a two- or three-year diploma program at a post-secondary institution, but did not graduate; or
2. completed a graduate program at another post-secondary institution,

and who are willing to waive their right to any transfer credit earned while withdrawn from the University, must complete and return the appropriate section of the Return to Studies form to the Office of the Associate Dean (Academic) in order to enrol in classes.

Those students in good academic standing who, without a letter of permission, completed 18.0 or fewer units (including failures) as a visiting student at another post-secondary institution, and who wish to have transcripts evaluated for the purpose of receiving transfer credit, must apply for a retroactive letter of permission. Students making an application for a retroactive letter of permission should be aware that there is no guarantee that their credits will be transferred toward their degree program.

Those students in good academic standing who:

1. transferred to a university degree program at another post-secondary institution (excluding a graduate program); or
2. graduated from a two- or three-year diploma program at a post-secondary institution;
3. without a letter of permission, completed more than 18.0 units (including failures) at another post-secondary institution; or
4. hold any other status at another post-secondary institution not described in this regulation, must apply for readmission as an external student (see Admission Regulations (https://queensu-ca-public.courseleaf.com/arts-science/admission-regulations/) 5 and 12).

Such students must meet the minimum admission requirements for external students to be accepted, and are not guaranteed access to all Plans, including that in which they were registered before leaving Queen's.

15.3 – Appeals
No part of Academic Regulation 15 may be appealed, as this regulation deals with matters of admission to the Faculty. Admission matters are explicitly excluded from the appeals process in accordance with the Senate Policy on Student Appeals, Rights and Discipline (SARD).

Academic Regulation 16:
Requirements for Graduation
16.1 – Honours Degrees
16.1.1 – GPA Requirements
The awarding of the B.A.(Hons.), B.Cmp.(Hons.), B.F.A.(Hons.), B.Mus., B.P.H.E.(Hons.) and B.Sc.(Hons.) degrees is conditional on receiving a minimum cumulative GPA of 1.90 in the Undergraduate Career and a minimum GPA on the courses used towards the Plan requirements of the degree as follows:

1. For Specialization and Major Plans, a minimum GPA of 1.90.
2. For Major-Minor Plan combinations, a minimum GPA of 1.90 on the Major Plan requirements, and a minimum GPA of 1.60 on the Minor Plan requirements.
3. For Joint Honours Plan combinations, a minimum GPA of 1.90 on the requirements of each of the Joint Honours Plans.

16.1.2 – Total Unit Requirement
For students admitted to the Faculty of Arts and Science prior to the Fall Term 2017, the awarding of the B.A. (Hons.) degree is conditional on the successful completion of a minimum of 114.0 units.

Effective for students admitted to the Faculty of Arts and Science in the Fall Term 2017 and later, the awarding of the B.A.(Hons.) degree is conditional on the successful completion of a minimum of 120.0 units.

The awarding of the B.Cmp.(Hons.), B.F.A.(Hons.), B.P.H.E. (Hons.) and B.Sc.(Hons.) degrees is conditional on the successful completion of a minimum of 120.0 units.

The awarding of the B.Mus. degree is conditional on the successful completion of a minimum of 126.0 units.

16.1.3 – Applying Transfer Credits
Effective for students admitted to the Faculty of Arts and Science in the Summer Term 2016 and later, no more than 57.0 units in the program (60.0 for the B.Mus. program) and no more than the following number of units in the Plan(s) may be transfer credits (grade of TR) from outside Queen's University:

1. For Specialization Plans, one-half less 6.0 units of the total required for the Plan;
2. For Major Plans, 24.0 units excluding supporting courses;
3. For each Joint Honours Plan, 18.0 units;
4. For Minor Plans, as per the corresponding General Plan requirements noted below in Academic Regulation 16.2.3.

16.2 – General Degrees
16.2.1 – GPA Requirements
The awarding of the B.A., B.Cmp., B.F.A., B.M.T., B.P.H.E. and B.Sc. degrees is conditional on receiving a minimum cumulative GPA of 1.60 in the career in which the student is registered at the time of graduation, and a minimum GPA of 1.60 on the courses used towards the general Plan requirements of the degree.

16.2.2 – Total Unit Requirement
The awarding of the B.A., B.Cmp., B.F.A., B.M.T., B.P.H.E. and B.Sc. degrees is conditional on the successful completion of a minimum of 90.0 units.

16.2.3 – Applying Transfer Credits
No more than 42.0 units in the program and no more than the following number of units in the Plan may be transfer credits (grade of TR) from outside Queen's University:
1. For the General Arts (B.A.) Plans, 12.0 units excluding supporting courses;
2. For the General Computing or Science (B.Cmp. or B.Sc.) Plans, 18.0 units excluding supporting courses;
3. For the General Fine Art (B.F.A.) Plan, 24.0 units excluding supporting courses;
4. For the General Physical and Health Education (B.P.H.E.) Plan, 24.0 units excluding supporting courses.

16.3 – Degrees with Distinction
16.3.1 – Requirements for Degree with Distinction
Graduation with Distinction recognizes the highest level of academic performance at Queen's. A Degree with Distinction will be awarded to students who have achieved the following:
1. a minimum cumulative GPA of 3.50 in the Undergraduate and Undergraduate Online Careers; and
2. a minimum GPA of 3.50 on the courses used towards all the Plan requirements of each of the Plans that comprise the degree; and
3. no failed grades, no outstanding IN or GD grades, and no repeated classes during their Undergraduate and Undergraduate Online Careers.

16.3.2 – Applying Transfer Credits
As per Academic Regulation 10, transfer credits (grade of TR) are not used towards the calculation of any GPA. Therefore, for students offering courses from other universities to meet the Queen's degree requirements, the GPA is calculated on Queen's courses only.

16.4 – Certificates and Diplomas
16.4.1 – GPA Requirements
The awarding of a certificate or diploma is conditional on receiving a minimum cumulative GPA of 1.60 in the career in which the student is registered at the time of graduation, and a minimum GPA of 1.60 on the courses used towards the requirements of the certificate or diploma.

16.4.2 – Total Unit Requirement
The awarding of a certificate or diploma is conditional on the successful completion of the minimum number of units required for the certificate or diploma. A maximum of 50 percent of the units required may be counted toward the requirements of both the certificate or diploma and another degree program, certificate or diploma.

16.4.3 – Applying Transfer Credits
No more than 50 percent of the units in the certificate or diploma may be transfer credits (grade of TR) from outside Queen's University.

16.4.4 – Timing of Completion of Certificate or Diploma
A certificate or diploma may be awarded together with, after receiving, or after qualifying for a degree, or on its own.

16.5 – Course Requirements
All courses required to fulfill the program and Plan requirements for the degree, certificate or diploma must be completed, including appropriate core, option, supporting and elective requirements. The completed courses may not be counted toward more than one requirement within a program or Plan. Plan overlap rules as detailed in the Academic Programs (https://queensu-ca-public.courseleaf.com/arts-scienceacademic-programs/) section of this Calendar must be followed. In exceptional cases, departments may permit the substitution of other core, option and/or supporting course requirements in the Plan. In no circumstances may Plan overlap restrictions be waived.

16.6 – Appeal of Decisions on Requirements for Graduation
As decisions related to this regulation are solely dependent on particular levels of academic performance, no part of Academic Regulation 16 can be appealed.

16.7 – Application to Graduate
A degree, certificate or diploma candidate must apply to graduate during the final year of the program, or at least by
30 April for Spring convocation and by 15 October for Fall convocation.

**Academic Regulation 17: Jurisdiction**

17.1 – Arts and Science Students Registered in Courses Offered by Other Faculties/Schools

Arts and Science students registered in courses offered through another Faculty or School are governed by the academic regulations of the Faculty of Arts and Science, with the exception of Academic Regulation 1 (Academic Integrity). In accordance with the Senate Policy on Academic Integrity Procedures, the initial investigation of a departure from academic integrity and any referral of an academic integrity case will take place under the regulations of the Faculty or School offering the course. Appeals will continue to take place in accordance with the regulations of the Faculty of Arts and Science. In the case of a finding of a departure from academic integrity, the Faculty or School offering the course will disclose the departure to and consult with the Associate Dean (Academic) of the Faculty of Arts and Science before imposing any sanction. Upon such disclosure, the severity of any such departure shall be assessed by the Associate Dean (Academic) as being equivalent to Level I or Level II and a record of the departure shall be retained by the Faculty of Arts and Science in accordance with the process outlined in Academic Regulation 1. Consistent with Academic Regulation 1, this record may be taken into consideration in determining a sanction were a further finding of a departure from academic integrity to occur.

17.2 – Students from Other Faculties/Schools Registered in Arts and Science Courses

Students from other Faculties or Schools registered in a course offered through the Faculty of Arts and Science are governed by the academic regulations of their home Faculty, with the exception of any academic regulations of that Faculty or School pertaining to academic integrity. In accordance with the Senate Policy on Academic Integrity Procedures, the initial investigation of the departure and any referral of the case to the Associate Dean (Academic) will take place under Academic Regulation 1 (Academic Integrity) of the Faculty of Arts and Science. In the case of a finding of a departure from academic integrity, the Associate Dean (Academic) will disclose such finding to the appropriate authority in the student’s home Faculty or School and will consult with that authority before imposing any sanction.

17.3 – Students Registered in Multiple Programs within Queen’s University

With respect to matters pertaining to an individual course, students registered in multiple programs (including certificate and diploma, concurrent education and Dual Degree programs) will be governed by the academic regulations of the Faculty under which they register for the course.

17.4 – Bader College

Arts and Science students resident at Bader College continue to be governed by the academic regulations of the Faculty of Arts and Science, with the following modifications. With the exception of Academic Regulation 1 (Academic Integrity), in all regulations below that refer to decisions made by the Vice Provost and Executive Director, the Vice Provost and Executive Director may choose to delegate responsibility for those decisions to an Academic Director.

17.4.1 – Academic Regulation 1 (Academic Integrity)

The Vice Provost and Executive Director of Bader College will carry out the duties of the Associate Dean (Academic), as outlined in Academic Regulation 1. The Vice Provost and Executive Director may choose to consult with or to transfer these duties to the Associate Dean (Academic) at their discretion. The Vice Provost and Executive Director must transfer these duties if the departure from academic integrity is such that it might warrant one of the following sanctions as outlined in Academic Regulation 1:

1. the rescinding of University- or Faculty-awarded scholarships, prizes and/or bursaries;
2. a requirement to withdraw from the Faculty for a specified minimum period of time;
3. a recommendation to withdraw from the University for a specified minimum period of time; or
4. a recommendation for the revocation or rescinding of a degree.

Once a finding and sanction are made, a record of the finding shall be forwarded to the Associate Dean (Academic) and retained in the student file as a Level I or Level II departure, as appropriate.

17.4.2 – Academic Regulation 3 (Number of Units in a Term and Academic Year)

Students registered at Bader College take a normal full-time load of 15.0 units in each of the Fall and Winter Terms, and 6.0 to 9.0 units in the Summer Term. Only with the approval of the Vice Provost and Executive Director and in rare and exceptional circumstances will students be permitted to take more than the normal full-time course load per term.

17.4.3 – Academic Regulation 7 (Assessment of Performance)

In addition to those restrictions on assessment outlined in Academic Regulation 7, field studies will also not be conducted in the last week of classes and any designated study/examination period of the Fall and Winter Terms, or
in the last four days of classes and any designated study/examination period of the Summer Term.

Exceptions must be approved by the Vice Provost and Executive Director. (As per Regulation 7, these might include individual oral examinations in language acquisition courses and laboratory examinations requiring the hands-on use of apparatus or materials.)

In lieu of mid-year grades, Level 1 students will be provided with a summary of their academic progress in early January of Winter Term and shall be required to discuss their progress with an academic advisor.

17.4.4 – Academic Regulation 8 (Final Examinations and General Examinations)
Exam scheduling conflicts found by the student shall be brought to the attention of the Vice Provost and Executive Director.

17.4.5 – Academic Regulation 9 (Examination Conduct)
Examination hall irregularities shall be brought to the attention of the Vice Provost and Executive Director.

17.4.6 – Academic Regulation 10 (System of Grading and Transcript Notations)
Petitions for Aegrotat, Credit standing (CR), to add or drop a course after the academic deadline, or to change a grade after the stated deadlines shall be to the Vice Provost and Executive Director. If a petition is made to modify grades on multiple courses or if a successful petition would change a student's academic progression standing, the Vice Provost and Executive Director shall first consult with the Associate Dean (Academic).

Upon submitting a grade of incomplete (IN) the instructor shall provide a copy of the “Permission for an Incomplete Mark” form to the Vice Provost and Executive Director. The Vice Provost and Executive Director will hear any petitions for an extension of an incomplete grade beyond either the date of the first agreement or the end of the subsequent term.

Upon submitting a grade deferred (GD), the instructor will inform both the Vice Provost and Executive Director and the Associate Dean (Academic) of the circumstances under which this grade is being submitted and the timeline for submission of a final grade.

17.4.7 – Academic Regulation 11 (Review of Grades and Examinations)
Petitions to review instructors’ decisions on grading of term work and/or final examinations in a course shall be to the Vice Provost and Executive Director.

17.4.8 – Academic Regulation 15 (Voluntary Withdrawal and Return to Studies)
If a student chooses to leave Bader College, they must normally do so before the academic deadline to drop courses. If, following withdrawal, a student chooses to continue their studies on the main campus, they may register in courses in which there is space available and for which they meet the academic prerequisites, provided the deadline for adding courses has not passed. If the deadline has passed, they must petition to the Associate Dean (Academic) for permission to add the courses late, citing extenuating circumstances. If they wish to drop courses without academic penalty after the deadline, they must petition to the Associate Dean (Academic) for permission to drop the courses late, citing extenuating circumstances. All petitions will be reviewed according to the usual guidelines outlined in Academic Petitions and Appeals, Section 3.

17.4.9 – Misconduct in an Academic or Non-Academic Setting
If a student is required to leave Bader College involuntarily as a result of misconduct in an academic or non-academic setting, the Associate Dean (Academic), in consultation with the Dean of Student Affairs, will determine whether the student may be accommodated through on-campus or online studies. In determining whether such an accommodation is available, the Associate Dean (Academic) will consider the following factors:

1. The nature of the misconduct;
2. Whether the same course or one which is essentially equivalent is being taught on the Kingston campus or online, during the term in question;
3. Whether the course has sufficient space available;
4. Whether the instructor of both the original Bader College course and the Kingston campus or online course are amenable to this arrangement and are prepared to jointly assess the student's grade, as appropriate; and
5. Whether it is in the best academic interests of the student to continue their studies at that time.

If continuing on the Kingston campus or in online studies is not possible, then the Faculty will coordinate with Bader College to make reasonable accommodation for the student to sit any remaining tests or examinations and to receive any written course materials.

17.5 – Collaborative Degree Programs Offered Jointly with Other Postsecondary Institutions
Arts and Science students registered in a collaborative degree program offered jointly with another postsecondary
institution (the “partner institution”) shall be governed by the academic regulations and policies of the Faculty of Arts and Science and of the Senate with respect to all matters pertaining to Queen's University. They will similarly be bound by the regulations and policies of the partner institution with respect to all matters pertaining to that institution. The following modifications of the academic regulations apply:

17.5.1 – Academic Regulation 1 (Academic Integrity)
Upon a finding of a departure of academic integrity, and once all avenues of appeal are exhausted, the Associate Dean (Academic) shall disclose to the partner institution the nature and details of the case. The partner institution may use this information as its academic regulations direct.

The nature and details of any departure from academic integrity that take place at the partner institution shall likewise be disclosed to the Associate Dean (Academic). Upon disclosure, the severity of any such departure shall be assessed by the Associate Dean (Academic) as being equivalent to Level I or Level II and a record of the departure will be retained in accordance with the regulations. Any finding of a departure from academic integrity at the partner institution will not incur any further sanction once it is reported to the Faculty of Arts and Science. However, it may be taken into consideration as a factor in determining the severity of a sanction if a further finding of a departure from academic integrity were to occur at Queen's.

17.5.2 – Academic Regulation 2 (Enrolment and Registration Priorities)
A student shall normally be registered in a specific Program and Plan as a result of being admitted to a collaborative degree program. Should the student withdraw from the collaborative program, either voluntarily or through failure to meet the progression requirements of the partner institution, the student will be allowed to continue in the Program and Plan in which they are registered, provided that they have not been required to withdraw under Academic Regulation 13. If their Program/Plan is unavailable outside of the collaborative degree program in which they were originally registered, they will be offered a place in the most closely corresponding Program and Plan. If the student wishes to transfer to an otherwise different Program and Plan, they must follow the procedures and meet the academic requirements otherwise outlined in Academic Regulation 2.

17.5.3 – Academic Regulation 10 (System of Grading and Transcript Notations)
Courses attempted at the partner institution will not appear directly on a Queen's transcript unless transfer credit is granted. Similarly, grades obtained in courses attempted at the partner institution will not be considered when evaluating a student's cumulative, term, or academic year GPA.

17.5.4 – Academic Regulation 12 (Dean's Honour Lists)
Courses attempted at the partner institution will not be considered when evaluating a student's eligibility for the Dean's Honour List or Dean's Honour List with Distinction.

17.5.5 – Academic Regulation 13 (Academic Standing)
If, at the time of assessment, a student is found to be in anything other than good academic standing at Queen's, the partner institution shall be informed of the student's academic standing status. If the student is registered in an honours degree Plan as part of the collaborative degree program, the partner institution will also be informed if an academic warning has been transmitted to the student. Likewise, if the student is assessed to be in anything other than good academic standing by the partner institution, the Faculty of Arts and Science shall be informed of this fact.

Following assessment in the Faculty of Arts and Science:

1. If the student is in good academic standing, is given an academic warning, or is placed on probation, they shall be permitted to continue in the collaborative degree program, provided that the partner institution supports their continued registration.

2. If the student is required to withdraw for one or three years, they shall also be required to withdraw from the collaborative degree program. Upon return to studies, they shall no longer be registered in a collaborative degree program and they must register in another program and Plan as outlined in Academic Regulations 2 and 18.5.2.

3. If the student is deemed Not Eligible to Proceed in Honours and the Plan of registration in the collaborative degree program is an honours Plan, they shall be required to withdraw from the collaborative degree program. They shall be permitted to continue in a degree program in the Faculty of Arts and Science under the provisions outlined in Academic Regulation 13.8.

If, for any reason, the partner institution places the student on an academic standing status similar to that of academic probation or an academic warning in the Faculty of Arts and Science, while allowing them to remain in the collaborative degree program, the student will also be permitted to continue in the collaborative degree program by the Faculty of Arts and Science.

If, for any reason, the student is required by the partner institution to withdraw from the collaborative degree program, the student's academic record in the Faculty of Arts and Science will be assessed immediately upon the Faculty being informed of this decision by the partner institution. The following shall then occur:

1. If the cumulative GPA is less than 0.7, the student will be required to withdraw, for one year if this is the first...
requirement to withdraw, or for three years if they have been previously required to withdraw.

2. If the cumulative GPA is greater than or equal to 0.7 but less than 1.6, and the student has been previously required to withdraw, they shall be required to withdraw for three years.

3. If the cumulative GPA is greater than or equal to 0.7 but less than 1.6, and the student is currently on academic probation, the student will be required to withdraw for one year.

4. If the cumulative GPA is greater than or equal to 0.7 but less than 1.6, and the student is in otherwise good academic standing, the student shall be placed on academic probation, but may choose to continue within the Faculty of Arts and Science in their Program and Plan as outlined in Academic Regulations 2 and 18.5.2. The academic probation status shall come into effect immediately.

5. If the cumulative GPA is greater than or equal to 1.6, the student will remain in good academic standing. They may choose to continue within the Faculty of Arts and Science in their Program and Plan as outlined in Academic Regulations 2 and 18.5.2.

6. If the cumulative GPA is less than 1.9, and the student has made 132.0 or more unit attempts, the student shall be deemed to be Not Eligible to Proceed in Honours. In this case, the provisions outlined in Academic Regulation 13.8 shall come into effect immediately.

In all cases, a requirement to withdraw will come into effect at the end of the Winter Term. If a student is registered in courses, they may continue to attempt those courses until that time. Upon return to studies, they shall no longer be registered in a collaborative degree program and they must register in another Program and Plan as outlined in Academic Regulations 2 and 18.5.2.

All students may appeal a requirement to withdraw from the Faculty of Arts and Science in the usual way through the academic appeal regulations. If the requirement to withdraw is imposed by the partner institution, then they must make any appeal according to the regulations of that institution.

17.5.6 – Academic Regulation 15 (Voluntary Withdrawal and Return to Studies)
If a student withdraws voluntarily from the collaborative program and from the Faculty of Arts and Science but continues to pursue their studies at the partner institution, then later decides to return to the Faculty of Arts and Science, they shall be bound by the provisions of Academic Regulation 15. Students are warned that they may be required to apply for admission to the Faculty as an external student and admission will therefore not be guaranteed.

17.5.7 – Academic Regulation 16 (Requirements for Graduation)
Courses attempted at the partner institution will not be considered when evaluating a student's eligibility for a Degree with Distinction.
