Overview

In the Queen's Department of Film and Media you will examine modern forms of film, video, television, and emerging varieties of digital culture. You will study the forces that have shaped film and media communication, explore the history and theory of film production, and engage directly in the production of film and video. We offer Film Major, General/Minor, and Joint Honours plans. For students interested in collaboration between the fields of drama and film, there is a Specialization Plan in Media and Performance Production (MAPP), and between the fields of computing and film, there is a Specialization Plan in Computing and the Creative Arts (COCA) with a Film sub-plan (COFI). The department also offers a Certificate in Media Studies and, new for September 2023, a Certificate in Animation Theory and Practice.
