KINESIOLOGY AND HEALTH STUDIES

School Notes
Subject Code for Health Studies: HLTH
Subject Code for Kinesiology and Physical Education: KNPE
World Wide Web Address: https://skhs.queensu.ca/

Director of the School: Samantha King (kingsj@queensu.ca)

School Office: SKHS Building, Room 206
School Telephone: 613-533-2666

School Manager & Chair of Undergraduate Studies: Anna van der Meulen (skhsug@queensu.ca)
Undergraduate Office E-Mail Address: skhs.ugassist@queensu.ca

Associate Director & Coordinator of Graduate Studies: Elaine Power (power@queensu.ca)
Graduate Studies E-Mail Address: skhs.grad@queensu.ca

Overview
The School of Kinesiology and Health Studies offers a range of Program and Plan options to students in Arts and Science:

The Kinesiology Specialization Plan is a multi-disciplinary program that focuses on human movement in the applied exercise-science fields of study such as biomechanics, ergonomics, exercise physiology, and physical activity epidemiology. While the Plan is primarily science-based, students also learn about human movement in the context of exercise and sport psychology, health promotion, and socio-cultural studies of sport, the body, and physical activity. The B.Sc.(Hons.) Kinesiology Plan has been designed to meet the minimum accreditation standards for Kinesiology programs accredited by the Canadian Council of University Physical Education and Kinesiology Administrators (CCUPEKA). Admission to the Kinesiology Specialization Plan, leading to a Bachelor of Science (Honours) degree, is by direct-entry from high school.

The Health Studies Plan is a social science concentration that strives to understand the complex factors that influence physical, mental and social health and well-being. Drawing largely from social science disciplines, students learn about the social determinants of health, approaches to health promotion, health policy, health behaviour change, epidemiology, and program planning and evaluation. Students also explore socio-cultural studies of the body and health to think critically about health in relation to social justice and systems of power and oppression. Major plans (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-major-arts-ba-honours/), Joint Honours (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-major-arts-ba-honours/), Joint Honours (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-major-arts-ba-honours/), and Minor (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-minor-arts-ba/) Plans in Health Studies are all available, leading to a Bachelor of Arts (Honours) degree, with admission based on first-year standing and grade in the foundational social determinants of health course (HLTH 101).

School Policies
Special Fee for Course in Kinesiology and Health Studies
In addition to tuition, students registering in KNPE 338 will pay a nominal additional fee of $25 in 2023-2024 (subject to change in future) in order to defray the costs involved in offering this course. Consult the School of Kinesiology and Health Studies for details.

Advice to Students
Students in a Health Studies Plan may access KNPE 125, KNPE 225, KNPE 251, KNPE 265, KNPE 335, KNPE 336, KNPE 337, KNPE 338, KNPE 365, KNPE 366 KNPE 400, KNPE 433, KNPE 436 and KNPE 450.

A limited number of seats are available to students in Arts & Science in KNPE 367 with specific Sociology prerequisites. All other KNPE courses are only open to students registered in a Kinesiology Specialization Plan (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/kinesiology-specialization-science-bs-honours/).

Admission
Students wishing to enrol in Health Studies Major (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-major-arts-ba-honours/), Joint Honours (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-medial-arts-ba-honours/) or Minor (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-minor-arts-ba/) General (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-general-arts-ba/) plans in Health Studies may be offered to students registered in a Kinesiology Specialization Plan, leading to a Bachelor of Science (Honours) degree, with admission based on first-year standing and grade in the foundational social determinants of health course (HLTH 101).
health-studies/health-studies-general-arts-ba/) Plans follow the standard Arts and Science admission regulations, normally applying to these Plans at the end of first year. Admission to the Kinesiology Specialization Plan within the Bachelor of Science (Honours) Program is by direct-entry; students apply from high school directly to the Ontario Universities’ Application Centre for access to this program. Once admitted, the student will be automatically enrolled in the Kinesiology Specialization Plan (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/kinesiology-specialization-science-bs-honours/).

The Bachelor of Science – Kinesiology General Plan (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/kinesiology-general-science-bs/) is a graduation credentials only available to students who are otherwise unable to complete the corresponding Honours Specialization Program/Plan.

Faculty Members:

• Mary Louise Adams
• Pouya Amiri
• Nicole Beamish
• Elijah Bisung
• Jean Côté
• Stevenson Fergus
• Brendon Gurd
• Ian Janssen
• Joseph Kangmennaang
• Samantha King
• Amy Latimer-Cheung
• Eun-Young Lee
• Lucie Lévesque
• Chris McGlory
• Gerome Manson
• Luc Martin
• Elaine Power
• Kyra Pyke
• Robert Ross
• Jessica Selinger
• Courtney Szto
• Jennifer Tomasone
• Michael E. Tschakovsky

Cross-Appointed Members:

• Michael A. Adams
• Brenda Brouwer
• Patricia Collins

Specialization

• Kinesiology – Specialization (Science) – Bachelor of Science (Honours) (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/kinesiology-specialization-science-bs-honours/)

Major

• Health Studies – Major (Arts) – Bachelor of Arts (Honours) (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-major-arts-ba-honours/)

Joint Honours

• Health Studies – Joint Honours (Arts) – Bachelor of Arts (Honours) (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-medial-arts-ba-honours/)

Generals/Minors

• Health Studies – General (Arts) – Bachelor of Arts (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-general-arts-ba/)

• Health Studies – Minor (Arts) (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/health-studies-minor-arts/)

• Kinesiology – General (Science) – Bachelor of Science (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/kinesiology-general-science-bs/)

Certificate

• Disability and Physical Activity Certificate (https://queensu-ca-public.courseleaf.com/arts-science/schools-departments-programs/kinesiology-health-studies/disability-physical-activity-certificate/)
Courses

Health Studies (HLTH)

HLTH 101 Social Determinants of Health Units: 3.00
This course introduces students to basic concepts in public, population and global health, and introduces social determinants of health, such as poverty, income inequality, and racism, in Canadian and global contexts.
NOTE Also offered online, consult Arts and Science Online (Learning Hours may vary).
NOTE Also offered at Bader College, UK (Learning Hours may vary).
Learning Hours: 117 (12 Lecture, 9 Tutorial, 24 Online Activity, 72 Private Study)
Requirements: Prerequisite None. Exclusion GLPH 171/3.0.
Offering Faculty: Faculty of Arts and Science

HLTH 102 Personal Health and Wellness Units: 3.00
This course provides an introduction to the variety of factors which could affect a person's health and wellness.
NOTE Also offered online, consult Arts and Science Online (Learning Hours may vary).
NOTE Also offered at Bader College, UK (Learning Hours may vary).
Learning Hours: 108 (24 Lecture, 12 Online Activity, 72 Private Study)
Requirements: Prerequisite None. Exclusion IDIS 199/3.0. One-Way Exclusion May not be taken after 12.0 units in KNPE.
Offering Faculty: Faculty of Arts and Science

HLTH 200 Physical Health and Exercise Programming Units: 3.00
This course introduces students to the principles of planning and implementing a personal fitness program. Students will gain an understanding of the importance of physical activity in relation to health and wellness and the adaptations and benefits to exercising. The students will learn how to design and implement an effective training program.
NOTE Also offered online. Consult Arts and Science Online. Learning Hours may vary.
Learning Hours: 108 (36 Lecture, 72 Private Study)
Requirements: Prerequisite Level 2 or above. One-Way Exclusion May not be taken with or after KNPE 227/3.0; KNPE 255/3.0.
Offering Faculty: Faculty of Arts and Science

HLTH 205 Introduction to Health Promotion Units: 3.00
This course provides students with a broad overview of the practice of health promotion. Topics range from the practicalities of designing, delivering, and evaluating health promotion interventions, to consideration of how health promotion practice intersects with issues of health equity and the social determinants of health.
NOTE Also offered online, consult Arts and Science Online (Learning Hours may vary).
Learning Hours: 108 (36 Lecture, 72 Private Study)
Requirements: Prerequisite Level 2 or above and HLTH 101/3.0.
Offering Faculty: Faculty of Arts and Science

HLTH 230 Basic Human Nutrition Units: 3.00
Study of macronutrients, selected micronutrients, energy needs for human performance, relationship of nutrient metabolism to health, consequences of nutrient deficiencies and excesses. Examine how student's own food intake may influence present and future nutritional well-being.
NOTE Also offered online. Consult Arts and Science Online. Learning Hours may vary.
Learning Hours: 108 (36 Lecture, 72 Private Study)
Requirements: Prerequisite Level 2 or above. Exclusion NURS 100/3.0. Recommended 4U Biology.
Offering Faculty: Faculty of Arts and Science

HLTH 235 Food Systems Units: 3.00
This course introduces contemporary issues in the dominant food system and the ways in which food production, distribution and consumption produce and reproduce relations of power.
Learning Hours: 108 (36 Lecture, 72 Private Study)
Requirements: Prerequisite GNDS 120/3.0 or GPHY 101/3.0 or HLTH 101/3.0 or SOCY 122/6.0.
Offering Faculty: Faculty of Arts and Science

HLTH 237 An Introduction to Drugs, Drug Use and Drug Dependence Units: 3.00
This course provides students with a contemporary and evidence-informed perspective on drugs, addiction, harm reduction and treatment. From pharmacokinetics to public policy, and from psychedelics to behavioural addictions, we examine the timeless human interaction with these peculiar substances.
Learning Hours: 108 (36 Lecture, 72 Private Study)
Requirements: Prerequisite PSYC 100/6.0.
Offering Faculty: Faculty of Arts and Science

queensu.ca/academic-calendar
HLTH 252 Introduction to Research Methods Units: 3.00
This course provides an introduction to methods, techniques and approaches to research. The course will explore the formulation of research questions, experimental design, interpretation of results and the use of statistical analysis in experimental research. Ethical issues in research will also be discussed.
Learning Hours: 114 (18 Lecture, 24 Online Activity, 72 Private Study)
Requirements: Prerequisite Level 2 or above and registration in KINE or HLTH Plan. Corequisite (3.0 units from BIOL 243/3.0; CHEE 209/3.5; COMM 162/3.0; ECON 250/3.0; GPHY 247/3.0; KNPE 251/3.0; NURS 323/3.0; POLS 285/3.0; PSYC 202/3.0; SOCY 211/3.0; STAM 200/3.0; STAT 263/3.0).
Exclusion HSCI 270/3.0. One-Way Exclusion May not be taken with or after PSYC 203/3.0.
Offering Faculty: Faculty of Arts and Science

HLTH 270 Movement Behaviours and Health Units: 3.00
Movement is on a continuum that includes sleep, sedentary behaviour, and physical activity. This course will use primary prevention and life course approaches to study movement behaviour levels of the population, the influence of movement behaviours on health, and strategies for intervening on movement behaviours.
Learning Hours: 108 (36 Lecture, 72 Private Study)
Requirements: Prerequisite HLTH 102/3.0. Note This course is not open to students in a KINE Plan.
Offering Faculty: Faculty of Arts and Science

HLTH 305 Fundamentals of Health Policy Units: 3.00
An overview of the fundamentals of health policy with an emphasis on the Canadian context. Topics to be discussed include history of the Canadian public health care system; the Canada Health Act; the political and economic environment of the Canadian health care system; issue and challenges in Canadian health policy; and comparative perspectives.
NOTE Also offered at Bader College, UK (Learning Hours may vary).
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite Level 3 or above and HLTH 101/3.0.
Offering Faculty: Faculty of Arts and Science

HLTH 315 Theory and Practice of Health Behaviour Change Units: 3.00
This course provides an overview of models and theories of health behaviour change at varying levels of practice and analysis, including individual, intrapersonal, group, and community influences on health behaviour. Students will learn how theories are applied in health promotion interventions in a variety of settings, with a variety of populations, and for a variety of health behaviours.
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite (PSYC 100/6.0 and [HLTH 205/3.0 or KNPE 265/3.0]) and registration in a HLTH Plan, KINE Specialization, or the DIPA Certificate.
Offering Faculty: Faculty of Arts and Science

HLTH 323 Epidemiology Units: 3.00
Basic methods involved in researching the distribution and determinants of health and disease in populations. Core measurement (rates, standardization, impact, association) and interpretation (bias, confounding, interaction, chance) issues are covered. The course also examines epidemiological approaches to study design including descriptive (cross-sectional and ecological), observational (case-control and cohort), and experimental (randomized controlled trials) approaches.
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite ([KNPE 251/3.0 or STAT_Options] and HLTH 252/3.0) or (STAT_Options and registration in a BCHM/LISC Honours Plan). Exclusion EPID 301/3.0.
Offering Faculty: Faculty of Arts and Science

HLTH 331 Advanced Human Nutrition Units: 3.00
Current issues relating to nutrition and health promotion/disease prevention. Such topics as cardiovascular disease, weight control, eating disorders, nutrient needs during the life cycle, fads and quackery, sociocultural, economic and media influences. Topics may vary.
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite HLTH 230/3.0 or NURS 100/3.0.
Offering Faculty: Faculty of Arts and Science
HLTH 332 Foundations for Understanding Disability: A Health Perspective Units: 3.00
This course provides upper-year students with a solid understanding of disability. Key disability concepts, such as definitions and models of disability, attitudes, human rights, accessibility, policy, and barriers are introduced and their relevance to health, quality of life and participation in several life domains are examined.
NOTE Also offered online, consult Arts and Science Online (Learning Hours may vary).
NOTE Also offered at Bader College, UK (Learning Hours may vary).
**Learning Hours:** 112 (36 Lecture, 4 Online Activity, 72 Private Study)
**Requirements:** Prerequisite Level 3 or above.
**Offering Faculty:** Faculty of Arts and Science

HLTH 333 Contemporary Issues in Human Sexuality Units: 3.00
An investigation of current influences on sexual health. Issues will be considered from social, political, and historical perspectives. Topics which may be covered include sex education; lesbian, gay, bisexual, and transgender issues; sexual human rights; sexuality and war; HIV/AIDS; the history of marriage; and sexual violence.
**Learning Hours:** 120 (24 Lecture, 12 Tutorial, 12 Group Learning, 72 Private Study)
**Requirements:** Prerequisite Level 3 or above and registration in a HLTH or KINE Plan.
**Offering Faculty:** Faculty of Arts and Science

HLTH 334 Health, Illness, and Society Units: 3.00
Explores the social production and cultural meanings of health and illness with a focus on power and struggle.
**Learning Hours:** 120 (24 Lecture, 12 Tutorial, 84 Private Study)
**Requirements:** Prerequisite Level 3 or above and registration in a HLTH or KINE Plan and (HLTH 101/3.0 or KNPE 167/3.0 or SOCY 122/6.0).
**Offering Faculty:** Faculty of Arts and Science

HLTH 350 Topics in Global Health Units: 3.00
This course examines global health from a variety of perspectives, including anthropological, epidemiological, and sociological, to help understand the cultural and historical patterns shaping global health inequalities. With an emphasis on resource-poor countries, specific topics may include infectious and non-communicable diseases, nutrition and maternal health.
NOTE Also offered at Bader College, UK (Learning Hours may vary).
**Learning Hours:** 120 (36 Lecture, 84 Private Study)
**Requirements:** Prerequisite (Level 3 or above and HLTH 101/3.0) or permission of the School.
**Offering Faculty:** Faculty of Arts and Science

HLTH 351 Health in Humanitarian Crises Units: 3.00
Humanitarian crises due to natural disasters, armed conflict, disease outbreaks and other threats are growing contributors to ill-health worldwide. Case studies, evolving current events, and experiential learning will be utilized throughout the term to anchor course content.
NOTE Also offered at Bader College, UK (Learning Hours may vary).
**Learning Hours:** 120 (36 Lecture, 84 Private Study)
**Requirements:** Prerequisite (Level 3 or above and HLTH 101/3.0) or permission of the School. Exclusion GLPH 482/3.0; HLTH 397/3.0 (Topic Title: Health in Humanitarian Crises - Winter 2019, Winter 2020).
**Offering Faculty:** Faculty of Arts and Science

HLTH 352 Research Skills Development Practicum Units: 3.00
A practicum for students in Health Studies working in the research labs and on research projects of SKHS faculty members. Includes a seminar series covering research topics and methodologies in: Applied Exercise Science; Epidemiology; Health Promotion; Psychology of Sport; Physical Activity and Health; and Sociology of Sport and Health.
NOTE Students will apply for a research-based practicum at the end of their second year. Recommended for students who intend to complete HLTH 595.
**Learning Hours:** 140 (12 Seminar, 84 Practicum, 48 Private Study)
**Requirements:** Prerequisite Level 3 or above and registration in a HLTH Plan and KNPE 251/3.0 and permission of the Course Coordinator or the Undergraduate Chair in the School of Kinesiology and Health Studies. Corequisite HLTH 252/3.0.
**Offering Faculty:** Faculty of Arts and Science
HLTH 360  Globalization and Black Health  Units: 3.00
Global interconnectedness and interdependence have contributed to improvements in the social determinants of health (SDH): the conditions in which people live, work and play, and their access to opportunities for healthy lives and well-being, however, it has also brought many health risks especially for marginalized populations. This course will examine economic, social, technological, and the political dimensions of globalization and how these impact the health and well-being of Black populations, identifying opportunities and risks.

NOTE This course is also listed/offered as BLCK 360/3.0.

Learning Hours: 120 (36 Lecture, 84 Private Study)

Requirements: Prerequisite Level 3 or above and registration in a HLTH or KINE Plan. Exclusion BLCK 360/3.0 (Topic Title: Globalization and Black Health); HLTH 397/3.0 (Topic Title: Globalization and Black Health).

Offering Faculty: Faculty of Arts and Science

HLTH 397  Special Topics in Health Studies  Units: 3.00
Intensive coverage of topics that are current and/or of special interest in the area of Health Studies. Offered periodically by visiting professors or members of faculty. Students should check with the School regarding availability of this course.

NOTE This course is repeatable for credit under different topic titles.

NOTE Also offered at Bader College, UK (Learning Hours may vary).

Learning Hours: 120 (36 Lecture, 84 Private Study)

Requirements: Prerequisite Level 3 or above and registration in a HLTH or KINE Plan.

Offering Faculty: Faculty of Arts and Science

HLTH 401  Interprofessional Collaborative Education  Units: 3.00
This course offers the theory and context of interprofessional education and collaborative practice from a global perspective. The opportunity to develop and apply required interprofessional education core competencies will anchor course content. The course will incorporate experiential learning experiences to centres of innovation and excellence in interprofessional education and collaborative practice.

NOTE This course falls under a selection of courses with a focus on Interdisciplinary Studies in Global Health and Disability that will be offered only at Bader College, UK.

Learning Hours: 123 (42 Lecture, 18 Group Learning, 23 Off-Campus Activity, 40 Private Study)

Requirements: Prerequisite (Level 4 or above and a cumulative GPA of 1.90 or higher and HLTH 332/3.0) or permission of Bader College.

Offering Faculty: Faculty of Arts and Science

HLTH 402  Disability Studies: Issues, Research, and Policy  Units: 3.00
This course is designed to advance student understanding of the field of disability studies through the examinations and analysis of disability issues in the global context. Current research and policy, controversial issues, and systems affecting people with disabilities worldwide will be the focus.

NOTE This course falls under a selection of courses with a focus on Interdisciplinary Studies in Global Health and Disability that will be offered only at Bader College, UK.

Learning Hours: 127 (30 Lecture, 18 Group Learning, 39 Off-Campus Activity, 40 Private Study)

Requirements: Prerequisite (Level 4 or above and a cumulative GPA of 1.90 or higher and HLTH 332/3.0) or permission of the School.

Offering Faculty: Faculty of Arts and Science

HLTH 403  Community Based Rehabilitation  Units: 3.00
Explores global perspectives of Community Based Rehabilitation as a strategy for equalization of health, education and social inclusion of persons with disabilities. Design, implement and evaluate CBR programs and examine basic CBR frameworks, health and disability policy, global partnerships, education and training strategies.

NOTE This course falls under a selection of courses with a focus on Interdisciplinary Studies in Global Health and Disability that will be offered only at Bader College, UK.

Learning Hours: 123 (42 Lecture, 18 Group Learning, 23 Off-Campus Activity, 40 Private Study)

Requirements: Prerequisite (Level 4 or above and a cumulative GPA of 1.90 or higher and HLTH 332/3.0) or permission of Bader College.

Offering Faculty: Faculty of Arts and Science
HLTH 404  Global Studies of Social Inclusion, Community Participation and Mental Health  Units: 3.00
Individuals with disabilities continue to experience barriers to their full and equal community participation, and in the context of mental health, they are subject to profound levels of social exclusion at local, regional, and global levels. Students will examine current disability discourse within global contexts as it relates to mental health and the social exclusion of this population.
NOTE Also offered at Bader College, UK (Learning Hours may vary).
Learning Hours: 120 (30 Seminar, 84 Private Study)
Requirements: Prerequisite (Level 4 or above and a cumulative GPA of 1.90 or higher and HLTH 332/3.0) or permission of Bader College or the School of Kinesiology and Health Studies.
Offering Faculty: Faculty of Arts and Science

HLTH 410  Environment and Health  Units: 3.00
This seminar course provides advanced review of the major theoretical and epistemological approaches to the study of environment and health. Students will be exposed to academic literature across several disciplines that engage with the environment-health nexus. The course is designed to provide a strong foundation for students interested in continuing into graduate level studies or public advocacy roles in population health promotion and related fields, with competencies in concepts and practices pertaining to ecohealth, social prescribing, therapeutic landscapes, One health, planetary health, and other current paradigms.
Learning Hours: 120 (36 Seminar, 12 Online Activity, 72 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major or Joint Honours, or KINE Plan. Exclusion HLTH 497/3.0 (Topic Title: Environment and Health - Winter 2022, Fall 2022).
Offering Faculty: Faculty of Arts and Science

HLTH 416  Program Planning and Evaluation  Units: 3.00
An examination and application of the principles of program planning in a variety of settings. Topics will include needs assessment, intervention design and implementation, and evaluation. Students will develop a program plan.
Learning Hours: 120 (36 Lecture, 36 Group Learning, 48 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization and HLTH 252/3.0 and HLTH 315/3.0.
Offering Faculty: Faculty of Arts and Science

HLTH 417  Community-Based Programming and Evaluation  Units: 3.00
Designed to advance student understanding of health promotion program planning, implementation, and evaluation, this course uses seminar discussion and community-based activities to provide students with core competencies required in health promotion and public health practice. Students complete a service learning project with community partners.
Learning Hours: 120 (36 Seminar, 36 Practicum, 48 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization and HLTH 416/3.0 and a minimum cumulative GPA of a 2.70 or higher.
Offering Faculty: Faculty of Arts and Science

HLTH 430  Critical Weight Studies  Units: 3.00
We live in a fat-phobic world where discrimination on the basis of body size is a socially acceptable form of prejudice. This seminar style course draws on the rapidly developing literature in the scholarly field of fat studies to consider body weight and fat-phobia from critical, cultural perspectives.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite (Level 3 or above and registration in a HLTH Major or Joint Honours Plan) or (Level 3 or above in the KINE Specialization Plan and [HLTH 333/3.0 or HLTH 334/3.0]).
Offering Faculty: Faculty of Arts and Science

HLTH 434  Social Movements in Health  Units: 3.00
This course explores the proliferation of health social movements since the 1970s. Bringing together the interdisciplinary study of health and illness with social movement theory, the course analyses the strategies, goals, and outcomes of political organizing around conditions ranging from HIV/AIDS to sick building syndrome. Students will lead seminar discussions and undertake original research on a movement of their choice.
Learning Hours: 120 (24 Seminar, 12 Group Learning, 84 Private Study)
Requirements: Prerequisite HLTH 333/3.0 or HLTH 334/3.0 or DEVS 355/3.0.
Offering Faculty: Faculty of Arts and Science
HLTH 435 Seminar on HIV/AIDS Prevention Units: 3.00
This seminar-style course involves critical assessment of HIV prevention interventions situated at varying levels of analysis and action. Consistent with the epidemiology of HIV/AIDS, the course focuses on interventions for disadvantaged and marginalized populations. Students should be prepared to lead discussion and present in class.
Learning Hours: 120 (24 Seminar, 12 Group Learning, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Plan and HLTH 315/3.0.
Offering Faculty: Faculty of Arts and Science

HLTH 437 Seminar on Harm Reduction Units: 3.00
Covers the philosophy, history, implementation, and efficacy of interventions that aim to reduce adverse consequences of legal and illegal drug use, without a focus on drug use abstinence. Examples are drawn from Canada and worldwide. Also covers the application of harm reduction to other public health domains such as gambling and sex work.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Plan and HLTH 237/3.0. Exclusion HLTH 493/3.0 (Topic Title: Seminar on Harm Reduction - Winter 2018, Winter 2020).
Offering Faculty: Faculty of Arts and Science

HLTH 445 Critical Population Health Units: 3.00
This course provides advanced study of the major theoretical and methodological approaches in critical population health research. Students will be primarily exposed to academic literature in epidemiology and social sciences that engage with critical population health. Major epidemiologic studies of population health that illustrate critical perspectives will be discussed.
Learning Hours: 120 (36 Seminar, 84P)
Requirements: Prerequisite (Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization Plan and HLTH 205/3.0 or HLTH 315/3.0). Exclusion HLTH 493/3.0 (Topic Title: Population Health - Winter 2022).
Offering Faculty: Faculty of Arts and Science

HLTH 455 Health and Built Environments Units: 3.00
This course will examine how characteristics and configurations of urban environments, such as urban sprawl, transportation, community design, housing, and food networks, may promote or impede health and well-being. This seminar-style course will be especially useful for students considering careers in public health and/or urban planning.
Learning Hours: 118 (36 Seminar, 10 Off-Campus Activity, 72 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization Plan.
Offering Faculty: Faculty of Arts and Science

HLTH 456 Survey of Research and Literature in Health Studies Units: 3.00
Independent study involving a critical review of the literature on an approved topic of specialization in Health Studies. Students must arrange for a faculty advisor approved by the School of Kinesiology and Health Studies.
Learning Hours: 126 (6 Individual Instruction, 120 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization Plan and permission of the Supervisor and the Undergraduate Chair in the School of Kinesiology and Health Studies.
Offering Faculty: Faculty of Arts and Science

HLTH 491 Special Project in Health Studies Units: 3.00
This is an independent project in an area of specialization in Health Studies. Students must arrange for a faculty advisor approved by the School of Kinesiology and Health Studies to oversee their project.
Learning Hours: 126 (6 Individual Instruction, 120 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization Plan and permission of the Supervisor and the Undergraduate Chair in the School of Kinesiology and Health Studies.
Offering Faculty: Faculty of Arts and Science

HLTH 493 Advanced Topics in Health Studies I Units: 3.00
Honours level courses exploring advanced topics that are current and/or of special interest in the area of health studies. Students should check with the School of Kinesiology and Health Studies regarding availability of these courses. NOTE This course is repeatable for credit under different topic titles.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization Plan.
Offering Faculty: Faculty of Arts and Science
HLTH 495  Advanced Topics in Health Studies II  Units: 3.00
Honours level courses exploring advanced topics that are current and/or of special interest in the area of health studies. Students should check with the School of Kinesiology and Health Studies regarding availability of these courses. NOTE This course is repeatable for credit under different topic titles.
**Learning Hours:** 120 (36 Seminar, 84 Private Study)
**Requirements:** Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization Plan.
**Offering Faculty:** Faculty of Arts and Science

HLTH 497  Special Topics in Health Studies  Units: 3.00
Intensive coverage of topics that are current and/or of special interest in the area of Health Studies. Offered periodically by visiting professors or members of faculty. Students should check with the School regarding availability of this course. NOTE This course is repeatable for credit under different topic titles.
NOTE Also offered at Bader College, UK (Learning Hours may vary).
**Learning Hours:** 120 (36 Seminar, 84 Private Study)
**Requirements:** Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization Plan.
**Offering Faculty:** Faculty of Arts and Science

Kinesiology and Physical Education (KNPE)

KNPE 125  Introduction to Human Physiology  Units: 3.00
This course provides an introduction to human physiology from the cellular to the systematic level with special emphasis on the systems that adapt to exercise stress. The following areas will be covered: the cell, nervous system, skeletal muscle system, respiratory system, cardiovascular system, neuroendocrine system, and renal system.
**Learning Hours:** 108 (36 Lecture, 72 Private Study)
**Requirements:** Prerequisite Registration in a HLTH or KINE Plan. Exclusion PHGY 215/3.0; PHGY 216/3.0.
**Offering Faculty:** Faculty of Arts and Science

KNPE 153  Introductory Biomechanics  Units: 3.00
This course will present the fundamentals of biomechanics, including forces and moments, linear kinematics and kinetics, and work, power, and energy. Biomechanical tools and techniques used to assess human movement will also be introduced.
**Learning Hours:** 114 (36 Lecture, 6 Tutorial, 72 Private Study)
**Requirements:** Prerequisite Registration in a KINE Plan.
**Offering Faculty:** Faculty of Arts and Science

KNPE 167  Socio-Cult Dimensions of Sport and Physical Activity  Units: 3.00
An introduction to sociological thinking about sport and physical activity. Among the topics to be discussed are: an exploration of what constitutes sport and under what conditions; how social relations of class, race, gender, and sexuality shape sport experiences; the business of sport; and the relationship between the media and sport.
**Learning Hours:** 120 (36 Lecture, 12 Tutorial, 72 Private Study)
**Requirements:** Prerequisite Registration in a KINE Plan.
**Offering Faculty:** Faculty of Arts and Science

KNPE 203  Coaching and Leadership in Sport  Units: 3.00
The course will explore the concepts of coaching and leadership in relation to sport. The course addresses topics such as theoretical models of coaching and leadership, coaching behaviours, coach education, and the role of coaches in promoting performance, participation, and personal development through sport.
**Learning Hours:** 108 (36 Lecture, 72 Private Study)
**Requirements:** Prerequisite Level 2 or above and registration in a KINE Plan and KNPE 265/3.0. Recommended KNPE 237/3.0.
**Offering Faculty:** Faculty of Arts and Science

HLTH 595  Honours Thesis in Health Studies  Units: 6.00
An independent study involving a research proposal and project on an approved topic in the area of health enhancement or disease prevention. The research proposal will be completed in the fall term and the research project in the winter term. Students must arrange for a full-time faculty advisor in the School of Kinesiology and Health Studies.
**Learning Hours:** 252 (12 Individual Instruction, 240 Private Study)
**Requirements:** Prerequisite Level 4 or above and registration in a HLTH Major, Joint Honours, or KINE Specialization Plan and a cumulative GPA of 3.50 or higher and permission of the Supervisor and the Undergraduate Chair in the School of Kinesiology and Health Studies. Recommended HLTH 252/3.0.
**Offering Faculty:** Faculty of Arts and Science
KNPE 225  Advanced Human Physiology  Units: 3.00
The emphasis will be placed on understanding the concept of homeostasis and the integrated control of cellular and organ responses involved in regulation to maintain homeostasis. Special emphasis will be placed on the systems that respond to exercise stress.

Learning Hours: 120 (36 Lecture, 12 Tutorial, 72 Private Study)

Requirements: Prerequisite Level 2 or above and registration in a HLTH or KINE Plan and KNPE 125/3.0. Exclusion PHGY 215/3.0; PHGY 216/3.0.

Offering Faculty: Faculty of Arts and Science

KNPE 227  Exercise Physiology  Units: 3.00
An introduction to the basic components of physiology as they apply to health, fitness and exercise physiology.

Learning Hours: 108 (36 Lecture, 72 Private Study)

Requirements: Prerequisite Level 2 or above and registration in a KINE Plan and KNPE 125/3.0 and KNPE 225/3.0.

Offering Faculty: Faculty of Arts and Science

KNPE 237  Child and Adolescent Motor Development  Units: 3.00
This course is an exploration of behavioural and biological research on physical activity and how it relates to the psychosocial, structural, and physiological development of children between birth and approximately age 13.

Learning Hours: 108 (36 Lecture, 72 Private Study)

Requirements: Prerequisite Level 2 or above and registration in a KINE Plan.

Offering Faculty: Faculty of Arts and Science

KNPE 251  Introduction to Statistics  Units: 3.00
An introduction to the analysis of data from real life situations. Covers study design, descriptive and inferential statistics. Topics include probability, t-tests, regression, Chi-square tests, analysis of variance. Emphasis is in the foundation of statistical inference and practical application of statistical methods using statistical software.

Learning Hours: 126 (12 Lecture, 18 Laboratory, 48 Online Activity, 48 Private Study)

Requirements: Prerequisite Level 2 or above and registration in a HLTH or KINE Plan. Exclusion BIOL 243/3.0; CHEE 209/3.5; COMM 162/3.0; ECON 250/3.0; GPHY 247/3.0; NURS 323/3.0; PSYC 202/3.0; SOCY 211/3.0; STAM 200/3.0; STAT 263/3.0.

Offering Faculty: Faculty of Arts and Science

KNPE 254  Biomechanical Analysis of Human Movement  Units: 3.00
Students will use biomechanical principles that describe how forces cause movement, from whole-body motions to tissue level processes, in order to solve problems in human movement. Biomechanical techniques and tools will be discussed, with a focus on applications in clinical movement disorders and performance in sport and exercise.

Learning Hours: 117 (36 Lecture, 9 Laboratory, 72 Private Study)

Requirements: Prerequisite Level 2 or above and registration in a KINE Plan and KNPE 153/3.0. Recommended ANAT 315/3.0.

Offering Faculty: Faculty of Arts and Science

KNPE 255  Physical Activity, Fitness, and Health  Units: 3.00
An introduction to the interrelationships between physical activity, fitness and health. Current techniques for the measurement of health related fitness components, evaluation of diet, weight loss principles, psychological aspects of fitness and suitable activities for fitness development. Concepts related to prescription of physical activity and exercise counseling are introduced.

Learning Hours: 108 (36 Lecture, 72 Private Study)

Requirements: Prerequisite Level 2 or above and registration in a KINE Plan and KNPE 125/3.0 and KNPE 225/3.0.

Offering Faculty: Faculty of Arts and Science

KNPE 261  Theory of Motor Behaviour and Motor Learning  Units: 3.00
Students will understand motor skill acquisition principles and procedures available to optimize learning in physical activity programs. The principles and theories outlined in this course will provide students with a basic knowledge of sensorimotor behaviour for applications in physical education, kinesiology, and rehabilitation.

Learning Hours: 123 (36 Lecture, 15 Laboratory, 72 Private Study)

Requirements: Prerequisite Level 2 or above and registration in a KINE Plan.

Offering Faculty: Faculty of Arts and Science

KNPE 265  Psychology of Sport and Exercise  Units: 3.00
This course will introduce both theoretical and applied/professional aspects of human social behaviour in sport and exercise settings.

Learning Hours: 108 (36 Lecture, 72 Private Study)

Requirements: Prerequisite Level 2 or above and registration in a HLTH or KINE Plan. Corequisite PSYC 100/6.0.

Offering Faculty: Faculty of Arts and Science
KNPE 300  Community-Based Practicum  Units: 3.00
A community-based practicum for Kinesiology students to apply knowledge gained in theory-based courses and develop a range of professional skills. Practicum opportunities vary year to year, subject to availability of an appropriate placement in a relevant workplace setting.
NOTE Students are expected to participate in professional development workshops offered by the SKHS Student Experience Coordinator and Career Services.
NOTE Transportation and other costs directly related to the student placement (e.g., Criminal Checks, if required) are the responsibility of the student.
Learning Hours: 126 (18 Group Learning, 84 Off-Campus Activity, 24 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and a minimum cumulative GPA of 1.90 and permission of the Coordinator and Undergraduate Chair in the School of Kinesiology and Health Studies. Exclusion HLTH 300/3.0; KNPE 330/4.5; KNPE 346/4.5.
Offering Faculty: Faculty of Arts and Science

KNPE 327  Exercise Physiology Laboratory  Units: 3.00
A laboratory experience designed to establish understanding of, and technical skills in, the measurement of human physiological responses and performance capacity in exercise. Students will develop familiarity with tests of physiological function during rest and exercise in preparation for work in human performance, clinical and medical settings.
Learning Hours: 126 (24 Lecture, 36 Laboratory, 6 Individual Instruction, 12 Online Activity, 48 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and KNPE 125/3.0, KNPE 225/3.0, and KNPE 227/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 330  Athletic Therapy Field Placement  Units: 4.50
Under the tutelage of the Coordinator of Athletic Therapy Services, students will complete a field placement that involves assignment to a varsity team as a student trainer. Student trainers are responsible for onsite coverage of the team during competition and possibly during practices. The student trainers are also responsible for the taping needs of athletes on the team, and assisting with assessment and rehabilitation.
NOTE Students must hold valid First Aid/CPR certification and proof of completion of Athletic Therapy experience (36 hours) in second year.
Learning Hours: 177 (165 Practicum, 12 Private Study)
Requirements: Prerequisite Level 3 or above and registration in the KINE Specialization Plan and ANAT 315/3.0 and KNPE 331/3.0 and a cumulative GPA of 2.70 or higher and permission of the Course Coordinator and the Undergraduate Chair in the School of Kinesiology and Health Studies. Exclusion HLTH 300/3.0; KNPE 300/3.0; KNPE 346/4.5.
Offering Faculty: Faculty of Arts and Science

KNPE 331  Care and Prevention of Athletic Injuries  Units: 3.00
The care and prevention of common athletic injuries with emphasis placed on the practical portion of taping and wrapping of athletic trauma.
NOTE Lab Materials: estimated cost $15.
Learning Hours: 120 (24 Lecture, 24 Laboratory, 72 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and ANAT 315/3.0 and ANAT 316/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 335  Healthy Aging  Units: 3.00
This course looks at what happens to the body as we age, including an examination of the physiological, psychological and emotional changes that occur during the aging process. The role of a healthy lifestyle in achieving quality of life as we age is a key perspective.
NOTE Also offered at Bader College, UK (Learning Hours may vary).
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a HLTH, KINE, or DIPA Plan.
Offering Faculty: Faculty of Arts and Science
KNPE 336 Community Field Placement in Disability and Physical Activity  Units: 3.00
Students gain experience assisting adults with a disability to engage in exercise. Students develop an understanding of the nature of disability, the benefits of exercise, factors that promote exercise participation, and appropriate exercise prescription.
NOTE Students must hold valid First Aid/CPR certification and CPIC.
NOTE Field Placement Uniform: estimated cost $25.
Learning Hours: 138 (18 Seminar, 84 Practicum, 12 Online Activity, 24 Private Study)
Requirements: Prerequisite Level 3 or above and (HLTH 200 or KNPE 255) or registration in the Certificate in Disability and Physical Activity. Corequisite HLTH 332.
Offering Faculty: Faculty of Arts and Science

KNPE 337 Physical Activity Promotion for Children and Youth  Units: 3.00
This course explores topics such as theoretical models of motivation, interest, and interpersonal behaviours, and the design, implementation, and provision of inclusive physical activity environments for children/youth. This course emphasizes the application of theory through activity-based classroom sessions and community placements.
NOTE Transportation and other costs directly related to the student (e.g. required Criminal Checks) are the responsibility of the student.
Learning Hours: 120 (18 Lecture, 18 Laboratory, 24 Online Activity, 60 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE or HLTH Plan and (KNPE 237 or HLTH 270).
Exclusion PACT 237.
Offering Faculty: Faculty of Arts and Science

KNPE 338 Field Course in Kinesiology and Health Studies  Units: 3.00
This course will provide an intensive experiential learning opportunity for students. The emphasis is on hands-on application of various current topics in the fields of Kinesiology and Health Studies including but not limited to outdoor recreation, active living, health and the built environment, food systems, parasport, sport participation, fitness assessment and/or movement behaviours. Students will participate in field excursions and participate in a range of skill building activities to expose them to professional and community environments.
NOTE Field Excursions: maximum cost $75. Please contact the School of Kinesiology and Health Studies for details.
NOTE This course is repeatable for credit under different topic titles.
Learning Hours: 114 (36 Group Learning, 30 Off-Campus Activity, 48 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a HLTH Major, Joint Honours, or KINE Plan. Equivalency PACT 338/3.0*.
Offering Faculty: Faculty of Arts and Science

KNPE 339 Advanced Exercise Metabolism  Units: 3.00
This course focuses on aspects of skeletal muscle energy metabolism related to exercise, with a particular emphasis on the regulation of carbohydrate and fat metabolism and the mechanisms regulating their use as substrates for muscle during rest and exercise.
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and KNPE 225/3.0 and KNPE 227/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 345 The Science and Methodology of Sport Training Conditioning Programs  Units: 3.00
This course focuses on the development of sport conditioning programs from periodization concepts to specific training components and how the components can be integrated to create a comprehensive and balanced athlete training plan. Laboratory sessions will work on skill development applicable to conducting training and conditioning programs.
Learning Hours: 126 (36 Lecture, 18 Practicum, 72 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and KNPE 227/3.0. Corequisite KNPE 254/3.0.
Offering Faculty: Faculty of Arts and Science
KNPE 346 Strength and Conditioning Field Placement  Units: 4.50
Under the tutelage of the Strength and Conditioning Coordinator, students will complete a field placement that involves a range of practical experiences in the area of strength and conditioning programs for elite athletes. Practical sessions will be rotated weekly in order to provide students with a variety of experiences in program delivery, training sessions, and testing.
NOTE Students must hold valid First Aid/CPR certification.
Learning Hours: 168 (120 Practicum, 24 Group Learning, 24 Private Study)
Requirements: Prerequisite Level 3 or above and registration in the KINE Specialization Plan and ANAT 315/3.0 and KNPE 345/3.0 and a cumulative GPA of 2.70 or higher and permission of the Course Coordinator and the Undergraduate Chair in the School of Kinesiology and Health Studies. Exclusion HLTH 300/3.0; KNPE 300/3.0; KNPE 330/4.5.
Offering Faculty: Faculty of Arts and Science

KNPE 349 Sports Nutrition  Units: 3.00
This course will provide foundational knowledge of the basic physiological pathways that support energy production during endurance-type and resistance-type exercise. Students will investigate, evaluate and develop nutritional interventions to potentiate energy systems and promote post-exercise recovery.
NOTE Nutrition Software: estimated cost $75.
Learning Hours: 126 (36 Lecture, 6 Laboratory, 84 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and KNPE 227 and KNPE 255.
Offering Faculty: Faculty of Arts and Science

KNPE 352 Research Skills Development Practicum  Units: 3.00
A practicum for students in Kinesiology and Physical Education working in the research labs and on research projects of SKHS faculty members. Includes a seminar series covering research topics and methodologies in: Applied Exercise Science, Epidemiology, Health Promotion, Psychology of Sport and Physical Activity, and Sociology of Sport and Health.
NOTE Students will apply for a research-based practicum at the end of their second year. Recommended for students who intend to complete KNPE 595.
Learning Hours: 140 (12 Seminar, 80 Practicum, 48 Private Study)
Requirements: Prerequisite Level 3 or above and registration in the KINE Specialization Plan and KNPE 251/3.0 and permission of the Course Coordinator or the Undergraduate Chair in the School of Kinesiology and Health Studies.
Offering Faculty: Faculty of Arts and Science

KNPE 353 Experiments in Neuromechanical Kinesiology  Units: 3.00
This laboratory course will focus on advanced principles and techniques used in experiments in Neuromechanical Kinesiology, including applications in biomechanics, motor control, and neurophysiology. The objective of the course is to provide students with hands-on experience in scientific study design, human instrumentation and data collection, signal processing and data analysis, and scientific report writing. These skills are intended to prepare students interested in pursuing careers involving the collection and/or interpretation of human data, be it research, clinical, or industry settings.
Learning Hours: 120 (36 Laboratory, 84 Private Study)
Requirements: Prerequisite KNPE 153/3.0 and KNPE 254/3.0 and KNPE 261/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 354 Occupational Biomechanics and Physical Ergonomics  Units: 3.00
An introduction to occupational biomechanics and physical ergonomics. The course will apply principles of biomechanics to describe relationships between job demands, functional/tissue capacities and work-related injury. Demand, capacity and injury risk evaluation tools will also be presented.
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and KNPE 254/3.0.
Offering Faculty: Faculty of Arts and Science
KNPE 355  Lifestyle and Cardiometabolic Assessment Laboratory  Units: 3.00
A lecture/laboratory experience designed to help prepare students to participate in a variety of multidisciplinary clinical and/or professional environments. Concept and skill development pertaining to exercise/lifestyle for general as well as selected special populations will prepare students for experiences in clinical and medical settings.

Learning Hours: 120 (12 Lecture, 36 Laboratory, 72 Private Study)

Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and KNPE 125/3.0, KNPE 225/3.0, KNPE 227/3.0, and KNPE 255/3.0.

Offering Faculty: Faculty of Arts and Science

KNPE 356  Exercise Prescription  Units: 3.00
Students will apply their foundational knowledge of human and exercise physiology to develop skills in patient/client interactions, exercise assessments, and exercise prescriptions. Topics include communication skills, documentation, health screening and assessments, clinical exercise testing, and exercise prescription for healthy adults and specific patient populations. Through an experiential learning, case-based approach, by the end of this course, students will be able to conduct physical assessments and interpret clinical findings to create patient/client-centered exercise interventions aimed at improving health and well-being.

Learning Hours: 120 (12 Lecture, 24 Laboratory, 12 Group Learning, 72 Private Study)

Requirements: Prerequisite KNPE 355/3.0.

Offering Faculty: Faculty of Arts and Science

KNPE 363  Team Dynamics in Sport: Theory and Practice  Units: 3.00
This course explores group dynamics in sport and involves the integration of theory, research, and practice. Topics include team structure (e.g., roles), processes (e.g., communication), and emergent states (e.g., cohesion). Students will be encouraged to critically analyze the body of research and discuss relevant practical implications.

Learning Hours: 120 (36 Lecture, 9 Laboratory, 84 Private Study)

Requirements: Prerequisite KNPE 167/3.0 or SOCY 221/6.0 or (SOCY 226/3.0 and SOCY 227/3.0).

Offering Faculty: Faculty of Arts and Science

KNPE 365  Motivational Interviewing for Physical Activity Behaviour Change  Units: 3.00
Study of strategies to enhance intrinsic motivation and self-regulation for physical activity and health behaviour change in clinical settings. Students will learn and practice motivational interviewing skills for behaviour change in intensive weekly tutorial sessions.

Learning Hours: 126 (18 Lecture, 24 Tutorial, 84 Private Study)

Requirements: Prerequisite Level 3 or above and registration in a HLTH or KINE Plan and PSYC 100/6.0 and (KNPE 265/3.0 or HLTH 315/3.0).

Offering Faculty: Faculty of Arts and Science

KNPE 366  Race, Sport and Physical Activity  Units: 3.00
This course offers a critical exploration into how the social construction of race affects sport, health, and physical activity cultures, how sport may influence our understanding of race in society. We discuss how racism exists in these sporting spaces. The end goal is to understand how sport and health practitioners can incorporate anti-racism work.

Learning Hours: 120 (36 Lecture, 12 Online Activity, 72 Private Study)

Requirements: Prerequisite Level 3 or above and registration in a HLTH or KINE Plan and (KNPE 167 or HLTH 101). Exclusion KNPE 397 (Topic Title: Race, Sport and Physical Cultures - Fall 2018; Fall 2020).

Offering Faculty: Faculty of Arts and Science

KNPE 367  Fitness, the Body, and Culture  Units: 3.00
This course looks at the ways that notions of fitness are tied to historically specific ideas about the body. The course focuses on ideas about race, class, gender, ability and sexuality while addressing the politics of fitness and exercise and their relationship to social, economic, and cultural institutions.

Learning Hours: 129 (36 Lecture, 9 Laboratory, 84 Private Study)

Requirements: Prerequisite KNPE 167/3.0 or SOCY 221/6.0 or (SOCY 226/3.0 and SOCY 227/3.0).

Offering Faculty: Faculty of Arts and Science

KNPE 397  Special Topics in Kinesiology  Units: 3.00
Intensive coverage of topics that are current and/or of special interest in the area of Kinesiology. Offered periodically. NOTE This course is repeatable for credit under different topic titles.

Learning Hours: 120 (36 Lecture, 84 Private Study)

Requirements: Prerequisite Level 3 or above and registration in a KINE Plan.

Offering Faculty: Faculty of Arts and Science
KNPE 400 Professional Issues in Allied Health  Units: 3.00
Through problem-based learning, students will gain an understanding of what it means to be an applied health care professional. Students will work collaboratively on case studies and develop critical thinking skills to prepare them as they transition to their careers as health care practitioners.
Learning Hours: 120 (24 Lecture, 12 Tutorial, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the HLTH Major or KINE Specialization Plan.
Offering Faculty: Faculty of Arts and Science

KNPE 425 Physiology of Stress  Units: 3.00
An in-depth exploration of physiological responses to primarily psychological sources of stress. An emphasis is placed on understanding the interaction between stress responses and function/health and the action of selected stress management techniques.
Learning Hours: 120 (36 null, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and KNPE 225/3.0 and KNPE 227/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 429 Skeletal Muscle Oxygen Delivery: Demand Matching in Exercise  Units: 3.00
The focus of this course is to develop an advanced understanding of cardiovascular and respiratory responses in meeting oxygen demand of exercising skeletal muscle. Topics: oxygen delivery in exercising skeletal muscle metabolism/contraction; compromised exercise performance in selected diseases; mechanisms of enhancement of exercise tolerance.
Learning Hours: 132 (36 Lecture, 12 Tutorial, 12 Online Activity, 72 Private Study)
Requirements: Prerequisite Level 3 or above and registration in the KINE Specialization Plan and KNPE 125/3.0 and KNPE 225/3.0 and KNPE 227/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 430 Athletic Therapy Internship  Units: 4.50
Working with the Coordinator of Athletic Therapy (AT), and building on the practical skills and knowledge acquired in KNPE 330, students will complete an Athletic Therapy internship. AT interns will be responsible for serving as a mentor to student trainers and onsite trainers in the Athletic Therapy clinic and at varsity events. They will also serve as teaching assistants in the laboratory component of KNPE 331.
NOTE Valid First Aid/CPR Certification required.
Learning Hours: 189 (165 Practicum, 24 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and KNPE 330/4.5 and a cumulative GPA of 2.70 or higher and permission of the Course Coordinator and the Undergraduate Chair in the School of Kinesiology and Health Studies.
Offering Faculty: Faculty of Arts and Science

KNPE 433 Global Sport and Disability  Units: 3.00
The UN recognizes the important role of sport participation in promoting physical and mental health as well as fundamental human rights. This course will critique the use of sport and recreation on a global level as a tool for improving the lives of people with disabilities with the goal of removing barriers and enabling participation for all.
NOTE Also offered at Bader College, UK (Learning Hours may vary).
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite Level 4 or above and (registration in a HLTH Major, Joint Honours, or KINE Specialization Plan) or [registration in the Certificate in Disability and Physical Activity and HLTH 332/3.0] or [registration at the Bader College].
Offering Faculty: Faculty of Arts and Science
KNPE 436 Advanced Placement in Disability and Physical Activity  Units: 3.00
Students gain leadership experience in an exercise program for adults with a disability. Students develop an understanding of the operational considerations to run an adapted exercise program including the necessary human and financial resources, and the skills to develop, implement, and evaluate exercise opportunities for persons with a disability.
NOTE Students must hold valid First Aid/CPR certification and CPIC.
NOTE Field Placement Uniform: estimated cost $25.
Learning Hours: 138 (18 Seminar, 84 Practicum, 12 Online Activity, 24 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and KNPE 339/3.0. Exclusion MECH 495/3.5.
Offering Faculty: Faculty of Arts and Science

KNPE 439 Critical Appraisal and Translation of Muscle Physiology Research  Units: 3.00
In this course students will read, evaluate and discuss recent scientific literature in the areas of exercise metabolism, exercise nutrition, and performance. Students will develop a systematic approach to scientific writing and write translational literature that accurately communicates recent scientific findings to the general population.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and KNPE 339/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 446 Strength and Conditioning Internship  Units: 4.50
Building on the skills and knowledge acquired in KNPE 346, students will complete a Strength and Conditioning (SC) internship with a varsity team. SC interns will be responsible for the design and implementation of training programs, functional screening, and athlete injury management. They will also assist with the Complete Athlete program and contribute to the laboratory component of KNPE 345 as TA’s. NOTE Valid First Aid/CPR Certification required.
Learning Hours: 168 (120 Practicum, 24 Group Learning, 24 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and KNPE 346/4.5 and a cumulative GPA of 2.70 or higher and permission of the Course Coordinator and the Undergraduate Chair in the School of Kinesiology and Health Studies.
Offering Faculty: Faculty of Arts and Science

KNPE 447 Advanced Exercise Physiology Laboratory  Units: 3.00
The physiological systems involved in exercise will be explored in weekly laboratory experiments by imposing experimental disturbances during exercise. Students will develop skills in reading and interpreting research, predicting the effects of experiment disturbances, and testing, analyzing and interpreting physiological responses in their experiments. The course format is intended to prepare students for knowledge consumption, application, and creation in the field of exercise physiology.
Learning Hours: 120 (24 Lecture, 36 Laboratory, 12 Online Activity, 48 Private Study)
Requirements: Prerequisite KNPE 225/3.0 and KNPE 227/3.0 and KNPE 327/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 449 Advanced Protein Metabolism  Units: 3.00
This course will provide an understanding of the factors that regulate the size of human skeletal muscle. Emphasis will be on how nutrition and exercise affect skeletal muscle growth/loss and insight into the use of isotopic labeling and other contemporary laboratory-based techniques used to study human skeletal muscle protein turnover.
NOTE Nutrition software package: estimated cost $75.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and (HLTH 331 or KNPE 349). Exclusion KNPE 493 (Topic Title: Advanced Protein Metabolism - Winter 2020; Winter 2021).
Offering Faculty: Faculty of Arts and Science

KNPE 450 Ergonomics  Units: 3.00
This is an interdisciplinary lecture/seminar course designed to provide a comprehensive overview of ergonomics emphasizing applications to product design and prevention of musculoskeletal injuries. The focus includes anthropometry, workplace design, and biomechanical and other human factors. Ergonomic assessment methodologies will be used to assess design features and possible musculoskeletal problems.
Learning Hours: 132 (36 Lecture, 24 Laboratory, 72 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a HLTH Plan or the KINE Specialization Plan and (ANAT 101/3.0 or ANAT 315/3.0) and (KNPE 254/3.0 or 6.0 units in PHYS at the 100-level). Exclusion MECH 495/3.5.
Offering Faculty: Faculty of Arts and Science
KNPE 453 Locomotor Neuromechanics Units: 3.00
The purpose of this course is to provide you with a comprehensive understanding of the mechanics, energetics, and control of human locomotion. We will explore current theories in biomechanics and motor control, as well as the foundational behavioral and sensorimotor evidence that underpin these theories. A focus will be placed on applying this understanding to the rehabilitation of movement disorders and the design and control of robotic assistive devices.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite KNPE 254/3.0 and KNPE 261/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 454 Clinical Biomechanics Units: 3.00
This advanced course will present the general biomechanical techniques used in clinical evaluation. This will be followed by assessment techniques, how assessment is done, and how the results of assessment can be used to evaluate performance and the effectiveness of treatment.
Learning Hours: 132 (18 Lecture, 18 Seminar, 12 Laboratory, 84 Private Study)
Requirements: Prerequisite Level 3 or above and registration in the KINE Specialization Plan and KNPE 254/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 455 Advanced Physical Activity and Health Units: 3.00
Provides advanced understanding of concepts related to the use of physical activity/lifestyle as a strategy for reducing morbidity and mortality in general and selected special populations in preparation to participate in a variety of multidisciplinary clinical and/or professional health care environments.
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and KNPE 125/3.0 and KNPE 225/3.0 and KNPE 227/3.0 and KNPE 255/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 456 Survey of Research and Literature in Kinesiology and Physical Education Units: 3.00
Independent study involving a critical review of the literature on an approved topic of specialization in health enhancement, disease prevention and human performance. Students must arrange for a faculty adviser approved by the School of Kinesiology and Health Studies.
Learning Hours: 126 (6 Individual Instruction, 120 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and permission of the supervisor and the Undergraduate Chair in the School of Kinesiology and Health Studies.
Offering Faculty: Faculty of Arts and Science

KNPE 457 Clinical Exercise Physiology Units: 3.00
An in-depth coverage of principles of health screening, exercise testing and exercise prescription for individuals with cardiovascular, metabolic and pulmonary diseases. An emphasis is placed on understanding disease pathophysiology and how this interacts with the acute response to exercise and the adaptation to training.
Learning Hours: 120 (36 Lecture, 84 Private Study)
Requirements: Prerequisite Level 3 or above and registration in a KINE Plan and KNPE 125/3.0 and KNPE 225/3.0 and KNPE 227/3.0. Recommended KNPE 255/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 463 Community-Based Physical Activity Promotion Units: 6.00
Program planning and evaluation for the promotion of physical activity in the community, workplace, school, and health care settings. Using a combination of lecture, group discussions, and a community-based placement, students will acquire the skills and understand the philosophies used in promoting physical activity involvement in the community.
Learning Hours: 244 (72 Seminar, 72 Practicum, 100 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and KNPE 265/3.0 and a minimum GPA of 2.90 in all KNPE courses. Recommended HLTH 315/3.0.
Offering Faculty: Faculty of Arts and Science
KNPE 465  Sport Participation and Performance  Units: 3.00
An exploration of the theoretical and empirical work in the development of sport participation and performance. Specific discussion of the developmental aspects and learning conditions that allow individuals to maintain participation and reach high levels of excellence in sport will be included.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and a minimum grade of B in KNPE 265/3.0. Recommended KNPE 237/3.0.
Offering Faculty: Faculty of Arts and Science

KNPE 473  Sport and Culture  Units: 3.00
This course draws on critical theories to look at sport in Western cultures. It examines sport's contribution to systems of gender, race, class, sexuality and ability. Topics include sport's relationship to nationalism, media, commodification, globalization, and the environment.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan.
Offering Faculty: Faculty of Arts and Science

KNPE 491  Special Project in Kinesiology  Units: 3.00
This is an independent project in an area of specialization in health enhancement, disease prevention and human performance. Students must arrange for a faculty advisor approved by the School of Kinesiology and Health Studies to oversee their project.
Learning Hours: 126 (6 Individual Instruction, 120 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and permission of the supervisor and the Undergraduate Chair in the School of Kinesiology and Health Studies.
Offering Faculty: Faculty of Arts and Science

KNPE 493  Special Topics in Kinesiology  Units: 3.00
Intensive coverage of advanced topics that are current and/or of special interest in Kinesiology. Offered periodically by visiting professors or members of faculty. Students should check with the School regarding availability of this course. NOTE This course is repeatable for credit under different topic titles.
Learning Hours: 120 (36 Seminar, 84 Private Study)
Requirements: Prerequisite Level 4 or above and registration in a KINE Plan.
Offering Faculty: Faculty of Arts and Science

KNPE 595  Honours Thesis in Kinesiology  Units: 6.00
An independent study involving a research proposal and project on an approved topic in the area of health enhancement, disease prevention, and human performance. The research proposal will be completed in the Fall Term and research project in the Winter Term. Students must arrange for a full-time faculty advisor in the School of Kinesiology and Health Studies.
Learning Hours: 252 (12 Individual Instruction, 240 Private Study)
Requirements: Prerequisite Level 4 or above and registration in the KINE Specialization Plan and a cumulative GPA of 3.50 or higher and permission of the Course Coordinator and the Undergraduate Chair in the School of Kinesiology and Health Studies. Recommended HLTH 252/3.0.
Offering Faculty: Faculty of Arts and Science
