

# CHEMICAL ENGINEERING

---

## Programs

- (CHE1) Chemical Engineering - Chemical Process Engineering Sub-Plan, B.A.Sc. (Class of 2023) (<https://queensu-ca-public.courseleaf.com/engineering-applied-sciences/academic-plans/chemical-engineering/che1-chemical-process-engineering-sub-plan-basc-class-2022/>)
- (CHE1) Chemical Engineering - Chemical Process Engineering Sub-Plan, B.A.Sc. (Class of 2024) (<https://queensu-ca-public.courseleaf.com/engineering-applied-sciences/academic-plans/chemical-engineering/che1-chemical-process-engineering-sub-plan-basc-class-2023/>)
- (CHE1) Chemical Engineering - Chemical Process Engineering Sub-Plan, B.A.Sc. (Class of 2025) (<https://queensu-ca-public.courseleaf.com/engineering-applied-sciences/academic-plans/chemical-engineering/che1-chemical-process-engineering-sub-plan-basc-class-2024/>)
- (CHE2) Bioengineering - Biochemical, Biomedical, Bioenvironmental Sub-Plan, B.A.Sc. (2023) (<https://queensu-ca-public.courseleaf.com/engineering-applied-sciences/academic-plans/chemical-engineering/che2-bioengineering-biochemical-biomedical-bioenvironmental-sub-plan-basc-2022/>)
- (CHE2) Bioengineering - Biochemical, Biomedical, Bioenvironmental Sub-Plan, B.A.Sc. (2024) (<https://queensu-ca-public.courseleaf.com/engineering-applied-sciences/academic-plans/chemical-engineering/che2-bioengineering-biochemical-biomedical-bioenvironmental-sub-plan-basc-2023/>)
- (CHE2) Bioengineering - Biochemical, Biomedical, Bioenvironmental Sub-Plan, B.A.Sc. (2025) (<https://queensu-ca-public.courseleaf.com/engineering-applied-sciences/academic-plans/chemical-engineering/che2-bioengineering-biochemical-biomedical-bioenvironmental-sub-plan-basc-2024/>)
- Chemical Process and Bioengineering Sub-plan: Technical Electives (<https://queensu-ca-public.courseleaf.com/engineering-applied-sciences/academic-plans/chemical-engineering/chemical-process-bioengineering-sub-plan-technical-electives/>)
