ART HISTORY

Courses

Not all the courses listed below will be offered in any one year; a few are offered only infrequently. A list of the expected offerings with detailed course descriptions is available from the department in July or August each year.

The content of the courses designated Studies or Topics and listed without further description in the calendar varies from year to year.

Normally, courses are one-term, 3.0 credit unit courses.

**ARTH 800  Methods for an Expanded Art History**

This course introduces students to various methods of an expanded art history addressing not only art works, but also objects of visual and material culture, institutional practices of collecting and display, and the writing of art history itself.
