Facilities
Goodes Hall is designed to maximize interaction between students and faculty. Two expansive atriums are the central hub of the School. Goodes Hall provides a wireless network accessible anywhere in the building with plenty of classrooms, meeting rooms and lounge areas for graduate students. Students have access to the Smith behavioural research lab, and their own dedicated computer lab with various software packages and a suite of databases available. Presentation tools can be found in classrooms including data projectors, document cameras, video capability and video conferencing facilities.

Financial Assistance
Competitive levels of financial support are available during the first four years of the doctoral program. Ph.D. students receive unconditional funding of $30,600 per year, with the ability to participate in additional RA and TA work opportunities to supplement funding. Typically, students complete at least one RA/TA contract equivalent to 78 hours of work (or $3,400) to increase funding to $34,000. In order to receive funding, students must be registered full-time and remain in good standing in the program. Students in year 5 are eligible to receive up to $15,000 in unconditional funding. Students also have access to conference and research support.

Master’s students receive unconditional funding of $22,600 from Smith School of Business, with the ability to participate in additional RA/TA work opportunities. Typically, students complete at least one RA/TA contract equivalent to 78 hours of work (or $3,400) to increase funding to $26,000. In order to receive funding, students must be registered full-time and remain in good standing in the program. Students in year 5 are eligible to receive up to $15,000 in unconditional funding. Students also have access to conference and research support.

Academic Qualifications for Admission, Ph.D.
Applications are made in accordance with the general regulations of the School of Graduate Studies.

The minimum academic qualifications for admission are:

1. A B+ average in a master’s degree or
2. A four year Bachelor Honours degree, and completion with high standing of one academic year of full-time graduate study in a program that is directly related to management studies at a recognized university. Examples of recognized related studies include master's programs in: Business, Public Administration; Economics; Psychology; Industrial Relations; Mathematics; Operations Research or Industrial Engineering; Sociology; Statistics; Political Science; Education; Anthropology; Gender Studies, Cultural and Global Development Studies; Urban and Economic Geography; and Urban and Regional Planning with an emphasis on economics and quantitative analysis.
3. Direct entry: consistent with the applicable regulations found here (https://www.queensu.ca/sgs/graduate-calendar/admission-and-registration/), students with unquestionably superior standing in their honours bachelor's degree, or equivalent, may be considered for direct admission to a doctoral program.

All applicants for the doctoral program must complete the Graduate Management Admission Test (GMAT) or GRE test. TOEFL or IELTS is required for applicants whose native language is not English. Admissions are competitive, and based on the candidate's background as well as the overall program size and number of students in each field. Applications are reviewed on a rolling basis.

Academic Qualifications for Admission, M.Sc.
