

MATHEMATICS AND STATISTICS

Facilities

The Department of Mathematics and Statistics is located in its own building, Jeffery Hall, and this building also houses most of the facilities associated with the department. A large number of networked public computers and workstations are located in Jeffery Hall and provide students and staff with ready access to standard computing software and to the Internet.

Financial Assistance

Graduate students are normally supported by teaching assistantships and research fellowships and various scholarships and awards. A student receiving a major scholarship (such as an Ontario Graduate Scholarship or a Natural Sciences and Engineering Research Council Postgraduate Scholarship) will normally be awarded additional support and also offered a teaching assistantship.

Areas of Research

Faculty research areas cover pure and applied mathematics, statistics and engineering mathematics. A summary of the current research interests of our faculty is available on the Department of Mathematics and Statistics website <https://www.queensu.ca/mathstat/research> (<https://www.queensu.ca/mathstat/research/>).
