MECHANICAL AND MATERIALS ENGINEERING -
MASTER OF APPLIED SCIENCE

The minimum requirements for the M.A.Sc. are four
term-length graduate courses or their equivalent plus
a satisfactory thesis successfully defended. One term
length senior (400-series) undergraduate course, OR one
combined undergraduate/graduate course (also known as a
double numbered 400/800 course) may be accepted as the
equivalent of a graduate course from any discipline for an
M.A.Sc. student provided that
a) the course is approved by the student's supervisor and
b) the student has not received credit for a similar course in
their Bachelor's program.

Seminars
As part of the M.A.Sc. and Ph.D. programs, full-time students
are required to take the appropriate seminar course, either
MECH 897 or MECH 997.
