

BACHELOR OF HEALTH SCIENCES

Bachelor of Health Sciences Academic Calendar 2024-2025

The Academic Calendar is the official publication of Faculty-approved regulations and program information for all undergraduate and graduate plans in the Bachelor of Health Sciences (Honours and General) program. It provides information and links to academic plans of study, admission requirements, information about programs, courses of study and mode of delivery, degree requirements and policies pertaining to the determination of academic standing in the degree programs, sessional dates for the academic year, academic regulations, and appeal regulations.

It is strongly suggested that students read the University's Code of Conduct (<https://www.queensu.ca/registrar/resources/policies/university-code-conduct/>), and familiarize themselves with the statement of Student Responsibility and the Faculty's Regulations.

Timetable Information

Not every course listed in this Calendar is offered every year. For the most up-to-date information on course offerings, students are advised to view the course timetable on SOLUS or consult with the Bachelor of Health Sciences (Honours) program office.

Curriculum Changes

Students should be aware that course offerings and program requirements change from time to time. Departments work in conjunction with the Faculty of Health Sciences Undergraduate Curriculum Committee to ensure that changes in the curriculum are made with the least amount of disruption to continuing students.

Please contact us (bhsc@queensu.ca) regarding academic matters pertaining to the Bachelor of Health Sciences programs.
