

NURSING ELECTIVES

The following courses are not offered each year. Please email the School of Nursing at nursing@queensu.ca for further information on when they will be offered.

NURS 304 Nursing Practicum: Hospice Palliative Care Nursing Units: 3.00

This theory and clinical course is about hospice palliative care of persons with cancer and non-cancer end-stage diseases. Students will examine the history, philosophies, and role of nursing in hospice palliative care, as well as pain and symptom management; advance care planning; and caring for self. This course includes clinical placements in settings where palliative care is provided.

Requirements: Prereq NURS 206 and NURS 207 and in BNSc

Offering Faculty: Faculty of Health Sciences

NURS 347 Fundamentals of Healthcare Quality, Risk, and Safety Units: 3.00

This course will introduce the principles of quality, risk, and safety (QRS) in healthcare. The historical, current, and future states of QRS in various healthcare settings will be explored with the goal of creating a system that advances health and protects patients from harm, while enhancing the quality of healthcare delivered. The principles of healthcare improvement will be actively discovered by applying healthcare quality frameworks and approaches to real world situations. Concepts will be evaluated that highlight quality improvement theory, methodology and tools, economic considerations, risk and risk management, safety, organizational culture, leadership, systems thinking, person-centered care, communication and interprofessional teamwork, human factors and technology advancement. Further, exploration of implementing a change to practice will be examined through change management, ethics, policy, and law. Completion of year 2 university or permission of the instructor.

Requirements: BNSC and \geq 3rd year

Offering Faculty: Faculty of Health Sciences

NURS 425 Managing for Success Units: 3.00

This course focuses on three key skills that a successful manager possesses; an understanding of financial management, negotiation and influence. In the three components of the course learners will examine, among other things, basic ideas of finance and accounting and how health care is funded in various jurisdictions; styles of negotiation and bargaining for an agreement; how people are influenced and how to exert influence to achieve personal and organizational goals.

Requirements: BNSC and \geq 4th year

Offering Faculty: Faculty of Health Sciences

NURS 490 Independent Studies In Nursing Units: 3.00

The purpose of this nursing theory course is the enrichment of a student's overall program of study. Designed by the interested student or group of students and agreed upon by faculty involved and approved by the Undergraduate Curriculum Committee. A similar course must not be offered elsewhere at Queen's or have a remedial intent. There is a limit of one independent studies course for credit.

Requirements: BNSC students only

Offering Faculty: Faculty of Health Sciences
