Arts and Science

Why Study Arts and Science at Queen’s?

Arts and Science is an integrated faculty, with a strong sense of shared purpose. As a student, you benefit from the opportunity to choose from a variety of study options and to develop transdisciplinary skills that are highly valued by employers. Some students apply directly to our Fine Art, Kinesiology and Health Studies, Life Sciences and Biochemistry, Music and Music Theatre programs, most go into Arts or Science and declare their major before entering second year. While you settle into university life, you have the chance to explore and work with our faculty and advisors to uncover your real interests and opportunities for success. Sometimes that discovery happens quickly, and other times it takes some time before the “ah-ha!” happens! Either way, your first year will be a great experience!

FAST FACTS

Herstmonceux is situated in East Sussex, on the south coast of England. The vibrant coastal city of Brighton is nearby, while the city of London is a quick 90-minute ride away thanks to convenient local rail connections.

Herstmonceux Castle sits on a historic 600-acre estate, but also boasts the cutting-edge learning tools of a modern university campus; eight seminar rooms, a dedicated film & video room and science laboratories.

The average size of a First-Year class is just 18, promoting conversation and healthy debate in class, plus a strong connection with your professors.
Concurrent Education

Popularly known as ConEd, Concurrent Education is a program for high school graduates with a passion for teaching and learning. From your very first day at Queen’s, you will work on two degrees: one in Arts, Science, Music or Fine Art (Visual Art), the other a Bachelor of Education. You may even decide to do your first-year at Bader College in East Sussex, England.

You might be a candidate for the Queen’s Accelerated Route to Medical School Pathway. Learn more: meds.queensu.ca/academics/quarms
There are two pathways to becoming a Queen’s Nurse. Secondary school graduates can enrol in our traditional four-year Bachelor of Nursing Science (BNSc) full-time program, while students applying with 10 or more full-year university course credits may choose our full-time accelerated standing track (AST). The AST program is two years including summer terms. Both programs qualify graduates to take their NCLEX-RN exam, to secure registration to practice with the title Registered Nurse (RN).

Classes taken during your time in the program include core arts and science courses, theory-based nursing science courses, and extensive clinical practice experiences in a variety of responsive environments. These combined experiences, led by expert faculty, will prepare you to become a confident health professional and clinician-scholar. Queen’s nurses are sought by top-tier health organizations nationwide and internationally.

Clinical Learning Environments:
• rotating placements in a variety of health care settings
• Interdisciplinary simulation and skills labs
• Sessions in Queen’s Clinical Education Centre

By 2025, more than 20% of Queen’s health professions courses will be interdisciplinary; nursing, rehab, and medical interprofessional health systems. Current IPE initiatives teach future healthcare team members how to optimize care outcomes through respectful collaboration and interactions as students.

Thinking of becoming a Nurse Practitioner (NP) or an advanced Health Researcher?
Our BNSc programs build a strong scholarly foundation for future graduate studies.

FAST FACTS
In 2020, on the NCLEX-RN exam, Queen’s nurses had a first-time pass rate of 97.4%, compared to the provincial average of 83.8% and the national average of 85.8%

*Canadian Council of Registered Nurse Regulators

Our graduates work in academic, government, and health institutions around the world.

Our commitment to Nursing Science includes evidence-based teaching and rapid translation of research to nursing education and practice.

Small lab sizes give you focused and tailored learning experiences.

There has never been a more exciting time to consider a Bachelor of Nursing Science degree! Over 191,000 RNs are needed by 2028, yet over 50,000 nursing positions are expected to remain unfilled (Statistics Canada, 2022).
QBridge
School of English
English Language Bridging Pathway

qsoe.educ.queensu.ca/programs/qbridge

QBridge
is an English language pathway to Queen’s University for students who are academically competitive for admission to a Queen’s undergraduate degree program, but who do not meet the required admission standard for English language proficiency. The pathway ensures that students are linguistically, academically, and culturally prepared to complete their Queen’s undergraduate degree studies.
Eligible Degree Programs

QBridge Accelerated and QBridge EAP are available as pathways to undergraduate degree programs in Arts, Science, Computing, and Engineering.

QBridge: ACCELERATED  July-August

An intensive eight-week summer course, QBridge Accelerated is for students with the following minimum standardized English language test scores:

- **TOEFL iBT**: 80
- **PTE**: 55
- **IELTS**: 6.0
- **DUOLINGO**: 95
- **MELAB**: 78
- **CAEL**: 60

**CAMBRIDGE ENGLISH**: 170

Students must achieve a minimum grade of B in QBridge Accelerated to progress to their academic degree program beginning in September.

QBridge: ENGLISH FOR ACADEMIC PURPOSES (EAP)  Starts in September

Students who do not meet the requirements for QBridge Accelerated, but are academically competitive for admission will be considered for QBridge EAP if they present the following minimum standardized language test scores:

- **TOEFL iBT**: 58
- **PTE**: 40
- **IELTS**: 5.5
- **DUOLINGO**: 80
- **MELAB**: 58
- **CAEL**: 50

**CAMBRIDGE ENGLISH**: 160

Students must achieve a minimum grade of A- in EAP 140, or B in EAP 150 to fully progress to their academic degree program. Students in the upper levels may choose to enrol in one for credit course (see qsoe.educ.queensu.ca/programs/qbridge for details). If a student has not reached the required standard, then further EAP courses will be required to progress to academic studies.

Applying for Admission

Students are required to apply* for QBridge Accelerated and QBridge EAP through the Ontario Universities Application Centre (OUAC) using the following OUAC codes:

- Bachelor of Arts (Honours): QXA
- Bachelor of Science (Honours): QXS
- Bachelor of Engineering: QXE
- Bachelor of Computing (Honours): QXD

English language scores received by the documentation deadline will determine eligibility to QBridge Accelerated or EAP.

* Application information including admission requirements and competitive averages may be found on our website queensu.ca/admission/

“ My internship experience was probably one of the best experiences of undergrad. It provided me with the chance to meet new people, work flexible hours, travel, and discover what type of career path I want to pursue moving forward.”

Anwar, Applied Economics, Statistics Canada

“Completing an internship was the best thing I could have done for myself! I was able to learn about the industry I envisioned myself entering, and I now get to graduate with 12 months of professional work experience.”

Candice, Gender Studies, Student Affairs, Queen’s University

“This internship has provided me with invaluable opportunities to accelerate my career and my professional and personal development. I would have never expected such an enriching experience and I am pleased to have taken part in a QUIP internship.”

Natalie, Mechanical Engineering, National Research Council (NRC)

Indigenous Admission Policy.

Indigenous candidates apply through the Ontario Universities’ Application Centre (OUAC) and self-identify as having Indigenous ancestry. Candidates must meet the general admission requirements for each program and deadlines for undergraduate admission. This may also include other supplementary information that will be requested on the To-Do List in your SOLUS Student Centre.

Candidates seeking admission consideration under this policy must submit a separate letter to the Indigenous Community Outreach Coordinator stating that they wish to be considered under this policy along with proof of Indigenous ancestry (First Nation, Status/Non-Status, Métis or Inuit). Admission to Queen’s University will depend on the assessment of the student’s program prerequisites (or equivalencies) as well as the student’s overall average and submission of any required supplementary information. The number of students admitted each year under this policy will be determined in the annual enrolment plan upon consultation with the faculties and schools.

For more information, please email the Indigenous Community Outreach Coordinator.

Visit the website above for detailed admission requirements and competitive averages for each degree program, for your location or educational system.

Competitive averages are based on the minimum average (based on prerequisite courses) required for admission consideration, and can vary from year-to-year. Achieving the minimum average does not guarantee admission. Any additional information we require (including due dates) will be posted on your To-Do List in SOLUS. Supplementary Admission Information

queensu.ca/admission/about-applying/documents

Your high school transcript is just one piece of information we use when making an admission decision. Each applicant to Queen’s has a unique To-Do List, detailing exactly what we need to complete your application. You can see your To-Do List (and the due dates) on your SOLUS Student Centre. We will send your SOLUS access information after you apply. Learn more about submitting your documents on the website listed above.

We review and update our Supplementary requirements on a regular basis to ensure applicants have a meaningful platform to share additional information not available through their grades. Please visit our website for the most up-to-date information on Supplementary requirements and how, when and for which programs they are required.

Equity Admission Self-Identification

Queen’s has pledged to identify and eliminate barriers within university policies, procedures, and practices related to the recruitment and admission of Black, Indigenous and other racialized students, and enhance efforts and initiatives to diversify the student population.

To assist in this effort, applicants from a broad range of historically and currently underrepresented groups are encouraged to self-identify to the Undergraduate Admission and Recruitment Office. Queen’s may consider this information in conjunction with the academic record when making offers of admission. Our Access and Inclusion staff, and a dedicated group of student Equity Ambassadors are available to provide support throughout the admission process.

Applicants are invited to complete the optional form if they identify as:

- An Indigenous person
- A member of a racialized/visible minority group
- A person with a disability

Get to Know Our Campus

The best part of Queen’s is our people and the learning, but we also think our campus is pretty special. We'd be delighted to show you around! We know you'll like what you see.

▶ queensu.ca/admission/campus-tours
We acknowledge that Queen's is situated on traditional Anishinaabe, Haudenosaunee and Huron-Wendat territory. We are grateful to be able to live, learn and play on these lands. This territory is included in the Dish With One Spoon Wampum Belt Covenant, an agreement between the Iroquois Confederacy and the Confederacy of the Ojibwe and Allied Nations to peaceably share and care for the resources around the Great Lakes. The Kingston Indigenous community continues to reflect the area's Anishinaabek and Haudenosaunee roots. There is also a significant Métis community as well as First Peoples from other Nations across Turtle Island present here today.
