Visit [queensu.ca/homecoming](http://queensu.ca/homecoming) for Homecoming updates and an online version of the weekend’s schedule.
Welcome back to Queen's! We are so happy you are here in Kingston to celebrate Homecoming with us, and hope your weekend is full of time spent reminiscing with friends and creating new memories.

I wish to extend a special welcome to members of the Class of 1969 who are now officially a part of the Tricolour Guard, which celebrates alumni who graduated 50 years ago or more. Whether you graduated a year ago or many decades ago, you always have a place here at Queen's.

I am thrilled to be back at Queen's myself and am experiencing my own homecoming as I get reacquainted with the campus, people, and special qualities of this university. Over the course of Homecoming weekend, I hope you get a chance to revisit your favourite Queen's and Kingston locations and partake in many of the activities you enjoyed during your time here as a student.

It is important to thank the many volunteers and community partners who have worked hard to make this a memorable, safe, and cherished event for everyone. And thank you for your commitment to and love of Queen's; your spirit and dedication are a large part of what makes this institution so beloved.

Cha Gheill!

Patrick Deane
Principal and Vice-Chancellor,
Queen's University
On behalf of the Queen's University Alumni Association (QUAA) Board of Directors, I am pleased to extend congratulations to all alumni celebrating a milestone reunion in 2019. This weekend, students, staff, and alumni from all backgrounds will proudly share their Queen’s spirit with each other and the Kingston community. Alumni will have opportunities to reconnect with friends from years ago, meeting new people along the way.

Homecoming means something different to each of us. During my 10-year reunion, my partner (Andrea) and I attended the Queen's Black Alumni Chapter Homecoming launch event, the football game, the Reunion Planners Reception, and celebrated with our classmates (Econ 2008 and Life Sci 2008). As you can see, there is a lot of programming to attend, so I would encourage you to read through the following pages and attend those events that speak to you. From there, when you return home, please revisit our QUAA events page and give some thought to getting involved in one of our constituency communities: Branches, Chapters, Reunions, Athletics, Faculty, Governance, Student Mentorship, etc. I’m sure that these communities will energize you in the same way that these three days of Homecoming do.

I look forward to seeing you at Queen’s Homecoming 2019.

Jeremy Mosher, Artsci’08
Volunteer President, Queen’s University Alumni Association quaa.president@queensu.ca

On behalf of students currently studying at Queen’s, welcome home and congratulations to alumni celebrating a reunion! My name is Becca Dann and I am the 2019-20 president of the Queen’s Student Alumni Association (QSAA). I am a fifth year Arts and Science student and I am grateful to call Queen's home. Having been involved with student government, orientation week, and various clubs, I am really looking forward to the exciting year ahead. QSAA’s mission is to connect students to their future as engaged alumni. This year’s QSAA team will be educating students on the impact of philanthropy on campus, as well as hosting professional development workshops and alumni speaker events, which encourage student-alumni connections. Due to the passion of 35 student volunteers, QSAA is able to deliver this programming for all Queen’s students, regardless of academic background or year of study.

 QSAA hopes to meet you all at Spirit Corner at Grant Hall on Saturday morning to enjoy some free “Q” donuts and face painting, and get tricolour’ed up for the big game! Be sure to check out some of the other incredible Queen’s Homecoming events, such as the football game and faculty events as well.

As a student, I hope we can protect this event by being respectful to our campus and community, as I really love seeing spirited alumni on campus for Homecoming.

Welcome back, and have a phenomenal weekend!

Becca Dann, Artsci’19
QSAA President
Mayor’s Welcome

Bryan Paterson, MA’01, PhD’07
Mayor of Kingston

As a proud Queen’s graduate myself, I am very pleased to welcome you back to Kingston for Homecoming 2019. I hope you take time this weekend to revisit the memories and landmarks that shaped your university years.

As home to some of the region’s best cultural attractions, I invite you to rediscover Kingston. Our beautiful waterfront, museums, galleries, historic sites, and charming downtown means there’s something here for everyone.

Enjoy the weekend making new memories and remember it doesn’t need to be Homecoming weekend for you to come home to Kingston! I hope your stay is memorable and that you’ll visit us again soon!

Sincerely,
Agnes Etherington Art Centre invites you to enjoy art while visiting campus over Homecoming weekend. Current exhibitions feature works by Rembrandt (including a new arrival), Emily Carr, Zandra Rhodes, and more. You will experience the great artistic traditions of the past and the innovations of the present in exhibitions staged across eight beautiful galleries. Agnes is open from 10 am–4:30 pm on Friday, with extended hours from 10 am–5 pm on Saturday and Sunday.

Free admission for all.

Did you know that the Museum of Health Care at Kingston is home to the largest collection of health care artifacts in the country? Or that the building was once used as a residence for nursing students? Receive a guided tour to explore our seven different exhibitions and glimpse into history. From gas masks used in World War One, to an iron lung used during the polio epidemic, we tell the stories of Canada’s health care past.

No cost to attend; no registration required.

Join Queen’s Engineers Without Borders for the return of the famous Pumpkin Smash! The Pumpkin Smash is a nationwide initiative from Engineers Without Borders Canada to raise awareness about how we, as Canadians, can break the
cycles of poverty. Grab some free hot chocolate and a slice of pumpkin pie and watch as we drop a giant pumpkin from the sky at 2:30 pm.

No cost to attend; no registration required.

Not all surprises are good ones.

Especially the ones that could cost you hundreds or even thousands of dollars – like a sprained knee, a medical emergency abroad or even a broken tooth. That’s why there’s Alumni Health & Dental Insurance.

It can help protect you against the cost of routine and unexpected medical expenses not covered by your government plan. Coverage options include dental care, prescription drugs, massage therapy, travel emergency medical and more. The icing on the cake is that it helps you keep more money in your pocket. And who doesn’t want that?
