If someone in the classroom **tests positive** for COVID…

In the event of potential exposure, **KFLA Public Health will notify all involved by email**

- Faculty, staff, and students should **self-assess** daily using the SeQure app.
- If you have symptoms, or are awaiting results of a COVID test, **do not come to campus**.
- Continue to teach and learn **in person**. Any decision to move a class to remote teaching will be made by KFLA Public Health.

**No other action is required** unless directed by KFLA Public Health.
