* Students wishing to declare a major in Psychology will do so by completing a form on the Arts and Science website. This will be available the week of May 10th at the latest. All students who have applied will be contacted with the decision made by the Psychology Department before the end of that week. Students who are accepted do not have to participate in regular plan selection, students who are not accepted can request another Psychology plan, if desired, during the regular plan selection window.

* No automatic acceptance - space is limited in Psychology plans and decisions will be made shortly after the plan selection period.
