A tranquil seaside town most of the year, Bexhill-on-Sea seems to have retained all the best qualities of English life since the turn of the last century whilst managing to avoid most of the unpleasant influences that seem to have plagued so many other towns.

The wide-level promenade, gently sloping beach and the expanse of sand at low tide make for an idyllic location for a leisurely evening stroll. The famous 1930s De La Warr Pavilion makes a prominent focal point and provides year-round quality entertainment and the newly-renovated King George V Colonnade, with gift shops and café, provide entertainment, live music and enjoyment throughout the year—and that's just the seafront. Venturing inland towards the town centre, you'll find independent shops, quality restaurants serving a variety of cuisines, and places to enjoy a quiet drink with friends or family. Bexhill is a superb, self-contained seaside town.

Bexhill-on-Sea is the birthplace of British motor racing, home of the De La Warr Pavilion and Guinness World Record breaker for the largest Charleston dance.

Bexhill-on-Sea is regarded as a predominantly residential town with a visitor element. It is located at the very heart of the district of Rother.
