

**BADER INTERNATIONAL
STUDY CENTRE**

INTERDISCIPLINARY STUDIES IN GLOBAL HEALTH AND DISABILITY

WHAT THE STUDENTS SAY...

Choosing to attend this program was **one of the best decisions I've made**. Not only was the program applicable to our area of study, it opened our perspective to many different professions. **The ELOs have been exceptional and eye-opening.**

- Student, 2016

I have been **constantly inspired, exposed to new experiences and perspectives**, and encouraged to step outside of my comfort zone. Finishing this course I am left **more confidence as a student and presenter**, and new **excitement surrounding disability studies.**

- Student, 2017

It has been an incredible 6 weeks being a part of the ISGHD family at the castle. I will never forget all of the amazing lessons and experiences I have gained from the program. **The environment, teachers and students have all helped me think in ways I never have before** and I will definitely take these tools with me wherever I end up in the future.

- Student, 2016

Listening to **guest speakers** and attending museums **made learning about course concepts significantly more engaging and applicable** to real-world issues.

- Student, 2017

These past 6 weeks have been an incredible experience... I think I speak for everyone when I say that **this program was one of my greatest life experiences so far**, and I can't wait to cherish these memories forever.
