TEACHING POSITION AVAILABLE – Fall 2018
ENSC 425/3.0 – Ecotoxicology
School of Environmental Studies
Queen’s University, Kingston, ON CAN K7L 3N6

The School of Environmental Studies at Queen’s University invites applications from suitably qualified candidates interested in teaching a course in Ecotoxicology (ENSC 425/3.0). This is an on-campus, lecture course with an expected enrolment of ~20 students. Candidates should have an M.Sc. or Ph.D., and teaching experience at the University level in Ecotoxicology or a closely related discipline. This is a fall term appointment for the period September 1, 2018 to December 31, 2018 with classes in session from September 6, 2018 – November 30, 2018.

The University invites applications from all qualified individuals. Queen’s is committed to employment equity and diversity in the workplace and welcomes applications from women, visible minorities, Aboriginal peoples, persons with disabilities, and LGBTQ persons. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant’s accessibility needs. If you require accommodation during this process, please contact: School of Environmental Studies, Dr. Alice Hovorka, Director, alice.hovorka@queensu.ca, 613-533-6000 ext. 78060.

The academic staff at Queen’s University are governed by the Collective Agreement between the Queen’s University Faculty Association (QUFA) and the University, which is posted at http://www.queensu.ca/facultyrelations/faculty-librarians-and-archivists/queens-qufa-collective-agreement.

To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens / permanent residents of Canada. Applicants need not identify their country of origin or citizenship, however, all applications must include one of the following statements: “I am a Canadian citizen / permanent resident of Canada”; OR, “I am not a Canadian citizen / permanent resident of Canada”. Applications that do not include this information will be deemed incomplete.

Applications should include a complete and current curriculum vitae, letters of reference from two (2) referees, and any other relevant materials the candidate wishes to submit for consideration such as a letter of intent, teaching dossier, etc. Please arrange to have applications and supporting letters sent directly to:

Dr. Alice Hovorka, Director
School of Environmental Studies
Queen’s University
Kingston Ontario Canada K7L 3N6

Applications will be received until June 26, 2018. Review of applications will commence shortly thereafter, and the final appointment is subject to budgetary approval. Additional information about the School of Environmental Studies can be found at http://www.queensu.ca/ensc

Course Description:
An exploration of the interactions among chemical exposure, toxicity to individual organisms, and effects on ecosystem structure and function. Mechanisms of toxicity will be linked to effects at different levels of organization up to the level of the ecosystem, using case studies to explore the complexities of exposure and response.

NOTE  Field trip: estimated cost $20.
NOTE  Course readings, assignments, exercises and lecture notes are posted on the course Moodle site.
LEARNING HOURS  126 (24L;12T;60c;84P)
RECOMMENDATION  ENSC 201/3.0.
PREREQUISITE  Level 4 standing and (BIOL 102/3.0 and 103/3.0) and (CHEM 112/6.0).
