
ACADEMIC ANESTHESIOLOGIST

The Department of Anesthesiology & Perioperative Medicine at Queen's University in Kingston, Ontario, Canada, is accepting applications for an academic anesthesiologist with postgraduate training in Quality Improvement. Candidates must possess a Royal College of Physicians and Surgeons of Canada fellowship or equivalent. Postgraduate education in Quality Improvement is required. Expertise in advanced airway management is considered an asset. Candidates must also be eligible for licensure with the College of Physicians and Surgeons of Ontario. The position will consist of a mix of clinical anesthesiology, teaching and research. The position includes general, pediatric, obstetric and postoperative management of patients.

Preference will be given to applicants who have a strong track record or postgraduate education for innovative scholarly work. Applicants must demonstrate strong potential for outstanding teaching contributions as well as evidence of an ability to work in an interdisciplinary, collaborative environment. Referees who can attest to the applicant's expertise are required.

Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

Queen's is strategically located between Montreal, Toronto, and Ottawa, in historic Kingston, Ontario, on the shores of Lake Ontario. It offers excellent lifestyle opportunities and a strong academic environment. Remuneration is competitive within a unique alternate funding plan. The work schedule is flexible, with a large pool of members sharing in the call schedule.

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended May 1, 2022. However, they remain in effect for students, staff, and faculty in workplaces, including hospitals, where patient care is provided and/or where the work duties or educational requirements of the position involve or support patient care.

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous/Aboriginal people, women, persons with disabilities, and 2SLGBTQA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority.

To comply with Federal Laws, the University is obliged to gather statistical information about how many applicants from each job vacancy are Canadian citizens/permanent residents of Canada, applicants need not identify their country of origin or citizenship,

however, all applicants must include one of the following statements: “I am a Canadian citizen/permanent resident of Canada” OR, “I am not a Canadian citizen/permanent resident of Canada”. Applications that do not include this information will be deemed incomplete.

Applications are to include a letter summarizing expertise, qualifications and accomplishments relevant to the position, together with a curriculum vitae as well as the names and full contact information of three referees. Complete applications are to be directed to Anesthesiology and Perioperative Medicine (address listed below). Review of applications will commence immediately and will continue until the position is filled.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant’s accessibility needs. If you require accommodation during the interview process, please contact Anesthesiology & Perioperative Medicine.
