

Academic Medical Oncologist

Queen's University Department of Oncology (<https://oncology.queensu.ca/>) invites applications for a full-time academic Medical Oncologist. The preferred candidate will have a strong academic profile with demonstrated achievement (or potential for achievement) in research, education or quality improvement that compliments the current academic work in the Division, and that is aligned with the Department's strategic priorities (Global Oncology, Quality Improvement, Health Services Research). At a minimum, candidates will be expected to have had 1-2 years of fellowship experience after their sub-specialty training or equivalent work-related experience. The identification of referees who can attest to the applicant's clinical and academic expertise or potential will be required.

Qualified applicants will hold an MD degree (or equivalent), have completed postgraduate qualifications prior to appointment, and be eligible for licensure in Ontario. Preference will be given to candidates with a graduate degree and who have sub-specialty certification from the Royal College of Physicians and Surgeons of Canada. The successful candidate will be required to work closely with Radiation, Surgical Oncologists and Palliative Medicine physicians at the Kingston Health Science Centre and Providence Care. Applicants will also be involved in undergraduate and post graduate medical education, through the teaching, supervision and mentorship of undergraduate, graduate and postgraduate students.

The successful applicant will hold a Full-Time academic appointment at Queen's University. Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attract outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment (www.queensu.ca).

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended May 1, 2022. However, they remain in effect for students, staff, and faculty in workplaces, including hospitals, where patient care is provided and/or where the work duties or educational requirements of the position involve or support patient care.

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous/Aboriginal people, women, persons with disabilities, and 2SLGBTQA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal Laws, the University is obliged to gather statistical information about how many applicants from each job vacancy are Canadian citizens/permanent residents of

Canada, applicants need not identify their country of origin or citizenship, however, all applicants must include one of the following statements: "I am a Canadian citizen/permanent resident of Canada" OR, "I am not a Canadian citizen/permanent resident of Canada". Applications that do not include this information will be deemed incomplete.

The review of applications will begin on November 2, 2022 and will continue until the position is filled. Applicants should forward a copy of their *curriculum vitae*, letter of application and the names and addresses of three referees to Bethany Pawliuk, Department Manager, 25 King St West, Kingston, ON K7L 5P9 Email: oncdeptmanager@kingstonhsc.ca.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact the Department of Oncology at the email.
