

PEDIATRIC OPHTHALMOLOGIST

One of Canada's leading universities, Queen's has a long-standing reputation for academic excellence, research and a diverse and vibrant learning environment. With its strong tradition of public service, the University has helped to shape Canadian values and policies, educating notable political and cultural figures.

Queen's University is located in the heart of the community in historic Kingston, midpoint between Montreal and Toronto, And the nation's capital.

Applications are invited for the position of Pediatric Ophthalmologist. Candidates must be eligible for licensure with the College of Physicians and Surgeons of Ontario.

Preference will be given to those candidates who hold Royal College of Physicians and Surgeons of Canada certification in Ophthalmology and have completed subspecialty training in Pediatric Ophthalmology and strabismus surgery. The incumbent will be involved in a teaching program in Ophthalmology and must have a proven record of effective teaching within an academic environment and an aptitude for innovative teaching styles.

Preference will be given to individuals having an emerging research focus within the context of a clinical research program.

Evidence of an ability to work in an interdisciplinary, collaborative environment is essential.

To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens/permanent residents of Canada. Applicants need not identify their country of origin or citizenship, however, all applications must include one of the following statements: I am a Canadian citizen/permanent resident of Canada; OR, I am not a Canadian citizen/permanent resident of Canada. Applications that do not include this information will be deemed incomplete.

A complete application consists of: a cover letter, (including one of the two statements regarding Canadian citizenship/permanent resident status specified in the previous paragraph), curriculum vitae and names of three referees, should be directed to:

Dr. Martin ten Hove, Head, Department of Ophthalmology, Queen's University, Hotel Dieu Hospital, 166 Brock Street, Kingston, Ontario, Canada K7L 5G2. Review of applications will commence on April 1, 2015, and continue until the position is filled.
