

SSHRC INSIGHT GRANT AWARD RECIPIENT: DR. CAROLYN PROUSE

Congratulations to **Carolyn Prouse**, who was the recipient of a SSHRC Insight Grant Award for the project, **“Tracking the Virus Hunters: The Power-Laden Geographies of Biosurveillance Economies.”** This project is an exciting research partnership between **Carolyn** (Principal Investigator), Mohammed Rafi Arefin (Co-Investigator, UBC), and a rich team of collaborators across Queen’s and other Canadian universities. **The project will document the labour of epidemiologists, microbiologists, and public health officials as they monitor blood and waste reservoirs (such as blood banks and sewage water) for emerging infectious disease.** Through various sites, including Kuwait, Brazil, and Canada, the researchers will look at how these new modes of biosurveillance are shifting urban governance mechanisms and are becoming the sites of capital accumulation for private biotech firms. We look forward to having GPPL-based Research Assistants and PhD candidates assist with this project.

SURP Celebrates 50 Years

On Friday, July 8, 2022, alumni, students, and faculty from the School of Urban and Regional Planning (SURP) gathered at the Yaletown Distillery and the Elevation 2022 National Planning Conference in BC, celebrating the 50th anniversary of SURP’s first MPL class in 1972. Special thanks to **Andrew Misiak**, **Zoe Acton**, and **Gina Fung** for helping to organize the event. Check out more pictures and the list of attendees by visiting the [In the News](#) page of the Geography and Planning website.

ASSOCIATION OF CANADIAN ARCHIVISTS (ACA) INDUCTS DR. JOAN M. SCHWARTZ AS 2022 ACA FELLOW

From Scope and Content (Monthly ACA Newsletter, July 2022, Volume 3, Issue 7):

“In recognition of outstanding commitment and leadership to archival scholarship at home and abroad and for her pioneering vision, contributions, and dedication to the study of the photographic record of Canada, the Association of Canadian Archivists is proud to announce the induction of Dr. Joan M. Schwartz as the 2022 ACA Fellow. Dr. Schwartz’s research and extensive publications, in Canada and abroad, are widely recognized for their excellence. Long known as an international leader in her research areas, her impact and influence in the fields of archives, art history, and photography topics is considerable. During her time with the then-Public Archives of Canada, Dr. Schwartz was an early leader in the study and establishment of multimedia records as archival materials in themselves and not merely as accompanying objects to textual records. Her work and research helped to forge foundational study of the functional context of media archives.”

Congratulations, Dr. Schwartz!

Residence Life & Services Needs Volunteers for Move-In Day!

Looking for a great way to give back to the Queen's community? Volunteer with us this move-in day!

Move-In Day volunteers have a unique opportunity to bond with other students within their organization, faculty or sports teams.

We strongly encourage groups and individuals alike to join us in welcoming the incoming class at Queen's University on September 3, 2022. Volunteers receive complimentary lunch, Move-In Day merch, and have the flexibility to choose their own availability (morning/afternoon).

Any questions can be directed via e-mail: movein@queensu.ca.
