- Mar. 20-21, 2024 - [European Research and Innovation Days](#)
- Apr. 4-5, 2024 - [Grant Training Center - Professional Grant Development Live Online Workshop](#)

SURP Grad Josh White Appointed as Vancouver's Chief Planner

Congratulations to SURP grad **[Josh White](#)** (MPL' 07), who has been appointed as Vancouver's chief planner:

<https://vancouver.ca/news-calendar/new-gm-planning-urban-design-and-sustainability-march-2024.aspx>

Josh is currently Director of City Planning for Calgary, and visited the School last year to recruit planners.

SURP is small but mighty – we are Canada's smallest planning school, but our graduates are now chief planners for St. John's, Ottawa, and Vancouver.

SCHOOL OF ENVIRONMENTAL STUDIES & DEPARTMENT OF CLASSICS AND ARCHAEOLOGY PRESENT DR. LISA MAHER

“Persistent Places: A comparative geoarchaeological approach to prehistoric hunter-gatherer landscapes”

- **When:** Tuesday, March 26, 2024, 10 – 11:30 am
- **Where:** Ellis Hall Rm 319

In this talk, Dr. Maher discusses case studies from fieldwork in Jordan and Cyprus to illuminate the value of frameworks of transported landscapes and landscape learning in considering how Southwest Asian prehistoric hunter-gatherers and early farmers interacted with the world around them.

Lisa Maher received her PhD in Anthropology from the University of Toronto and was a SSHRC Post-Doctoral Fellow and Research Associate at the University of Cambridge. She joined the faculty of the University of California, Berkeley, in 2012. With a focus on prehistoric archaeology and geoarchaeological approaches to reconstructing human-landscape interactions, her research explores the ‘life-history of place’ and how landscapes are created through people’s relationships with each other, the environment, and the material world.
