IN THE NEWS

Anita Jack-Davies (Arts and Science, Adjunct Assistant Professor, Department of Geography and Planning). The Lawyer's Daily: [Black professionals 'continue to feel the sting' of racism, Queen's prof says](#). Dr. Jack-Davies says that racial microaggressions in the workplace occur daily.

PRINCIPAL'S DEVELOPMENT FUND 2020-21 (CATEGORY 1)

The call for applications to Category 1 of the Principal's Development Fund (PDF) 2020-21 has been posted to the [Principal's website](#). The purpose of Category 1 is to enrich the international environment at Queen's University. Funds are intended to assist all faculty members in Departments, Faculties and Schools in bringing to campus outstanding scholars from outside of Canada, including from within the Matariki Network of Universities (MNU), to further international scholarly activity or the student learning experience.

Faculty members are invited to submit an application and budget via the online application form (available at the link above) by **April 24, 2019**. Historically, applications were submitted via email to Faculty Deans. This year, Tom Collier (Coordinator, International Projects & Events, AVP (International)) will forward applications received (via the online application form) to the relevant Deans himself.

GSC SNOWPALOOZA AND WINTER WALKS

Join the GSC at Grenville Park for an afternoon of snow forts, snowball fights and snowmen. If the thaw comes early, springtime walks will be enjoyed instead. Refreshments, including baked goods and warm beverages at a warming center, will be provided. Please dress for the weather (rain or shine) and bring a reusable thermos! Please check the poster in the downstairs hallway for more details and carpool information.

POSITIONS AVAILABLE

RMC (via Calian Group Ltd.), Kingston, ON. The Environmental Sciences Group (ESG) is part of the Chemistry and Chemical Engineering Department located at the Royal Military College of Canada. They have a GIS/research technician position open. Interested applicants can forward their application to Darren.white@rmc.ca to bypass the application site. <https://www.calian.com/careers/JobDescription.aspx?jo=38017>

Planner, Peninsula Hub, Wiarton, ON. Full time Planner. Planning & Development. The Corporation of the County of Bruce. Interested applicants can access the job posting through the Avanti Web Self-Service portal under the Job Posting menu. To apply please visit <https://mail.brucecounty.on.ca:444/AvantiCareerConnector/Job/Details/2020-054>. Please note that although a resume is required, this does not eliminate the need to complete the profile, as applications are screened electronically. Deadline: **March 15, 2020**.

8th ANNUAL QUEEN'S NORTHERN RESEARCH SYMPOSIUM

Welcome to the 8th Queen's Northern Research Symposium April 16, 2020!!

Queen's University has a long history of engagement and support of northern research, particularly in the Canadian North. The 8th annual Queen's Northern Research Symposium aims to bring together students, postdoctoral fellows, researchers and professors from across Queen's University, but also from other Universities, to discuss northern research. This one-day symposium will provide opportunities for students, researchers and professors to participate in a day of presentations, networking and engaging scientific discussions.

Participation is open to those working on northern-related research and also to those who are simply interested in the broad topics being studied in the region. The symposium will include oral sessions in the morning and afternoon, and a dedicated poster session around lunchtime. While anyone working in the north is welcome to participate, we encourage students, both graduate and undergraduate, to submit abstracts both for posters and oral presentations. Researchers who are new to Queen's, or new to Northern research, are also particularly encouraged to participate. Information regarding registration and abstract submission are available on our website (queensnrs.wordpress.com/how-to-register/). Refreshments and lunch will be provided to attendees.

Abstract submission deadline: April 3

Registration deadline: April 3

The 8th annual Queen's Northern Research Symposium will be hosted in the Biosciences Complex on April 16, 2020. Talks will be held in room 1102, while posters will be displayed in the atrium. We will be joined by multiple keynote speakers with significant northern experience who will be announced closer to the symposium date.

Please help us promote this event by forwarding this invitation to faculty, postdoctoral fellows, graduate and undergraduate students and others who might be interested in participating.

We look forward to an exciting and engaging day of northern research!

Your symposium organizers,

Dana Stephenson, MSc candidate, Department of Geography and Planning
Branavan Sivarajah, PhD candidate, Department of Biology
Rosy Tutton, MSc candidate, Dept. of Geography and Planning
Carolyn Bonta, PhD candidate, Dept of Geography and Planning
Cedelle Pereira, MSc candidate, Dept. of Geography and Planning
Tabatha Rahman, MSc candidate, Dept. of Geography and Planning
Monica Fisher, MSc candidate, Dept. of Biology
Peiwen Li, PhD candidate, Dept. of Biology
Jacqueline Hung, PhD candidate, Dept. of Geography and Planning
Neal Scott, Associate Professor, Dept of Geography and Planning
