2. *The Chair of the Master's Thesis examination committee is not a voting member of the committee.*
3. *In cases where ALL members of the Master's Thesis Examination Committee are internal to the department, approval of both the Departmental Graduate Coordinator and the Department Head shall be required.*

### Procedures Regarding Processing Master's Oral Thesis Examinations:

1. The completed signed departmental form to schedule a Master's Oral Thesis Examination shall be delivered to the designated departmental person no less than ten working days prior to the scheduled date of the examination.
2. The candidate shall deliver a copy of the thesis to each member of the Thesis Examining Committee, including the Chair of the Committee no later than ten working days before the tentative examination date. Individual departments may stipulate a longer minimum number of days before the scheduled date of the examination.
3. The designated departmental person shall confirm the date, time and place of the examination via an email to all committee members and the candidate.

4. The examiners do not submit reports on the thesis prior to the oral thesis examination, unless they wish to submit a “negative report”; that is, if it is their opinion that the oral thesis examination should NOT proceed (see #5 below). If no negative report is submitted, it is presumed that the examiner agrees that the oral thesis examination should be held as scheduled and that they will attend the oral thesis examination. Examiners are required to bring a hard copy report to the oral thesis examination. This report shall be read aloud at the beginning of the examination by the Chair.
5. If, on the basis of the thesis submitted for oral examination, any committee member feels the examination should NOT proceed, he or she must submit a report which lists some substantive reasons why the thesis should not proceed to examination, no later than 3 working days prior to the scheduled date of the examination. The “negative report” shall be submitted to a designated departmental person who could either be the Chair of the committee, or the Graduate Coordinator in the candidate’s home department. If only one such negative report is submitted, the oral thesis examination shall proceed as scheduled.
6. If two negative reports are submitted, the candidate and the supervisor shall be consulted by the Chair of the Examining Committee or the Graduate Coordinator to see if they wish to proceed with the oral thesis examination. The School of Graduate Studies shall be notified whenever two or more examiners recommend that the thesis oral examination not proceed. The onus is on the candidate to make the decision to proceed or not. If the candidate agrees that the oral be postponed, the Chair must convey to the candidate, through the supervisor, the nature of the revisions to the thesis that are advised, and the candidate has the right to present the revised thesis at a later date. At the subsequent submission of the thesis, the oral thesis examination must be held. The School of Graduate Studies shall be informed when an oral thesis examination has been postponed due to two negative reports.
7. After the oral thesis examination, examiners are to submit reports (a standard form shall be provided) on the conduct of the examination to the Head of the Department or Graduate Coordinator. In particular, any member of the committee who is external to the candidate’s home department shall submit this report.
