VIRTUAL

Neurodiversity Workshop

*Co-Hosts: Haley Clark and Cheryl Lee-Yow,
PhD candidates in the Faculty of Education at Queen's*

This workshop will focus on creating a more accessible classroom environment for disabled and neurodivergent students in higher education. Attendees will learn approaches to remove or reduce barriers for neurodivergent students through neuro-affirming and accessible “best practices” for teaching and learning. These strategies can be used to improve accessibility for all students in your courses.
