Reporting questionnaire

Gender equality indicator 1: Gender composition of workforce

This indicator seeks information about the gender composition of relevant employers in a standardised format, to enable the aggregation of data across and within industries. The aggregated data in your workplace profile assists relevant employers in understanding the characteristics of their workforce, including in relation to occupational segregation, the position of women and men in management within their industry or sector, and patterns of potentially insecure employment.

NB. IMPORTANT:

- References to the Act mean the Workplace Gender Equality Act 2012.
- A formal ‘policy’ and/or ‘formal strategy’ in this questionnaire refers to formal policies and/or strategies that are either standalone or contained within another formal policy/formal strategy.
- Data provided in this reporting questionnaire covers the TOTAL reporting period from 1 April 2019 to 31 March 2020. (This differs from the workplace profile data which is taken at a point-in-time during the reporting period).
- Answers need to reflect ALL organisations covered in this report.
- If you select “NO, Insufficient resources/expertise” to any option, this may cover human or financial resources.

Gender equality indicator 2: Gender composition of governing bodies

Gender composition of governing bodies is an indicator of gender equality at the highest level of organisational leadership and decision-making. This gender equality indicator seeks information on the representation of women and men on governing bodies. The term “governing body” in relation to a relevant employer is broad and depends on the nature of your organisation. It can mean the board of directors, trustees, committee of management, council or other governing authority of the employer.

2. The organisation(s) you are reporting on will have a governing body. In the Act, governing body is defined as “the board of directors, trustees, committee of management, council or other governing authority of the employer”. This question relates to the highest governing body for your Australian entity, even if it is located overseas.

2.1 Please answer the following questions relating to each governing body covered in this report.
Note: If this report covers more than one organisation, the questions below will be repeated for each organisation before proceeding to question 2.2.
If your organisation’s governing body is the same as your parent entity’s, you will need to add your organisation’s name BUT the numerical details of your parent entity’s governing body.

2.1a.1 Organisation name?
Macquarie Group Limited

2.1b.1 What gender is the Chair on this governing body (if the role of the Chair rotates, enter the gender of the Chair at your last meeting)?

4.2 If your organisation would like to provide additional information relating to gender equality indicator 3, please do so below:
Gender equality indicator 4: Flexible working and support for employees with family and caring responsibilities

This indicator will enable the collection and use of information from relevant employers about the availability and utility of employment terms, conditions and practices relating to flexible working arrangements for employees and to working arrangements supporting employees with family or caring responsibilities. One aim of this indicator is to improve the capacity of women and men to combine paid work and family or caring responsibilities through such arrangements. The achievement of this goal is fundamental to gender equality and to maximising Australia’s skilled workforce.

Macquarie recognises that working flexibly means different things to different people and therefore exists across Macquarie in many forms, such as changes to hours, locations and patterns of work. Flexibility at Macquarie is offered in response to a range of reasons including family or carer’s responsibilities, pursuit of further studies, sporting commitments, community work, phased retirement or a career break. Staff may also achieve flexibility by accessing leave without pay, study and exam leave and purchased leave. Ultimately, Macquarie empowers its staff to manage their work and time to suit their own personal situation, so they can achieve their career and personal goals. Macquarie equips its people managers to lead a flexible workforce through the ongoing roll out of manager capability training that shares practical tips and information on how managers and teams can help to support the varied arrangements of their colleagues.

Gender equality indicator 5: Consultation with employees on issues concerning gender equality in the workplace

15.3 If your organisation would like to provide additional information relating to gender equality indicator 5, please do so below.

Every two years Macquarie surveys all staff to gauge employee attitudes and engagement (Engagement Survey). Results are analysed across a range of demographics to understand differences across employee populations (including gender). Also every two years (alternating with the Engagement Survey) Macquarie conducts a global Diversity and Inclusion survey to obtain data on staff perceptions of flexibility, inclusion, advocacy and leadership behaviours. These surveys provide comprehensive data to measure progress and identify opportunities for new initiatives.

Gender equality indicator 6: Sex-based harassment and discrimination

The prevention of sex-based harassment and discrimination (SBH) has been identified as important in improving workplace participation. 18. If your organisation has introduced any outstanding initiatives that have resulted in improved gender equality in your workplace, please tell us about them.

(As with all questions in this questionnaire, information you provide here will appear in your public report.)
Gender composition proportions in your workplace

Important notes:
1. Proportions are based on the data contained in your workplace profile and reporting questionnaire.
2. Some proportion calculations will not display until you press Submit at step 6 on the reporting page in the portal. When your CEO signs off the report prior to it being submitted, it is on the basis that the proportions will only reflect the data contained in the report.
3. If any changes are made to your report after it has been submitted, the proportions calculations will be refreshed and reflect the changes after you have pressed Re-submit at step 6 on the reporting page.

Based upon your workplace profile and reporting questionnaire responses:
