

Academic Plan for Arts and Science Exchange Application

Upper-year students applying to the Arts and Science exchange program are required to provide their Undergraduate Chair(s) with an academic plan that details how they will complete their degree plan requirements while studying abroad.

Please complete this form and email it to your Undergraduate Chair for their review and decision. You are required to attach this completed form to the online exchange application, which must be submitted by the International Programs Office's deadline.

Department Approval

This is to attest that the above-named student has met with me to review their plan requirements and academic plan for exchange

- I approve this plan, acknowledging that course registration at an exchange partner university cannot be guaranteed, and support the student's application to the exchange program.
- I do not approve this plan. The student can provide a revised plan for consideration.
