

Bilateral Exchange Capacity 2020-2021

The following table shows the ratio of available spaces to applications for **the past cycle (Fall 2020/Winter 2021)**. We are sharing this information in order to help you when choosing which schools to list on your application for the 2021/22 cycle.

Please note, in some cases available spaces for 2021/22 will be different from 2020/21, and applications, spaces/places and nominations will have been different in years prior to the 2020/21 cycle.

Spaces and Places will be published on our [Find a University webpage](#) in December 2020.

How do I use this document?

- **Column B** shows the number of exchange spaces in semesters in full years. For example we were able to send 3 students for a full year to Fudan, or 6 students for a semester each, or a combination totaling the number available (e.g., 2 students for a full year and 2 students for a single semester).
- **Column C** shows the total number of times a school was chosen over all applications (i.e., could have been a 1st ranked school, 2nd ranked school, 3rd ranked, etc.). Please remember that every student who applies can list six schools in their application!
