

# Going on exchange to Sweden?

## SWEA Toronto Scholarship 2019

### Who is SWEA Toronto?

We are the Toronto chapter of Swedish Women's Educational Association International Inc.; an international organization of Swedish women, whose mandate is to promote Swedish history, culture and tradition outside Sweden.

### Who can apply for the scholarship?

Students at Ontario universities that have an established official exchange with a university in Sweden are welcome to apply, provided they meet the following requirements:

- Must be a full-time student
- Must be a Canadian citizen or landed immigrant in Canada
- Home university must verify that the student has been accepted to an exchange with a Swedish university

Our scholarships are open to graduate as well as undergraduate students. Both male and female students are invited to apply.

### How are the scholarships awarded?

The scholarships are awarded on the basis of academic merit and whether the students can convey in their application letter that they are eager to learn about Swedish culture and society, or would benefit particularly from studying in Sweden.

We award \$2,000 for either a full academic year exchange or a single semester exchange.

### How to apply?

Please contact your exchange coordinator for details!

**Applications must reach SWEA Toronto by Thursday, May 9, 2019!**
