Sydney, Australia
THE PERFECT BALANCE

Sydney has something for everyone – from the iconic Sydney Harbour and more than 100 beaches, to picturesque mountains and arts and cultural festivals.

If you are looking for a safe and friendly destination offering a dynamic, multicultural experience while you study, look no further than Sydney.

The oldest city in Australia, Sydney is the country’s economic and financial hub, and is home to the regional headquarters of around 500 multinational companies. Wherever you choose to develop your career, Sydney is the perfect place to start.

Australia is famous for its relaxed lifestyle, astounding landscapes, and high standards – particularly in education and healthcare. First inhabited by Indigenous people at least 50,000 years ago, Australia has attracted people from more than 200 countries to study and migrate. Wherever you come from, you are likely to find people from your country who have made their home ‘Down Under’.

“I love the liveliness in Sydney – there’s a buzz whenever you go to the city and there’s always something to do. I enjoy going to Circular Quay and watching the sun set next to the Harbour Bridge and Sydney Opera House. I don’t think I’d ever get sick of it!”
