Teaching Fellow Position – Winter 2027

The Department of Mathematics and Statistics at Queen's University invites applications from qualified candidates interested in teaching the following course in the Winter 2027 term

Course	Course Title	Semester
MATH 337	Intro. To Operations Research	W

Preference will be given to qualified graduate students in the Department of Mathematics and Statistics who meet the following conditions:

- currently enrolled in a Doctoral program.
- have passed the applicable thesis prospectus exam or the comprehensive exam for their program.
- have completed the Teaching Apprenticeship program with 15 hours of classroom instructional training or have equivalent post-secondary teaching training.

A complete application will consist of all transcripts, a curriculum vitae as well as any other relevant materials the candidate wishes to submit for consideration such as a teaching dossier or student evaluations. All documentation should be submitted to Dr. Ping Li electronically to pingli@queensu.ca .

The deadline for applying is Thursday, December 3, 2026. Review of completed applications will begin after this date and continue until all positions are filled. The final appointments are subject to budgetary approval and regular staffing.

Graduate Teaching Assistants and Teaching Fellows at Queen's University are governed by the Collective Agreement for Teaching Assistants and Teaching Fellows between PSAC Local 901 and Queen's University. Remuneration will be in accordance with the Collective Agreement and appointments are subject to funding or enrolment criteria.

The University invites applications from all qualified individuals. Queen's University is committed to employment equity and diversity in the workplace and welcomes applications from women, visible minorities, aboriginal people, persons with disabilities, and persons of any sexual orientation or gender identity. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.

Any questions can be directed to Dr. Ping Li (pingli@queensu.ca).
