Total students reported above who graduated by 2009	3614

Note: Therapy & Rehabilitation Therapy less than 5, so not reported.

Graduation Rates: The MTCU has calculated graduation rates using a single entering cohort of students and determining whether or not they graduated within seven years. The methodology employed involves the selection of all new full-time, Year One undergraduate students on the official Fall 2002 enrolment file, who have a valid (and unique) student ID number, and were seeking either a bachelors or first professional degree. The subset was then matched against the records for students who received a degree (in any program) from the same institution during the most current seven year period (2002 to 2009).

Graduation Rates for Agricultural and Biological Science, Other Health Professions, Physical Sciences, and Social Sciences are included in Other Arts & Science.

Section K3 - Retention Rates 2009

Year 1 to Year 2 Retention Rate: 94.45%

The retention rate reports the percentage of first-time, full-time, first-year students in a given fall term who returned to the institution in the next fall term.
