Contact the OPDT to share your events

Dear Queen's Post-Doctoral Fellows,

Summer is finally here - fingers crossed that we will see lots of beautiful weather in the next weeks!

If you would like me to share any events or activities that your fellow post-docs may be interested in, please write to me at sgspostdoc@queensu.ca and I will announce them in the newsletter. From now on, I will be sending out newsletters every two weeks in order to keep you updated on upcoming deadlines and events.

Please also email me if you would like to participate in focus groups to identify and plan career development opportunities for post-docs at Queen's. This won't be a big time commitment, and you will have the chance to share your ideas on ways to support post-doctoral professional development.

A big thank you to all of you who have already filled out the survey for Career Week. Your input is very valuable as we are planning this event. If you haven't had the chance to answer yet, please visit the [survey](#) to provide your input.

Thank you and all the best,

Rebecca Hügler
Coordinator, Office of Post-Doctoral Training

Data Day: Managing Queen's University Research Data

[\(Back to Top\)](#)

Monday, May 26, 9:00 - 11:30
Speakers Corner, Stauffer Library

Queen's University's first Data Day is an opportunity to meet researchers and data service providers in a shared forum. You will hear from researchers working with diverse data sets, learn more about the recent consultation document, *Toward a Policy Framework for Advancing Digital Scholarship in Canada*, and how services at Queen's and beyond can help you preserve and increase the reach of your data.
