NOTES:

1. Undergraduate Honours degrees in the Faculty of Arts and Science each have multiple pathways (e.g., joint honours, majors, specializations). These will be outlined in the Notice of Assessment that units receive prior to beginning work on their CPR Self-Study.
2. Combined degrees are treated as degree pathways and are listed according to the unit responsible for their review. In cases where an undergraduate degree is combined with graduate degrees in more than one discipline, the pathway is reviewed by the unit offering the undergraduate program. In cases where the graduate degree is combined with undergraduate degrees in more than one discipline, the pathway is reviewed by the unit offering the graduate program.
