#### AGSIP Lounge Bookings

- Bookings (TA rooms), Meghan and Kat will make this public

#### Social events

- First event went well
- Christmas social (survey from department may be able to inform our planning of social events)
- Wine and Cheese – Either hosted at Tina’s or community location (the merchant) depending on number of people who RSVP (Tuesday December 7<sup>th</sup>)
- AGSIP lounge inauguration (as timeline permits)

#### Resources for students interested in going on to industry

- AGSIP/Grad Committee could approach Mark Sabbagh and Megan Norris to ask more about this topic. Our conversation highlighted a few areas for development:
  - o What support does our program offer for internships (ie. stopping the ‘grad clock’ so that students can continue to qualify for OGS if they do not receive it during internship)?
  - o Is there a place that students can access industry opportunities?
  - o Could we gather former students and/or industry representatives who are interested in hiring graduates from our program (career fair)?
  - o Could there be a separate tab on the dashboard for applied opportunities?
- Places to go for more information.
  - o Expanding horizons (hosts workshops and community initiatives where students can gain experience, these sometimes cover non-academic options): <https://www.queensu.ca/exph/>
  - o Weekly department newsletter (sometimes includes non-academic job postings etc.)
  - o Graduate Management Consulting Association (GMCA) for graduates interested in consulting: <https://www.facebook.com/GMCAQU/>
  - o Internship in university administration
