

## AGSIP Meeting

April 8

Attendance: Katrina, Sara, Chloe, Jackie C., Jackie H.

Regrets: Vanessa, Kalee

1. **Sara** will set up a doodle poll to choose our new meeting time now that classes are over.
2. **Katrina** will send out a doodle to schedule a full AGSIP meeting this month to check in.
3. Money update: We have ~\$100 cash, ~\$200 in chequing, ~\$260 in savings.
4. Clinical Supervisor Award - Plaques
  - a. AGSIP apparently usually pays for these plaques. Seems unfair – this is just a *clinical* award and this would be a large proportion of our money.
    - i. Cost is \$50 for a plaque and this year there are two recipients
    - ii. If we want this to be paid for by students/AGSIP going forward, the clinical students should be responsible for planning a fundraiser OR the clinical students should pitch in (a small cost per student).
5. We want to clean up our financial record keeping for future years. Information gets lost and we don't know to foresee costs that arise (e.g., these plaques).
6. Elections will be in May. June 1<sup>st</sup> positions transition/take over.
  - a. Pizza lunch!
  - b. **Jackie H.** will summarize this year's minutes in a year-end report.
7. TA evaluations update (Chloe)
  - a. They are almost all done. Chloe has entered all the open-ended questions data and will run the scantrons soon.
  - b. Will solicit feedback from grad students to see if it was helpful.
8. Could make VP of AGSIP in charge of assessments in future years (TA evaluations, professor USATs). Good idea to give VP a specific role and to make sure these evaluations don't get forgotten.
9. End-of-term event – early May
  - a. Pubcrawl! Charge \$10 for a t-shirt and a drink at the first house, before we go out the bars (or can pay \$5 for just the drink if you have your t-shirt from last year). We can do tickets. People can choose not to buy and to still come to the event.
  - b. **Jackie C.** will send out a doodle poll with two dates (Friday night – May 1<sup>st</sup> or May 8<sup>th</sup>) and people can choose.
